Shutterstock Reports Full Year 2023 and Fourth Quarter Financial Results

New York, NY - February 21, 2024 - Shutterstock, Inc. (NYSE: SSTK) (the "Company"), a leading global creative platform connecting brands and businesses to high-quality content, today announced financial results for the full year and fourth quarter ended December 31, 2023.

Commenting on the Company's performance, Paul Hennessy, the Company's Chief Executive Officer, said, "Shutterstock delivered record revenues and profitability in 2023 and significantly exceeded our targets set out at the beginning of the year.

Our success in building a leading content platform has allowed us to make key investments in Data, Distribution and Services where we have an exciting growth opportunity supported by strong industry tailwinds and a large TAM. Going forward, we'll be shining a light on these exciting growth businesses, and providing revenue breakouts across two categories – Content and Data, Distribution and Services. As part of today's release, we are also pleased to announce Shutterstock's 2027 long-term financial targets.

Full Year 2023 highlights as compared to Full Year 2022:

Financial Highlights

- Revenue increased 6% to \$874.6 million. On a constant currency basis, revenue increased 5%. Income from operations decreased 27% to \$68.4 million.
- Net income increased 45% to \$110.3 million.
- Adjusted EBITDA increased 10% to \$240.8 million. Net income per diluted share increased 46% to \$3.04 per share.
- Adjusted net income per diluted share increased 12% to \$4.35 per share. Operating cash flows decreased \$17.9 million to \$140.6 million.
- Free cash flow increased \$40.1 million to \$138.5 million.

Fourth Quarter 2023 highlights as compared to Fourth Quarter 2022: Financial Highlights

- Revenues decreased \$0.5 million to \$217.2 million.
- Income from operations decreased 72% to \$2.1 million. Net income / (loss) decreased 114% to a \$1.0 million net loss.
- Adjusted EBITDA decreased 21% to \$46.3 million
- Net income per diluted share decreased \$0.22 to \$(0.03). Adjusted net income per diluted share decreased \$0.33 to \$0.72.
- Operating cash flows decreased \$27.2 million to \$33.9 million. Free cash flow decreased \$3.6 million to \$41.6 million.

FULL YEAR RESULTS

Revenue

Full year revenue of \$874.6 million increased \$46.8 million or 6% as compared to 2022

Revenue generated through our Content product offering decreased 7% as compared to the full year 2022, to \$737.3 million, and represented 84% of our total revenue in 2023. The decline in Content revenue was primarily driven by weakness in new customer acquisition. Revenue from our Data, Distribution, and Services product offering increased 256% as compared to 2022, to \$137.3 million and represented 16% of our total revenue in 2023. The increase in Data, Distribution, and Services revenues was primarily driven by growth in our data offering and revenue generated from Giphy.

On a constant currency basis, revenue increased 5% in 2023 as compared to 2022. On a constant currency basis, Content revenues decreased 7% and Data, Distribution, and Services revenues increased by 256% in 2023, as compared to 2022.

Net income and Income per diluted share

Net income of \$110.3 million increased \$34.2 million as compared to \$76.1 million for the full year 2022. Net income per diluted share was \$3.04 as compared to \$2.08 for the full year 2022. These increases were driven by the growth in our

Data, Distribution, and Services product offering and a \$50.3 million bargain purchase gain recorded in connection with the Giphy acquisition. In addition, 2022 was impacted by an \$18.7 million impairment of leases and related assets

Adjusted net income per diluted share, which excludes the bargain purchase in 2023 and the impairment of lease and related assets in 2022, was \$4.35 as compared to \$3.87 for the full year 2022.

Adjusted EBITDA

Adjusted EBITDA of \$240.8 million for 2023 increased \$22.7 million or 10% as compared to the full year 2022, attributable to growth in revenues partially offset by operating expenses associated with our acquisition of Giphy. Adjusted EBITDA margin of 27.5% for 2023 increased by 120 basis points, as compared to 26.3% for the full year 2022.

FOURTH QUARTER RESULTS

Revenue

Fourth quarter revenue was \$217.2 million, which remained flat as compared to the fourth quarter of 2022.

Revenue from our Content product offering decreased 10% as compared to the fourth quarter of 2022, to \$177.5 million, and represented 82% of our total revenue in the fourth quarter of 2023. Revenue generated from our Data, Distribution, and Services product offering increased 96.4% as compared to the fourth quarter of 2022, to \$39.7 million, and represented 18% of fourth quarter revenue in 2023. Revenues were not impacted on a constant currency basis in the fourth quarter of 2023 as compared to the fourth quarter of 2022.

Net income and net income per diluted share

The net loss in fourth quarter of \$1.0 million decreased \$8.1 million as compared to net income of \$7.0 million for the fourth quarter in 2022. Net (loss) income per diluted share was (\$0.03), as compared to \$0.19 for the same period in 2022.

Fourth quarter 2023 net loss was unfavorably impacted by expenses associated with reimbursable costs paid to the Giphy workforce in addition to increased marketing expenses.

Adjusted net income per diluted share was \$0.72 as compared to \$1.05 for the fourth quarter of 2022, an decrease of \$0.33 per diluted share.

Adjusted EBITDA

Adjusted EBITDA of \$46.3 million for the fourth quarter of 2023 decreased by \$12.0 million, or 21%, as compared to the fourth quarter of 2022, due primarily to higher operating expenses operating expenses associated with our acquisition of Giphy. The adjusted EBITDA margin of 21.3% for the fourth quarter of 2023 decreased by 550 basis points, as compared to 26.8% in the fourth quarter of 2022.

LIQUIDITY

For the full year 2023, our cash and cash equivalents decreased by \$14.7 million to \$100.5 million at December 31, 2023, as compared with \$115.2 million as of December 31, 2022. This decrease was driven by \$54.3 million used in investing activities and \$102.7 million used in financing activities, partially offset by \$140.6 million of net cash provided by our operating activities. Net cash provided by our operating activities was affected by our operating income, offset by payments made to Giphy employees, which were fully reimbursed by Meta and reported in investing cash flows as Giphy Retention Compensation, and changes in the timing of cash receipts and payments pertaining to our revenues and operating expenses.

Cash used in investing activities primarily consisted of capital expenditures of \$44.6 million for internal-use software and website development costs, and \$11.1 million paid to acquire the rights to distribute certain digital content in perpetuity. In addition, cash of \$53.7 million of Giphy was offset by \$53.7 million of cash reimbursements from Meta for Giphy Retention Compensation.

Cash used in financing activities primarily consisted of (i) \$38.7 million related to the payment of the quarterly cash dividend; (ii) \$28.2 million paid in connection with the repurchase of common stock under our share repurchase program; (iii) \$15.8 million paid in settlement of tax withholding obligations related to employee stock-based compensation awards, and (iv) a \$20.0 million reduction in our revolver.

Free cash flow was \$138.5 million for the full year 2023, an increase of \$40.1 million from the full year 2022. This increase was primarily driven by the increase in our adjusted EBITDA in addition to changes in the timing of cash receipts and payments pertaining to our revenues and operating expenses.

3

QUARTERLY CASH DIVIDEND

During the three months ended December 31, 2023, the Company declared and paid a cash dividend of \$0.27 per common share or \$9.6 million.

On January 29, 2024, the Board of Directors declared a dividend of \$0.30 per share of outstanding common stock, payable on March 14, 2024 to stockholders of record at the close of business on February 29, 2024.

Subscribers, Subsc

(1) Subscribers is defined as those customers who purchase one or more of our monthly recurring products for a continuous period of at least three months, measured as of the end of the reporting period.

(2) Subscriber revenue is defined as the revenue generated from subscribers during the period.

(3) Average revenue per customer is calculated by dividing total revenue for the last twelve-month period by customers. Customers is defined as total active, paying customers that contributed to total revenue over the last twelve-month period.

(4) Paid downloads is the number of downloads that our customers make in a given period of our content. Paid downloads exclude content related to our Studios business, downloads of content that are offered to customers for no charge, including our free trials and downloads associated with our computer vision offering.

(5) Revenue per download is the amount of revenue recognized in a given period divided by the number of paid downloads in that period excluding revenue from our Studios business, revenue that is not derived from or associated with content licenses and revenue associated with our computer vision offering.

(6) Content in our collection represents approved images (photographs, vectors and illustrations) and footage (in number of clips) in our library at the end of the period. This metric excludes content that is not uploaded directly to our site but is available for license by our customers through an application program interface, content from our Studios business and AI generated content. Prior to December 31, 2022, this metric only included approved images and footage clips in our library on shutterstock com at the end of the period.

4

2027 LONG TERM TARGETS

Details of our 2027 Long Term Targets may be found below and in our investor presentation titled "Shutterstock 2027: Long-range Financial Targets," available at https://investor.shutterstock.com/.

- Revenue growth CAGR of 10% and 2027 revenues of \$1.2 billion.
- Content revenue growth CAGR of 7% and Data, Distribution, and Services revenue growth CAGR of 22%.
- EBITDA margin expansion from 28% to 30% and 2027 EBITDA of \$350 million.
- Cumulative Free Cash Flow of \$800 million allocated to strategic acquisitions, dividends, and share repurchases.

2024 GUIDANCE

The Company increased its guidance for the full year 2024, to the following:

- Revenue of \$875 million and Adjusted EBITDA of \$241 million. unchanged from 2023.
- Adjusted net income per diluted share of between \$4.15 to \$4.30.

NON-GAAP FINANCIAL MEASURES

To supplement Shutterstock's consolidated financial statements presented in accordance with the accounting principles generally accepted in the United States, or GAAP, Shutterstock's management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and free cash flow.

Shutterstock defines adjusted EBITDA as net income adjusted for depreciation and amortization, non-cash equity-based compensation, bargain purchase gain related to the acquisition of Giphy, Giphy Retention Compensation Expense - non-recurring, foreign currency transaction gains and losses, severance costs associated with strategic workforce optimizations, interest income and expense and income taxes; adjusted EBITDA margin as the ratio of adjusted EBITDA to revenue; adjusted net income as net income adjusted for the impact of non-cash equity-based compensation, amortization of acquisition-related intangible assets, bargain purchase gain related to the acquisition of Giphy, Giphy Retention Compensation Expense - non-recurring, severance costs associated with strategic workforce optimizations and the estimated tax impact of such adjusted net income per diluted share as adjusted net income divided by weighted average diluted shares; revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) as the increase in current period revenues, or period revenues, adjusted for the change in deferred revenue, excluding deferred revenue acquired through business combinations; and free cash flow as cash provided by operating activities, adjusted for capital expenditures, content acquisition and cash received related to Giphy Retention Compensation in connection with the acquisition of Giphy.

The expense associated with the Giphy Retention Compensation related to (i) the one-time employment inducement bonuses and (ii) the vesting of the cash value of unvested Meta equity awards held by the employees prior to closing, which are reflected in operating expenses (together, the "Giphy Retention Compensation Expense - non-recurring"), are required payments in accordance with the terms of the acquisition. Meta's sale of Giphy was directed by the CMA and accordingly, the terms of the acquisition were subject to CMA preapproval. Management considers the operating expense associated with these required payments to be unusual and non-recurring in nature. The Giphy Retention Compensation Expense - non-recurring is not considered an ongoing expense necessary to operate the Company's business. Therefore, such expenses have been included in the below adjustments for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share. For the three months ended December 31, 2023, the Company also incurred \$6.6 million of Giphy Retention Compensation expense related to recurring employee costs, which is included in operating expenses, and are not included in the below adjustments for calculating adjusted net income and adjusted net income and adjusted net income per diluted common share.

These figures have not been calculated in accordance with GAAP and should be considered only in addition to results prepared in accordance with GAAP and should not be considered as a substitute for, or superior to, GAAP results. Shutterstock cautions investors that non-GAAP financial measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

Shutterstock's management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and free cash flow are useful to investors because these measures enable investors to analyze Shutterstock's operating results on the same basis as that used by management. Additionally, management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted share provide useful information to investors about the performance of the Company's overall business because such measures eliminate the effects of nuusual or other infrequent charges that are not directly attributable to Shutterstock's underlying operating performance; and revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) provides useful information to investors by eliminating the effect of foreign currency fluctuations that are not directly attributable to Shutterstock's financial reporting. Shutterstock's management believes that free cash flow is useful for investors because it provides them with an important perspective on the cash available for strategic measures, after making necessary capital investments in internal-use software and website development costs to support the Company's orgong business operations and provides them with the same measures that management uses as the basis for making resource allocation decisions.

Shutterstock's management also uses the non-GAAP financial measures adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and free cash flow, in conjunction with GAAP financial measures, as an integral part of managing the business and to, among other things: (i) monitor and evaluate the performance of Shutterstock's business operations, financial performance and overall liquidity; (ii) facilitate management's internal comparisons of the historical operating performance of of the viscorical operating and debt levels; (iv) review and assess the operating performance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) analyze and evaluate financial and strategic planning decisions regarding future operating investments; and (vi) plan for and prepare future annual operating budgets and determine appropriate levels of operating investments.

Reconciliations of the differences between adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings, free cash flow, and the most comparable financial measures calculated and presented in accordance with GAAP, are presented under the headings "Reconciliation of Non-GAAP Financial Information to GAAP" and "Supplemental Financial Data" immediately following the Consolidated Balance Sheets.

We do not provide a reconciliation of adjusted EBITDA guidance to net income guidance or a reconciliation of adjusted net income per diluted share guidance to net income per diluted share guidance, because we are unable to calculate with reasonable certainty the impact of potential future transactions, including, but not limited to, capital structure transactions, restructuring, acquisitions, divestitures or other events and asset impairments, without unreasonable effort. These amounts depend on various factors and could have a material impact on net income per diluted share, but may be excluded from adjusted EBITDA and adjusted metric and adjusted share. In addition, we believe such reconciliations would imply a degree of precision that would be confusing or misleading to investors. For the same reasons, the Company is unable to address the probable to address infircance of the unavailable information.

EARNINGS TELECONFERENCE INFORMATION

The Company will discuss its fourth quarter and full year financial results during a teleconference today, February 21, 2024, at 8:30 AM Eastern Time. The conference call is being webcast live at the Company's website at http://investor.shutterstock.com/. The webcast is listen-only. Those interested in participating in the question-and-answer session should register using the link below.

Participants may register for the call here (https://edge.media-server.com/mmc/p/cmuiaecy). It is recommended that you join 10 minutes prior to the event start (although you may register and join at any time during the call).

A webcast replay of the call will be available on the Company's website beginning on February 21, 2024 at approximately 10:30 AM Eastern Time.

Shutterstock, Inc. Reconciliation of Non-GAAP Financial Information to GAAP (In thousands, except per share information) (unaudited)

Adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and free cash flow are not financial measures prepared in accordance with United States generally accepted accounting principles (GAAP). Such non-GAAP financial measures should not be construed as alternatives to any other measures of performance determined in accordance with GAAP. Investors are cautioned that non-GAAP financial measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

Subscribers, Subscriber Revenue and Average Revenue Per Customer from acquisitions are included in these metrics beginning twelve months after the closing of the respective business combination. Accordingly, the metrics include Subscribers, Subscriber revenue, and Average revenue per customer from TurboSquid beginning February 2022, from PieMonkey beginning September 2022, and from PondS and Splash News beginning May 2023. These metrics exclude the respective counts and revenues from Giply.

(1) Subscribers is defined as those customers who purchase one or more of our monthly recurring products for a continuous period of at least three months, measured as of the end of the reporting period.

(2) Subscriber revenue is defined as the revenue generated from subscribers during the period.

(3) Average revenue per customer is calculated by dividing total revenue for the last twelve-month period by customers. Sustomers is defined as total active, paying customers that contributed to total revenue over the last twelve-month period.

(4) Paid downloads is the number of downloads that our customers make in a given period of our content. Paid downloads exclude content related to our Studios business, downloads of content that are offered to customers for no charge, including our free trials and downloads associated with our computer vision offering.

(5) Revenue per download is the amount of revenue recognized in a given period divided by the number of paid downloads in that period excluding revenue from our Studios business, revenue that is not derived from or associated with content licenses and revenue associated with our computer vision offering.

(c) Content in our collection represents approved images (photographs, vectors and illustrations) and footage (in number of clips) in our library at the end of the period. This metric excludes content that is not uploaded directly to our site but is available for license by our customers through an application program interface, content from our Studios business and AI generated content. Prior to December 31, 2022, this metric only included approved images and footage clips in our library on shutterstock.com at the end of the period.

Forward Looking Statements

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, particularly in the discussion of 2027 projected financial information. All statements other than statements of historical fact are forward-looking. Examples of forward-looking statements include, but are not limited to, statements regarding guidance, industry prospects, future business, future results of operations or financial condition, new or planned features, products or services, management strategies and our competitive position. You can identify forward-looking statements by words such as "may," "will," "would," "should," "could," "expect," "aim," "anticipate," "believe," "estimate," "intend," "plan," "predict," "project," "seek," "potential," "opportunities" and other similar expressions and the negatives of such expressions. However, not all forward-looking statements contain these words. Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that could cause our actual results to differ materially from those expressed or implied by the forward-looking statements contained herein. Such risks and uncertainties include, among others, those risks discussed under the caption "Risk Factors" in our most recent Annual Report on Form 10-K, as well as in other documents that the Company may file from time to time with the Securities and Exchange Commission. As a result of such risks, uncertainties and factors, Shutterstock's actual results may differ materially from any future results, performance or achievements discussed in or implied by the forward-looking statements contained herein. The forward-looking statements contained in this presentation are made only as of this date and Shutterstock assumes no obligation to update the information included in this presentation or revise any forward-looking statements, whether as a result of new information, future developments or otherwise, except as required by law.

Executive Summary

Content

Data, Distribution 2027

Non-GAAP Financial Measures

To supplement Shutterstock's consolidated financial statements presented in accordance with the accounting principles generally accepted in the United States, or GAAP, Shutterstock's management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted EBITDA, adjusted EBITDA margin, free cash flow, and free cash flow margin.

Shutterstock defines adjusted EBITDA as net income adjusted for depreciation and amortization, non-cash equity-based compensation, bargain purchase gain related to the acquisition of Giphy, Giphy Retention Compensation Expense - non-recurring, foreign currency transaction gains and losses, severance costs associated with strategic workforce optimizations, interest income and expense and income taxes; adjusted EBITDA margin as the ratio of adjusted EBITDA to revenue; free cash flow as cash provided by operating activities, adjusted for capital expenditures, content acquisition, cash received related to Giphy Retention Compensation in connection with the acquisition of Giphy, and payments related to long-term incentives related to acquisitions, and free cash flow margin as the ratio of revenue.

The expense associated with the Giphy Retention Compensation related to (i) the one-time employment inducement bonuses and (ii) the vesting of the cash value of unvested Meta equity awards held by the employees prior to closing, which are reflected in operating expenses (together, the "Giphy Retention Compensation Expense - non-recurring"), are required payments in accordance with the terms of the acquisition. Meta's sale of Giphy was directed by the CMA and accordingly, the terms of the acquisition were subject to CMA preapproval. Management considers the operating expense associated with these required payments to be unusual and non-recurring in nature. The Giphy Retention Compensation Expense - non-recurring is not considered an ongoing expense necessary to operate the Company's business. Therefore, such expenses have been included in the below adjustments for calculating adjusted EBITDA, and adjusted EBITDA margin, and free cash flow.

These figures have not been calculated in accordance with GAAP and should be considered only in addition to results prepared in accordance with GAAP and should not be considered as a substitute for, or superior to, GAAP results. Shutterstock cautions investors that non-GAAP financial measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly titide measures presented by other companies.

Shutterstock's management believes that adjusted EBITDA, adjusted EBITDA margin, free cash flow, and free cash flow margin are useful to investors because these measures enable investors to analyze Shutterstock's operating results on the same basis as that used by management. Additionally, management believes that adjusted EBITDA adjusted EBITDA margin, and free cash flow provide useful information to investors about the performance of the Company's overall business becauses eliminate the effects of unusual or other infrequent charges that are not directly attributable to Shutterstock's underlying operating performance. Management also believes that providing these non-GAAP financial measures enhances the comparability for investors in assessing Shutterstock's financial reporting. Shutterstock's management believes that free cash flow is useful for investors because it provides them with an important perspective on the cash available for strategic measures, after making necessary capital investments in internal-use software and website development costs to support the Company's ongoing business operations and provides them with the same measures that management uses as the basis for making recourse allocation decisions.

Proprietary and confidentia

Non-GAAP Financial Measures

Shutterstock's management also uses the non-GAAP financial measures adjusted EBITDA, adjusted EBITDA margin, free cash flow, and free cash flow margin in conjunction with GAAP financial measures, as an integral part of managing the business and to, among other things: (i) monitor and evaluate the performance of Shutterstock's business operations, financial performance and overall liquidity; (ii) facilitate management's internal comparisons of the historical operating performance of its business operations; (iii) facilitate management's external comparisons of the results of its overall business to the historical operating performance of other companies that may have different capital structures and debt levels; (iv) review and easess the operating performance of other companies that may have different capital structures and debt levels; (iv) review and yearation and bonuses; (v) analyze and evaluate financial and strategic planning decisions regarding future operating investments; and (vi) plan for and prepare future annual operating budgets and determine appropriate levels of operating investments.

Reconciliations of the differences between adjusted EBITDA, adjusted EBITDA margin, free cash flow, and free cash flow margin and the most comparable financial measures calculated and presented in accordance with GAAP, are presented under the headings "Reconciliation of Non-GAAP Financial Information to GAAP" immediately following the presentation.

We do not provide a reconciliation of adjusted EBITDA guidance to net income guidance because we are unable to calculate with reasonable certainty the impact of potential future transactions, including, but not limited to, capital structure transactions, restructuring, acquisitions, divestitures or other events and asset impairments, without unreasonable effort. These amounts depend on various factors and could have a material impact on net income, but may be excluded from adjusted EBITDA. In addition, we believe such reconciliations would imply a degree of precision that would be confusing or misleading to investors. For the same reasons, the Company is unable to address the probable significance of the unavailable information.
