## FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, particularly in the discussion under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations." All statements other than statements of historical fact are forward-looking. Examples of forward-looking statements include, but are not limited to, statements regarding guidance, industry prospects, future business, future results of operations or financial condition, future dividends, future stock performance, our ability to consummate acquisitions and integrate the businesses we have acquired or may acquire into our existing operations, new or planned features, products or services, management strategies and our competitive position. You can identify many forward-looking statements by words such as "may," "will," "would," "could," "expects," "aims," "anticipates," "believes," "estimates," "intends," "plans," "predicts," "projects," "seeks," "potential," "opportunities" and other similar expressions and the negatives of such expressions. However, not all forward-looking statements contain these words. Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that could cause our actual results to differ materially from those expressed or implied by the forward-looking statements. Such risks and uncertainties include, among others, risks related to the Giphy, Inc. transaction, such as potential litigation; potential business disruption; the impact of transaction costs; our ability to achieve the benefits of the transaction, including monetization; our ability to effectively integrate the acquired operations into our operations; our ability to retain and hire key target personnel; and the effects of any unknown liabilities; as well as those risks discussed under the caption "Risk Factors" in our most recently filed Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission (the "SEC") on February 14, 2023 (our "2022 Form 10-K") and in our consolidated financial statements, related notes, and the other information appearing elsewhere in the 2022 Form 10-K, this Quarterly Report on Form 10-Q and our other filings with the SEC. Given these risks and uncertainties, you should not place undue reliance on any forward-looking statements. The forward-looking statements contained in this Quarterly Report on Form 10-Q are made only as of the date hereof, and we do not intend, and, except as required by law, we undertake no obligation to update any forwardlooking statements contained herein after the date of this report to reflect actual results or future events or circumstances.

Unless the context otherwise indicates, references in this Quarterly Report on Form 10-Q to the terms "Shutterstock," "the Company," "we," "our" and "us" refer to Shutterstock, Inc. and its subsidiaries. "Shutterstock," "Shutterstock Editorial," "Asset Assurance," "Offset," "Bigstock," "Rex Features," "PremiumBeat," "TurboSquid," "PicMonkey," "Pattern89," "Shotzr," "Pond5," "Splash News," "Giphy," "Shutterstock Studios" and "Shutterstock Editor" and their logos are registered trademarks and are the property of Shutterstock, Inc. or one of our subsidiaries. #### **Basis of Presentation**

The unaudited condensed consolidated financial statements and accompanying notes have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, these financial statements do not include all information and footnotes required by GAAP for complete financial statements.

The interim Consolidated Balance Sheet as of June 30, 2023, and the Consolidated Statements of Operations, Comprehensive Income and Stockholders' Equity for the three and six months ended June 30, 2023 and 2022, and the Consolidated Statements of Cash Flows for the six months ended June 30, 2023 and 2022 are unaudited. The Consolidated Balance Sheet as of December 31, 2022, included herein, was derived from the audited financial statements as of that date, but does not include all disclosures required by GAAP. These unaudited interim financial statements have been prepared on a basis consistent with the Company's annual financial statements and, in the opinion of management, reflect all adjustments, which include all normal recurring adjustments necessary to fairly state the Company's financial position as of June 30, 2023, and its consolidated results of operations, comprehensive income, stockholders' equity and cash flows for the three and six months ended June 30, 2023 and 2022. The financial data and the other financial information disclosed in the notes to the financial statements related to these periods are also unaudited. The results of operations for the six months ended June 30, 2023 are not necessarily indicative of the results to be expected for the fiscal year ending December 31, 2023 or for any other future annual or interim period.

These financial statements should be read in conjunction with the Company's audited consolidated financial statements and notes thereto as of and for the year ended December 31, 2022 included in the Company's Annual Report on Form 10-K, which was filed with the SEC on February 14, 2023. The unaudited consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation. Certain immaterial changes in presentation have been made to conform the prior period presentation to current period reporting.

# Use of Estimates

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements. Actual results could differ from those estimates. Such estimates include, but are not limited to, the determination of the allowance for doubtful accounts, the volume of expected unused licenses for our subscription-based products, the assessment of recoverability of property and equipment, the fair value of acquired goodwill and intangible assets, the amount of non-cash equity-based compensation, the assessment of recoverability of deferred tax assets, the measurement of income tax and contingent non-income tax liabilities and the determination of the incremental borrowing rate used to calculate the lease liability.

#### Cash and Cash Equivalents

The Company's cash and cash equivalents consist primarily of bank deposits.

#### Accounts Receivable and Allowance for Doubtful Accounts

The Company's accounts receivable consists of customer obligations due under normal trade terms, carried at their face value less an allowance for doubtful accounts, if required. The Company determines its allowance for doubtful accounts and credit losses based on an evaluation of (i) the aging of its accounts receivable considering historical receivables loss rates, (ii) on a customer-by-customer basis, where appropriate, and (iii) the economic environments in which the Company operates.

During the six months ended June 30, 2023, the Company recorded bad debt expense of \$1.0 million. As of June 30, 2023 and December 31, 2022, the Company's allowance for doubtful accounts was approximately \$5.6 million and \$5.8 million, respectively. The allowance for doubtful accounts is included as a reduction of accounts receivable on the Consolidated Balance Sheets.

The Company has certain customer arrangements that contain financing elements. Interest income earned from these financing receivables is recorded on the effective interest method and is included within interest income on the Consolidated Statements of Operations. As of June 30, 2023, approximately \$14.6 million of financing receivables were included in Accounts receivable on the Consolidated Balance Sheets.

In addition, as of June 30, 2023 and December 31, 2022, one customer accounted for approximately 15% and 22% of the accounts receivable balance, respectively. No other customers accounted for or exceeded 10% of the accounts receivable balance at these dates.

#### Chargeback and Sales Refund Allowance

The Company establishes a chargeback allowance and sales refund reserve allowance based on factors surrounding historical credit card chargeback trends, historical sales refund trends and other information. As of June 30, 2023 and December 31, 2022, the Company's combined allowance for chargebacks and sales refunds was \$0.4 million, which was included as a component of other current liabilities on the Consolidated Balance Sheets.

#### **Revenue Recognition**

The majority of the Company's revenue is earned from the license of content. Content licenses are generally purchased on a monthly or annual basis, whereby a customer pays for a predetermined quantity of content that may be downloaded over a specific period of time, or, on a transactional basis, whereby a customer pays for individual content licenses at the time of download. The Company also generates revenue from tools made available through the Company's platform.

For contracts that contain multiple performance obligations, the Company allocates the transaction price to each performance obligation based on a relative standalone selling price. The standalone selling price is determined based on the price at which the performance obligation is sold separately, or if not observable through past transactions, is estimated taking into account available information including internally approved pricing guidelines and pricing information of comparable products.

The Company recognizes revenue upon the satisfaction of performance obligations. The Company recognizes revenue on both its subscription-based and transaction-based products when content is downloaded by a customer, at which time the license is provided. In addition, the Company estimates expected unused licenses for subscription-based products and recognizes the revenue associated with the unused licenses as digital content is downloaded and licenses are obtained for such content by the customer during the subscription period. The estimate of unused licenses is based on historical download activity and future changes in the estimate could impact the timing of revenue recognizion of the Company's subscription products. For revenue associated with tools available through the Company's platform, revenue is recognized on a straight-line basis over the

subscription period. The Company expenses contract acquisition costs as incurred, to the extent that the amortization period would otherwise be one year or less.

Collectability is probable at the time the electronic order or contract is entered. A significant portion of the Company's customers purchase products by making electronic payments with a credit card at the time of the transaction. Customer payments received in advance of revenue recognition are contract liabilities and are recorded as deferred revenue. Customers that do not pay in advance are invoiced and are required to make payments under standard credit terms. Collectability for customers who pay on credit terms allowing for payment beyond the date at which service commences, is based on a credit evaluation for certain new customers and transaction history with existing customers.

The Company recognizes revenue gross of contributor royalties because the Company is the principal in the transaction as it is the party responsible for the performance obligation and it controls the product or service before transferring it to the customer. The Company also licenses content to customers through third-party resellers. Third-party resellers sell the Company's products directly to customers as the principal in those transactions. Accordingly, the Company recognizes revenue net of costs paid to resellers.

#### (2) Fair Value Measurements and Long-term Investments

#### Fair Value Measurements

The Company had no assets or liabilities requiring fair value hierarchy disclosures as of June 30, 2023 or December 31, 2022, except as noted below.

#### Other Fair Value Measurements

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value because of the short-term nature of these instruments. Debt consists of principal amounts outstanding under our credit facility, which approximates fair value as underlying interest rates are reset regularly based on current market rates and is classified as Level 2. The Company's non-financial assets, which include long-lived assets, intangible assets and goodwill, are not required to be measured at fair value on a recurring basis. However, if the Company is required to evaluate a non-financial asset for impairment, whether due to certain triggering events or because annual impairment testing is required, a resulting asset impairment would require that the non-financial asset be recorded at fair value.

#### Long-term Investments

As of June 30, 2023 and December 31, 2022, the Company's long-term investments were in equity securities with no readily determinable fair value, totaled \$20.0 million, and were reported within other assets on the Consolidated Balance Sheets. The Company uses the measurement alternative for these equity investments and their carrying value is reported at cost, adjusted for impairments or any observable price changes in ordinary transactions with identical or similar investments.

On a quarterly basis, the Company evaluates the carrying value of its long-term investments for impairment, which includes an assessment of revenue growth, earnings performance, working capital and general market conditions. As of June 30, 2023, no adjustments to the carrying values of the Company's long-term investments were identified as a result of this assessment. Changes in performance negatively impacting operating results and cash flows of these investments could result in the Company recording an impairment charge in future periods.

## (3) Acquisitions

## Giphy, Inc.

On May 22, 2023, the Company entered into a Stock Purchase Agreement with Meta Platforms, Inc. ("Meta") dated May 22, 2023 (the "Purchase Agreement"). On June 23, 2023, the Company completed its acquisition of all of the outstanding shares of Giphy, Inc. ("Giphy") from Meta. The consideration payable by the Company pursuant to the Purchase Agreement is \$53 million in net cash, in addition to cash acquired, assumed debt and other working capital adjustments. The consideration was paid with existing cash on hand. Giphy is a New York-based company that operates a collection of GIFs and stickers that supplies casual conversational content. The Company believes its acquisition of Giphy extends Shutterstock's audience touchpoints beyond primarily professional marketing and advertising use cases and expands into casual conversations.

In January 2023, the United Kingdom Competition and Markets Authority (the "CMA") issued its final order requiring Meta to divest its ownership of Giphy, which Meta acquired in 2020. In connection with the closing of the acquisition, whose terms were preapproved by the CMA, the Company and Meta entered into a transitional services agreement (the "TSA") pursuant to which Meta is responsible for certain costs related to retention of Giphy employees, including (i) recurring salary, bonus, and benefits through August 2024, which would be \$35.6 million if all employees are retained through August 2024, and (ii) nonrecurring items, totaling \$87.9 million, comprised of one-time employment inducement bonuses and the cash value of unvested Meta equity awards (the "Giphy Retention Compensation").

The Giphy Retention Compensation will be paid to the individuals for being employees of the Company subsequent to the completion of the acquisition. Accordingly, it was determined that the payments by the Company are for future service requirements and will be reflected as operating expenses, less any amounts earned by the employees prior to the acquisition, in the Company's Statements of Operations as incurred. The Giphy Retention Compensation is reflected as a reduction of the purchase price and has been funded into an escrow account.

The Giphy purchase price will result in net cash to be received by the Company, is as follows:

	Pur	chase Price
Purchase price	\$	53,000
Cash acquired and other working capital adjustments		4,750
Cash paid on closing	\$	57,750
Fair value of Giphy Retention Compensation contingent consideration <sup>1</sup>		(98,723)
Fair value of consideration attributable to pre-combination service <sup>2</sup>		34,972
Net purchase price	\$	(6,001)

1 - This amount consists of \$123.5 million of Giphy Retention Compensation, adjusted for \$18.9 million of income tax obligations associated with the receipt of the Giphy Retention Compensation and \$5.9 million for the time value of money.

2 - Relates to the cash value of replaced unvested Meta equity awards attributable to pre-combination services.

Upon closing of the acquisition, the Company also entered into an agreement with Meta whereby the Company will provide Meta with Giphy content through API services for a period of two years. The Company allocated and deferred \$30 million of the business combination proceeds to this agreement, which will be recognized as revenue as services are provided.

The identifiable intangible assets, which include developed technology and the trade name have weighted average useful lives of approximately 4.0 years and 15.0 years, respectively. The fair value of the developed technology was determined using the cost to recreate method, and the fair value of the trade name was determined using the relief-from-royalty method.

The Giphy transaction was accounted for using the acquisition method and, accordingly, the results of the acquired business has been included in the Company's results of operations from the acquisition date. The fair value of consideration transferred in this business combination has been allocated to the intangible and tangible assets acquired and liabilities assumed at the acquisition date, with the excess of the fair value of the net assets acquired over the net consideration received recorded as a bargain purchase gain. The identifiable intangible assets of these acquisitions are being amortized on a straight-line basis.

The aggregate purchase price for this acquisition has been allocated to the assets acquired and liabilities assumed as follows (in thousands):

Assets acquired and liabilities assumed:	Giphy <sup>1</sup>
Cash and cash equivalents	\$ 4,030
Prepaid expenses and other current assets	1,416
Right of use assets	1,243
Intangible assets:	
Trade name	21,000
Developed technology	 21,500
Intangible assets	42,500
Other assets	1,647
Total assets acquired	\$ 50,836
Accounts payable, accrued expenses and other liabilities	(4,949)
Deferred tax liability	(8,858)
Lease liability	 (1,090)
Total liabilities assumed	 (14,897)
Net assets acquired	\$ 35,939
Net purchase price	 (6,001)
Bargain purchase gain	\$ 41,940

1 - The measurement and allocation of the purchase price is preliminary and will be finalized within the allowable measurement period once the Company finalizes its assessment of fair value of intangible assets, income tax balances and other assets acquired and liabilities assumed.

The Company recognized a non-taxable bargain purchase gain of \$41.9 million, representing the excess of the fair value of the net assets acquired in addition to the net consideration to be received from Meta. The bargain purchase gain is the result of the CMA's regulatory order requiring Meta's divestiture of Giphy and the Giphy Retention Compensation payments. In connection with the acquisition, the Company incurred approximately \$3.0 million of transaction costs, which is included in general and administrative expenses on the Consolidated Statements of Operations.

As of June 30, 2023, Shutterstock's receivable of \$101.9 million, is against an escrow fully funded by Meta. \$71.7 million and \$30.2 million are included within Prepaid expenses and other current assets and Other assets, respectively, on the Consolidated Balance Sheet.

## 2022 Acquisitions

### Pond5, Inc.

On May 11, 2022, the Company completed its acquisition of all of the outstanding shares of Pond5, for approximately \$218.0 million. The total purchase price was paid with existing cash on hand as well as a \$50 million drawdown on the Company's revolving credit facility. In connection with the acquisition, the Company incurred approximately \$4.0 million of transaction costs, which is included in general and administrative expenses on the Consolidated Statements of Operations.

Pond5 is a New York based company that operates a video-first content marketplace for royalty-free and editorial video. The Company believes its acquisition of this video-first content marketplace provides expanded offerings across footage, image and music.

The identifiable intangible assets, which include customer relationships, developed technology and trade names have weighted average useful lives of approximately 14.2 years, 5 years and 10 years, respectively. The goodwill arising from the transaction is primarily attributable to expected operational synergies and is not deductible for income tax purposes.

#### Splash News

On May 28, 2022, the Company completed its acquisition of all of the outstanding shares of Splash News, for approximately \$6.3 million. The total purchase price was paid with existing cash on hand. In connection with the acquisition, the Company incurred approximately \$0.3 million of transaction costs, which is included in general and administrative expenses on the Consolidated Statements of Operations.

Splash News is a United Kingdom based entertainment news network and is a source for image and video content across celebrity, red carpet and live events. The Company believes this acquisition expands Shutterstock Editorial's Newsroom offering for access to premium exclusive content.

The identifiable intangible asset, developed technology, has a useful life of approximately 4 years. The goodwill arising from the transaction is primarily attributable to expected operational synergies and is not deductible for income tax purposes.

The Pond5 and Splash News transactions were accounted for using the acquisition method and, accordingly, the results of the acquired businesses have been included in the Company's results of operations from the respective acquisition dates. The fair value of consideration transferred in these business combinations has been allocated to the intangible and tangible assets acquired and liabilities assumed at the acquisition date, with the remaining unallocated amount recorded as goodwill. The identifiable intangible assets of these acquisitions are being amortized on a straight-line basis. The fair value of the customer relationships was determined using a variation of the income approach known as the multiple-period excess earnings method. The fair value of the trade name was determined using the relief-from-royalty method, and the fair value of the developed technology was determined using the relief-from-royalty and the cost to recreate methods.

The aggregate purchase price for these acquisitions has been allocated to the assets acquired and liabilities assumed as follows (in thousands):

Assets acquired and liabilities assumed:	Pond5 <sup>1</sup>	Splash News	Total
Cash and cash equivalents	\$ 11,675 \$	180 \$	11,855

## (7) Debt

On May 6, 2022, the Company entered into a five-year \$100 million unsecured revolving loan facility (the "Credit Facility") with Bank of America, N.A., as Administrative Agent and other lenders. The Credit Facility includes a letter of credit sub-facility and a swingline facility and it also permits, subject to the satisfaction of certain conditions, up to \$100 million of additional revolving loan commitments with the consent of the Administrative Agent.

At the Company's option, revolving loans accrue interest at a per annum rate based on either (i) the base rate plus a margin ranging from 0.125% to 0.500%, determined based on the Company's consolidated leverage ratio or (ii) the Term Secured Overnight Financing Rate ("SOFR") (for interest periods of 1, 3 or 6 months) plus a margin ranging from 1.125% to 1.5%, determined based on the Company's consolidated leverage ratio. The Company is also required to pay an unused commitment fee ranging from 0.120% to 0.225%, determined based on the Company's consolidated leverage ratio. In connection with the execution of this agreement, the Company paid debt issuance costs of approximately \$0.6 million.

As of June 30, 2023 and December 31, 2022, the Company had \$30 million and \$50 million, respectively, of outstanding borrowings under the Credit Facility. As of June 30, 2023, the Company had a remaining borrowing capacity of \$68 million, net of standby letters of credit. For the three and six months ended June 30, 2023, the Company recognized interest expense of \$0.5 million and \$0.7 million, respectively.

The Credit Facility contains financial covenants and requirements restricting certain of the Company's activities, which are usual and customary for this type of credit facility. The Company is also required to maintain compliance with a consolidated leverage ratio and a consolidated interest coverage ratio, in each case, determined in accordance with the terms of the Credit Facility. As of June 30, 2023, the Company was in compliance with these covenants.

#### (8) Stockholders' Equity and Equity-Based Compensation

#### Stockholders' Equity

#### Common Stock

The Company issued approximately 194,000 and 130,000 shares of common stock during the three months ended June 30, 2023 and 2022, respectively, related to the exercise of stock options and the vesting of Restricted Stock Units.

#### Treasury Stock

In October 2015, the Company's Board of Directors approved a share repurchase program (the "2015 Share Repurchase Program"), authorizing the Company to repurchase up to \$100 million of its common stock. In February 2017, the Company's Board of Directors approved an increase to the share repurchase program, authorizing the Company to repurchase up to an additional \$100 million of its outstanding common stock. As of December 31, 2022, the Company had fully utilized its authorization for repurchases under the 2015 Share Repurchase Program.

In June 2023, the Company's Board of Directors approved a share repurchase program (the "2023 Share Repurchase Program"), authorizing the Company to purchase up to \$100 million of its common stock.

The Company expects to fund future repurchases, if any, through a combination of cash on hand, cash generated by operations and future financing transactions, if appropriate. Accordingly, the share repurchase program is subject to the Company having available cash to fund repurchases. Under the share repurchase program, management is authorized to purchase shares of the Company's common stock from time to time through open market purchases or privately negotiated transactions at prevailing prices as permitted by securities laws and other legal requirements, and subject to market conditions and other factors.

During the three and six months ended June 30, 2023, the Company repurchased approximately 80,400 shares of its common stock at an average cost of \$49.78 under the 2023 Share Repurchase Program. During the three and six months ended June 30, 2022, the Company repurchased approximately 286,700 and 708,700 shares of its common stock at an average cost of \$63.95 and \$79.87, respectively, under the 2015 Share Repurchase Program.

#### Dividends

The Company declared and paid cash dividends of \$0.27 and \$0.54 per share of common stock, or \$9.7 million and \$19.4 million during the three and six months ended June 30, 2023, respectively, and \$0.24 and \$0.48 per share of common stock, or \$8.7 million and \$17.4 million, during the three and six months ended June 30, 2022, respectively.

On July 17, 2023, the Company's Board of Directors declared a quarterly cash dividend of \$0.27 per share of outstanding common stock payable on September 14, 2023 to stockholders of record at the close of business on August 31, 2023. Future declarations of dividends are subject to the final determination of the Board of Directors, and will depend on, among other things, the Company's future financial condition, results of operations, capital requirements, capital expenditure requirements, contractual restrictions, anticipated cash needs, business prospects, provisions of applicable law and other factors the Board of Directors may deem relevant.

#### **Equity-Based** Compensation

The Company recognizes stock-based compensation expense for all equity-based compensation awards, including employee Restricted Stock Units and Performance-based Restricted Stock Units ("PRSUs" and, collectively with Restricted Stock Units, "RSUs") and stock options, based on the fair value of each award on the grant date. Awards granted prior to June 1, 2022 were granted under the Company's Amended and Restated 2012 Omnibus Equity Incentive Plan (the "2012 Plan"). At the Annual Meeting held on June 2, 2022, the Company's stockholders approved the 2022 Omnibus Equity Incentive Plan (the "2022 Plan"). Awards granted subsequent to June 2, 2022 were granted under the 2022 Plan.

The following table summarizes non-cash equity-based compensation expense, net of forfeitures, by financial statement line item included in the accompanying Consolidated Statements of Operations for the three and six months ended June 30, 2023 and 2022 (in thousands):

	Three Months Ended June 30,					Six Months E	nded June 30,		
	2023			2022		2023		2022

Total	\$	14,943	\$	7,043	\$	23,586	\$	14,869	

For the three and six months ended June 30, 2023 and 2022, substantially all of the Company's non-cash equity-based compensation expense related to RSUs.

### Stock Option Awards

During the six months ended June 30, 2023, no options to purchase shares of its common stock were granted. As of June 30, 2023, there were approximately 303,000 options vested and exercisable with a weighted average exercise price of \$34.54.

#### Restricted Stock Unit Awards

During the six months ended June 30, 2023, the Company had RSU grants, net of forfeitures, of approximately 965,000. As of June 30, 2023, there are approximately 2,225,000 non-vested RSUs outstanding with a weighted average grant-date fair value of \$69.87. As of June 30, 2023, the total unrecognized non-cash equity-based compensation expense related to the non-vested RSUs was approximately \$116.5 million, which is expected to be recognized through 2027.

During the six months ended June 30, 2023 and 2022, shares of common stock with an aggregate value of \$12.3 million and \$21.0 million were withheld upon vesting of RSUs and paid in connection with related remittance of employee withholding taxes to taxing authorities.

#### (9) Revenue

The Company distributes its products through two primary channels:

*E-commerce:* The majority of the Company's customers license content directly through the Company's self-service web properties. E-commerce customers have the flexibility to purchase subscription-based plans that are paid on a monthly or annual basis. Customer are also able to license content on a transactional basis. These customers generally license content under the Company's standard or enhanced licenses, with additional licensing options available to meet customers' individual needs. E-commerce customers typically pay the full amount of the purchase price in advance or at the time of license, generally with a credit card.

*Enterprise:* The Company also has a base of customers with unique content, licensing and workflow needs. These customers benefit from communication with dedicated sales professionals, service and research teams which provide a number of tailored enhancements to their creative workflows including non-standard licensing rights, multi-seat access, ability to pay on credit terms, multi-brand licensing packages, increased indemnification protection and content licensed for use-cases outside of those available on the e-commerce platform.

The Company's revenues by distribution channel for the three and six months ended June 30, 2023 and 2022 are as follows (in thousands):

Three Months	Ended June 30,	Six Months H	Ended June 30,
2023	2022	2023	2022
\$ 111,903	\$ 127,388	\$ 231,657	\$ 254,458

Deferred revenue reported on the balance sheet represents unfulfilled performance obligations for which the Company has either received payment or has outstanding receivables. The June 30, 2023 deferred revenue balance will be earned as content is downloaded or upon the expiration of subscription-based products, and nearly all is expected to be earned within the next twelve months. \$126.5 million of total revenue recognized for the six months ended June 30, 2023 was reflected in deferred revenue as of December 31, 2022. In addition, as of June 30, 2023, the Company has approximately \$74.5 million of contracted but unsatisfied performance obligations relating primarily to our computer vision offering, which are not included as a component of deferred revenue and that the Company expects to recognize over a five year period.

### (10) Other Income / (Expense), net

The following table presents a summary of the Company's other income and expense activity included in the accompanying Consolidated Statements of Operations for the three and six months ended June 30, 2023 and 2022 (in thousands):

	Three Months Ended June 30,					Six Months Ended June 30,				
	2023			2022		2023		2022

Total other income / (expense)	\$	726	\$	(2,661)	\$	1,771	\$	(1,903)		

#### (11) Income Taxes

The Company's effective tax rates yielded a net expense of 2.7% and 14.4% for the three months ended June 30, 2023 and 2022, respectively, and a net expense of 10.7% and 16.9% for the six months ended June 30, 2023 and 2022, respectively.

During the three months ended June 30, 2023, the net effect of discrete items decreased the effective tax rate by 13.6%. For the six months ended June 30, 2023, the net effect of discrete items decreased the effective tax rate by 7.1%. The discrete items for the three and six months ended June 30, 2023, primarily relate to the non-taxable bargain purchase gain associated with the acquisition of Giphy. Excluding discrete items, the Company's effective tax rate would have been 16.3% and 17.8% for the three and six months ended June 30, 2023, respectively.

During the three months ended June 30, 2022, the net effect of discrete items decreased the effective tax rate by 4.9%. For the six months ended June 30, 2022, the net effect of discrete items decreased the effective tax rate by 2.2%. The discrete items for the three and six ended June 30, 2022, primarily relate to windfall tax benefits associated with equity-based compensation. Excluding discrete items, the Company's effective tax rate would have been 19.3% and 19.1% for the three and six months ended June 30, 2022, respectively.

The Company has computed the provision for income taxes based on the estimated annual effective tax rate excluding a loss jurisdiction with no tax benefit and the application of discrete items, if any, in the applicable period.

During the three and six months ended June 30, 2023 and 2022, uncertain tax positions recorded by the Company were not significant. To the extent the remaining uncertain tax positions are ultimately recognized, the Company's effective tax rate may be impacted in future periods.

The Company recognizes interest expense and tax penalties related to unrecognized tax benefits in income tax expense in the Consolidated Statements of Operations. The Company's accrual for interest and penalties related to unrecognized tax benefits was not significant for the three and six months ended June 30, 2023 and 2022.

During the six months ended June 30, 2023 and 2022, the Company paid net cash taxes of \$6.8 million and \$12.7 million, respectively.

### (12) Net Income Per Share

Basic net income per share is computed using the weighted average number of shares of common stock outstanding for the period, excluding unvested RSUs and stock options. Diluted net income per share is based upon the weighted average shares of common stock outstanding for the period plus dilutive potential shares of common stock, including unvested RSUs and stock options using the treasury stock method.

The following table sets forth the computation of basic and diluted net income per share for the three and six months ended June 30, 2023 and 2022 (in thousands):

Ireland, included in Europe in the above table, accounted for 20% and 17% of total long-lived tangible assets as of June 30, 2023 and December 31, 2022, respectively. No other country accounts for more than 10% of the Company's long-lived tangible assets in any period presented.

#### (14) Commitments and Contingencies

As of June 30, 2023, the Company had total non-lease obligations in the amount of approximately \$78.1 million, which consisted primarily of minimum royalty guarantees and unconditional purchase obligations related to contracts for infrastructure and other business services. As of June 30, 2023, the Company's non-lease obligations for the remainder of 2023 and for the years ending December 31, 2024, 2025, 2026, 2027 and 2028 were approximately \$30.6 million, \$35.0 million, \$1.3 million, \$0.4 million and \$0.2 million, respectively.

#### Legal Matters

From time to time, the Company may become party to litigation in the ordinary course of business, including direct claims brought by or against the Company with respect to intellectual property, contracts, employment and other matters, as well as claims brought against the Company's customers for whom the Company has a contractual indemnification obligation. The Company assesses the likelihood of any adverse judgments or outcomes with respect to these matters and determines loss contingency assessments on a gross basis after assessing the probability of incurrence of a loss and whether a loss is reasonably estimable. In addition, the Company considers other relevant factors that could impact its ability to reasonably estimate a loss. A determination of the amount of reserves required, if any, for these contingencies is made after analyzing each matter. The Company reviews reserves, if any, at least quarterly and may change the amount of any such reserve in the future due to new developments or changes in strategy in handling these matters. Although the results of litigation and threats of litigation, investigations and claims cannot be predicted with certainty, the Company currently believes that the final outcome of these matters will not have a material adverse effect on its business, consolidated financial position, results of operations, or cash flows. Regardless of the outcome, litigation can have an adverse impact on the Company because of defense and settlement costs, diversion of management resources and other factors. The Company currently has no material active litigation matters and, accordingly, no material reserves related to litigation.

### Indemnification and Employment Agreements

In the ordinary course of business, the Company enters into contractual arrangements under which it agrees to provide indemnification of varying scope and terms to customers with respect to certain matters, including, but not limited to, losses arising out of the breach of the Company's intellectual property warranties for damages to the customer directly attributable to the Company's breach. The Company is not responsible for any damages, costs, or losses to the extent such damages, costs or losses arise as a result of any modifications made by the customer, or the context in which content is used. The standard maximum aggregate obligation and liability to any one customer for any single claim is generally limited to ten thousand dollars but can range to \$250,000, with certain exceptions for which our indemnification obligation are uncapped. As of June 30, 2023, the Company had recorded no material liabilities related to indemnification obligations for loss contingencies. Additionally, the Company believes that it has the appropriate insurance coverage in place to adequately cover such indemnification obligations, if necessary.

Pursuant to the Company's charter documents and separate written indemnification agreements, the Company has certain indemnification obligations to its executive officers, certain employees and directors, as well as certain former officers and directors.

The Company has also entered into employment agreements with its executive officers and certain employees. These agreements specify various employment-related matters, including annual compensation, performance incentive bonuses, and severance benefits in the event of termination or in the event of a change in control or otherwise, with or without cause.

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our interim unaudited consolidated financial statements and related notes contained elsewhere in this Quarterly Report on Form 10-Q and with information contained in our other filings, including the audited consolidated financial statements included in our 2022 Form 10-K.

In addition to historical consolidated financial information, this discussion contains forward-looking statements including statements about our plans, estimates and beliefs. These statements involve risks and uncertainties and our actual results could differ materially from those expressed or implied in forward-looking statements. See "Forward Looking Statements" above. See also the "Risk Factors" disclosures contained in our 2022 Form 10-K for additional discussion of the risks and uncertainties that could cause our actual results to differ materially from those expressed or implied in our forward-looking statements.

### **Overview and Recent Developments**

Shutterstock, Inc. (referred to herein as the "Company", "we," "our," and "us") is a premier partner for transformative brands, digital media and marketing companies. Our platform brings together users and contributors of content by providing readily-searchable content that our customers pay to license and by compensating contributors as their content is licensed. Contributors upload their content to the Company's web properties in exchange for royalty payments based on customer download activity. Beyond content, customers also leverage the Company's platform to assist with the entire creative process from ideation through creative execution.

Our key content offerings include:

- Images consisting of photographs, vectors and illustrations. Images are typically used in visual communications, such as websites, digital and print marketing materials, corporate communications, books, publications and other similar uses.
- Footage consisting of video clips, premium footage filmed by industry experts and cinema grade video effects, available in HD and 4K formats.
   Footage is often integrated into websites, social media, marketing campaigns and cinematic productions.
- Music consisting of high-quality music tracks and sound effects, which are often used to complement images and footage.
- 3 Dimensional ("3D") Models consisting of 3D models, used in a variety of industries such as advertising, media and video production, gaming, retail, education, design and architecture.

Our offerings are distributed to customers under the following brands: Shutterstock; Pond5; Giphy; TurboSquid; Offset; PremiumBeat; Bigstock; PicMonkey; and Splash News.

Shutterstock, our flagship brand, includes various content types such as image, footage, music and editorial. For customers seeking specialized solutions, Shutterstock Studios extends our offerings by providing custom, high-quality content matched with production tools and services at scale. In addition, our collection of images, footage clips, music tracks and 3D models is also distributed through our computer vision offering which is used by large technology companies to train AI models.

Pond5 is a video-first content marketplace which expands the Company's content offerings across footage, image and music. PicMonkey is a leading online graphic design and image editing platform. TurboSquid operates a marketplace that offers more than one million 3D models and a 2 dimensional ("2D") marketplace derived from 3D objects. Our Offset brand provides authentic and exceptional content for high-impact use cases that require extraordinary images, featuring work from top assignment photographers and illustrators from around the world. PremiumBeat offers exclusive high-quality music tracks and provides producers, filmmakers and marketers the ability to search handpicked production music from the world's leading composers. Bigstock maintains a separate content library tailored for creators seeking to incorporate cost-effective imagery into their projects.

Over 2.2 million active, paying customers contributed to our revenue for the twelve-month period ended June 30, 2023. As of June 30, 2023, more than 2.7 million approved contributors made their images, footage and music tracks available in our collection, which has grown to more than 734 million images and more than 50 million footage clips as of June 30, 2023. This

makes our collection of content one of the largest of its kind, and we delivered 81.2 million paid downloads to our customers across all of our brands during the six months ended June 30, 2023.

Contributors of content typically earn a royalty each time their work is licensed. Contributors earn royalties based on our published earnings schedule that is based on annual licensing volume, which determines the contributor's earnings tier and the purchase option under which the content was licensed. Royalties represent the largest component of our operating expenses, are reported within cost of revenue, tend to fluctuate proportionately with revenue and paid downloads and may be impacted by the mix of products sold.

In October 2022, Shutterstock announced our strategic partnership with OpenAI, an AI research and deployment company. In 2023, Shutterstock integrated Dall-E 2, OpenAI's tool for AI-generated content into the Shutterstock platform to enable our customers to input keywords and generate unique images based on their specific criteria.

Through our platform, we generate revenue by licensing content to our customers. During the six months ended June 30, 2023, 55% of our revenue and the majority of our content licenses came from our E-commerce sales channel. The majority of our customers license content directly through our self-service web properties. E-commerce customers have the ability to purchase plans that are paid on either a monthly or annual basis or to license content on a transactional basis. E-commerce customers generally license content under our standard or enhanced licenses, with additional licensing options available to meet customers' individual needs.

Customers in our Enterprise sales channel generally have unique content, licensing and workflow needs. These customers benefit from communication with our dedicated sales, service and research teams which provide a number of personalized enhancements to their creative workflows including non-standard licensing rights, multi-seat access, ability to pay on credit terms, multi-brand licensing packages, increased indemnification protection and content licensed for use-cases outside of those available on our e-commerce platform. Customers in our enterprise sales channel may also benefit from access to (i) Shutterstock Editorial, which includes our library of editorial images and videos, (ii) Shutterstock Studios, our offering which provides custom, high-quality content matched with production tools and services at scale, and (iii) computer vision, our data partnerships offering which provides metadata associated with our content collection, used to train AI models. Our range of solutions, including the depth of our API platform integrations, appeals to a broad and diverse customer base and enables us to adapt and evolve with the needs of our more high touch clients to deliver capabilities that embed deep within their workflows. Our Enterprise sales channel provided approximately 45% of our revenue for the six months ended June 30, 2023.

#### Acquisition of Giphy, Inc.

On May 22, 2023, we entered into a Stock Purchase Agreement with Meta Platforms, Inc. ("Meta") dated May 22, 2023 (the "Purchase Agreement"). On June 23, 2023, we completed its acquisition of all of the outstanding shares of Giphy, Inc. ("Giphy") from Meta. The consideration payable, pursuant to the Purchase Agreement, is \$53 million in net cash, in addition to cash acquired, assumed debt and other working capital adjustments. The consideration was paid with existing cash on hand. Giphy is a New York-based company that operates a collection of GIFs and stickers that supplies casual conversational content. The Company believes its acquisition of Giphy extends Shutterstock's audience touchpoints beyond primarily professional marketing and advertising use cases and expands into casual conversations.

In January 2023, the United Kingdom Competition and Markets Authority (the "CMA") issued its final order requiring Meta to divest its ownership of Giphy, which Meta acquired in 2020. In connection with the closing of the acquisition, whose terms were preapproved by the CMA, Shutterstock and Meta entered into a transitional services agreement (the "TSA") pursuant to which Meta is responsible for certain costs related to retention of Giphy employees, including (i) recurring salary, bonus, and benefits through August 2024, which would be \$35.6 million if all employees are retained through August 2024, and (ii) nonrecurring items, totaling \$87.9 million, comprised of one-time employment inducement bonuses and the cash value of unvested Meta equity awards (the "Giphy Retention Compensation").

The Giphy Retention Compensation will be paid to the individuals for being employees of the Company subsequent to the completion of the acquisition. Accordingly, we determined that the payments are for future service requirements and will be reflected as operating expenses, less any amounts earned by the employees prior to the acquisition, in our Statements of Operations as incurred. The Giphy Retention Compensation is reflected as a reduction of the purchase price and has been funded into an escrow account.

Upon closing of the acquisition, the Company also entered into an agreement with Meta whereby the Company will provide Meta with Giphy content through API services for a period of two years.

### **Key Operating Metrics**

In addition to key financial metrics, we regularly review a number of key operating metrics to evaluate our business, determine the allocation of resources and make decisions regarding business strategies. We believe that these metrics can be useful for understanding the underlying trends in our business.

Subscribers, subscriber revenue and average revenue per customer from acquisitions are included in these metrics beginning twelve months after the closing of the respective business combination. Accordingly, the metrics include Subscribers, Subscriber revenue, and Average revenue per customer from TurboSquid beginning February 2022, from PicMonkey beginning September 2022, and from Pond5 and Splash News beginning May 2023. These metrics exclude the respective counts and revenues from Giphy.

#### Subscribers

We define subscribers as those customers who purchase one or more of our monthly recurring products for a continuous period of at least three months, measured as of the end of the reporting period. We believe the number of subscribers is an important metric that provides insight into our monthly recurring business. We believe that an increase in our number of subscribers is an indicator of engagement in our platform and potential for future growth.

#### Subscriber Revenue

We define subscriber revenue as the revenue generated from subscribers during the period. We believe subscriber revenue, together with our number of subscribers, provide insight into the portion of our business driven by our monthly recurring products.

#### Average Revenue Per Customer

Average revenue per customer is calculated by dividing total revenue for the last twelve-month period by customers. We define customers as total active, paying customers that contributed to total revenue over the last twelve-month period. Changes in our average revenue per customer will be driven by changes in the mix of our subscription-based and transactional products as well as pricing in our transactional business.

## Paid Downloads

We define paid downloads as the number of downloads that our customers make in a given period of our content. Paid downloads exclude content related to our Studios business, downloads of content that are offered to customers for no charge (including our free trials), and downloads associated with our computer vision offering. Measuring the number of paid downloads that our customers make in a given period is important because it is a measure of customer engagement on our platform and triggers the recognition of revenue and contributor royalties.

### **Revenue per Download**

We define revenue per download as the amount of revenue recognized in a given period divided by the number of paid downloads in that period excluding revenue from our Studios business, revenue that is not derived from or associated with content licenses and revenue associated with our computer vision offering. This metric captures any changes in our pricing, including changes resulting from the impact of competitive pressures, as well as the mix of licensing options that our customers choose, some of which generate more revenue per download than others, and the impact that changes in foreign currency rates have on our pricing. Changes in revenue per download are primarily driven by the introduction of new product offerings, changes in product and sales channel mix and customer utilization of our products.

### **Content in our Collection**

We define content in our collection as the total number of approved images (photographs, vectors and illustrations) and footage (in number of clips) in our library at the end of the period. We exclude content from this collection metric that is not uploaded directly to our site but is available for license by our customers through an application program interface, content from our Studios business and AI generated content. Prior to December 31, 2022, this metric only included approved images and footage clips in our library on shutterstock.com at the end of the period. We believe that our large selection of high-quality content enables us to attract and retain customers and drives our network effect.

#### Table of Contents

The following table summarizes our key operating metrics, which are unaudited, for the three and six months ended June 30, 2023 and 2022:

	Three Months Ended June 30,					Six Months Ended June 30,				
	2023			2022		2023		2022		
Subscribers (end of period) <sup>1</sup>		556,000		368,000		556,000		368,000		
Subscriber revenue (in millions) <sup>1</sup>	\$	87.4	\$	84.7	\$	178.0	\$	170.1		
Average revenue per customer (last twelve months) <sup>1</sup>	\$	374	\$	359	\$	374	\$	359		
Paid downloads (in millions)		38.5		43.4		81.2		88.0		
Revenue per download	\$	4.71	\$	4.46	\$	4.56	\$	4.34		
Content in our collection (end of period, in millions):										
Images		734		511		734		511		
Footage clips		50		27		50		27		

<sup>1</sup> Subscribers, Subscriber Revenue and Average Revenue Per Customer from acquisitions are included in these metrics beginning twelve months after the closing of the respective business combination. Accordingly, the metrics include Subscribers, Subscriber revenue, and Average revenue per customer from TurboSquid beginning February 2022, from PicMonkey beginning September 2022, and from Pond5 and Splash News beginning May 2023. These metrics exclude the respective counts and revenues from our acquisition of Giphy.

#### **Critical Accounting Estimates**

Our financial statements are prepared in accordance with GAAP. The preparation of the consolidated financial statements in conformity with GAAP requires our management to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities, the disclosure or inclusion of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the period. We evaluate our significant estimates on an ongoing basis, including, but not limited to, estimates related to allowance for doubtful accounts, the volume of expected unused licenses used in revenue recognition for our subscription-based products, the fair value of acquired goodwill and intangible assets and income tax provisions. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying value of assets and liabilities that are not readily apparent from other sources. Therefore, we consider these to be our critical accounting estimates. Actual results could differ from those estimates.

A description of our critical accounting policies that involve significant management judgments appears in our 2022 Form 10-K, under "Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Estimates."

See Note 1 to our Unaudited Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q for a full description of the impact of the adoption of new accounting standards on our financial statements. There have been no material changes to our critical accounting estimates as compared to our critical accounting policies and estimates included in our 2022 Form 10-K.

### Key Components of Our Results of Operations

### Revenue

We distribute our content offerings through two primary channels:

*E-commerce:* The majority of our customers license content directly through our self-service web properties. E-commerce customers have the flexibility to purchase a subscription-based plan that is paid on a monthly or annual basis or to license content on a transactional basis. These customers generally license content under our standard or enhanced licenses, with additional licensing options available to meet customers' individual needs. E-commerce customers typically pay the full amount of the purchase price in advance or at the time of license, generally with a credit card.

*Enterprise:* We also have a base of customers with unique content, licensing and workflow needs. These customers benefit from communication with our dedicated sales, service and research teams which provide a number of tailored enhancements to their creative workflows including non-standard licensing rights, multi-seat access, ability to pay on credit terms, multi-brand licensing packages, increased indemnification protection and content licensed for use-cases outside of those available on the e-commerce platform.

The Company's revenues by distribution channel for the three and six months ended June 30, 2023 and 2022 are as follows (in thousands):

		Months I June 30,	Ended	Six Months Ended June 30,			
	 2023		2022		2023		2022
E-commerce	\$ 111,903	\$	127,388	\$	231,657	\$	254,458
Enterprise	96,937		79,484		192,463		151,546
Total Revenues	\$ 208,840	\$	206,872	\$	424,120	\$	406,004

#### Costs and Expenses

*Cost of Revenue*. Cost of revenue consists of royalties paid to contributors, credit card processing fees, content review costs, customer service expenses, infrastructure and hosting costs related to maintaining our creative platform and cloud-based software platform, depreciation and amortization of capitalized internal-use software, purchased content and acquisition-related intangible assets, allocated facility costs and other supporting overhead costs. Cost of revenue also includes employee compensation, including non-cash equity-based compensation, bonuses and benefits associated with the maintenance of our creative platform and cloud-based software platform.

Sales and Marketing. Sales and marketing expenses include third-party marketing, advertising, branding, public relations and sales expenses. Sales and marketing expenses also include associated employee compensation, including non-cash equity-based compensation, bonuses and benefits, and commissions as well as allocated facility and other supporting overhead costs.

*Product Development.* Product development expenses consist of employee compensation, including non-cash equity-based compensation, bonuses and benefits, and expenses related to vendors engaged in product management, design, development and testing of our websites and products. Product development costs also includes software and other IT equipment costs, allocated facility expenses and other supporting overhead costs.

*General and Administrative.* General and administrative expenses include employee compensation, including non-cash equity-based compensation, bonuses and benefits for executive, finance, accounting, legal, human resources, internal information technology, internet security, business intelligence and other administrative personnel. In addition, general and administrative expenses include outside legal, tax and accounting services, bad debt expense, insurance, facilities costs, other supporting overhead costs and depreciation and amortization expense.

Bargain Purchase Gain. A bargain purchase gain is recognized subsequent to an acquisition, if the fair value of the net assets acquired and liabilities assumed exceeds the net consideration.

Other Income / (Expense), Net. Other income, net consists of non-operating costs such as foreign currency transaction gains and losses in addition to interest income and expense.

*Income Taxes.* We compute income taxes using the asset and liability method, under which deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of assets and liabilities using enacted statutory income tax rates in effect for the year in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce net deferred tax assets to the amount expected to be realized.

#### Revenue

Revenue increased by \$2.0 million, or 1%, to \$208.8 million in the three months ended June 30, 2023 compared to the same period in 2022. Foreign currency fluctuations did not have a significant impact on the Company's revenues in the three months ended June 30, 2023.

The Company's E-commerce revenues decreased by 12%, to \$111.9 million in the three months ended June 30, 2023, compared to the same period in 2022. Foreign currency fluctuations did not have a significant impact on E-commerce revenues in the three months ended June 30, 2023. The decline in our E-commerce revenues was primarily driven by continued weakness in new customer acquisition.

The Company's Enterprise revenues increased by 22%, to \$96.9 million in the three months ended June 30, 2023, compared to the same period in 2022. Foreign currency fluctuations did not have a significant impact on Enterprise revenues in the three months ended June 30, 2023. The increase in Enterprise revenues was primarily driven by growth in our computer vision data partnerships which generated \$17.3 million and \$2.2 million of revenue in the three months ended June 30, 2023 and 2022, respectively.

In the three months ended June 30, 2023 and 2022, we delivered 38.5 million and 43.4 million paid downloads, respectively, and our revenue per download was \$4.71 and \$4.46 for the three months ended June 30, 2023 and 2022, respectively. During the three months ended June 30, 2023, the decline in paid downloads is attributed to the decline in the E-commerce business, and the increase in revenue per download was primarily due to changes in sales channel mix.

Changes in our revenue by region were as follows: revenue from North America increased by \$10.3 million, or 12%, to \$96.2 million, revenue from Europe decreased by \$4.5 million, or 7%, to \$58.4 million and revenue from outside Europe and North America decreased by \$3.8 million, or 7%, to \$54.2 million, in the three months ended June 30, 2023 compared to the same period in 2022.

### Costs and Expenses

*Cost of Revenue*. Cost of revenue increased by \$7.4 million, or 10% to \$84.4 million in the three months ended June 30, 2023 compared to the same period in 2022. This increase was primarily driven by: (i) increased depreciation and amortization expense driven by our recent acquisitions; (ii) increased royalty, content and reviewer costs; and (iii) higher costs associated with website hosting, hardware and software licenses. Cost of revenue also includes \$2.7 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business. We expect that our cost of revenue will continue to fluctuate in-line with changes in revenue.

*Sales and Marketing.* Sales and marketing expenses decreased by \$5.8 million, or 11%, to \$48.4 million in the three months ended June 30, 2023 compared to the same period in 2022. As a percent of revenue, sales and marketing expenses decreased to 23% for the three months ended June 30, 2023, from 26% for the same period in 2022. This was primarily driven by \$6.1 million in decreased performance marketing spend and \$0.9 million in lower occupancy costs, partially offset by \$1.2 million in higher employee-related costs. Sales and marketing also includes \$0.6 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business. We expect sales and marketing expenses to continue to fluctuate as we optimize our sales channels and invest in new customer acquisition, products and geographies.

*Product Development*. Product development expenses increased by \$12.1 million, or 70%, to \$29.2 million in the three months ended June 30, 2023 compared to the same period in 2022. The increase in product development was primarily driven by (i) \$11.0 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business and (ii) \$1.9 million in higher employee and third-party contractor related costs, net of capitalized labor, for the three months ended June 30, 2023, as compared to the same period in the prior year. We expect product development expenses, of which a portion will be capitalized, to continue in the foreseeable future, as we pursue opportunities to invest in developing new products and internal tools and enhance the functionality of our existing products and technologies.

*General and Administrative*. General and administrative expenses increased by \$5.0 million, or 15%, to \$38.1 million in the three months ended June 30, 2023 compared to the same period in 2022. This increase was driven by (i) \$5.4 million in higher non-cash equity-based compensation expense; and (ii) \$2.9 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business. These increases are partially offset by \$1.4 million in lower professional fees and \$0.7 million in lower occupancy costs. For the three months ended June 30, 2023 and 2022, general and administrative expenses also included transaction costs of \$3.0 million and \$3.9 million related to the Giphy and Pond5 acquisitions, respectively.

*Bargain Purchase Gain.* In the three months ended June 30, 2023, we recognized a bargain purchase gain of \$41.9 million related to the acquisition of Giphy, which represents the excess of the fair value of the net assets acquired in addition to the net negative purchase price.

*Other Income / (Expense), Net.* In the three months ended June 30, 2023, other income / (expense), net substantially consisted of \$0.7 million of interest income and \$0.6 million of favorable unrealized foreign currency fluctuations, partially offset by \$0.5 million of interest expense related to our credit facility. During the three months ended June 30, 2022, other income / (expense), net substantially consisted of \$2.5 million of unfavorable unrealized foreign currency fluctuations. As we increase the volume of business transacted in foreign currencies resulting from international expansion and as currency rates fluctuate, we expect foreign currency gains and losses to continue to fluctuate.

*Income Taxes.* Income tax expense decreased by \$1.9 million for the three months ended June 30, 2023, compared to the same period in 2022. Our effective tax rates were 2.7% and 14.4% for the three months ended June 30, 2023 and 2022, respectively.

For the three months ended June 30, 2023, the net effect of discrete items decreased the effective tax rate by 13.6%. The discrete items for the three months ended June 30, 2023, primarily relate to the non-taxable bargain purchase gain associated with the acquisition of Giphy. Excluding discrete items, our effective tax rate would have been 16.3% for the three months ended June 30, 2023.

For the three months ended June 30, 2022, the effective tax rate decreased by 4.9% related primarily to windfall benefits associated with equity-based compensation. Excluding discrete items, our effective tax rate would have been 19.3% for the three months ended June 30, 2022.

As we continue to expand our operations outside of the United States, we have been and may continue to become subject to taxation in additional non-U.S. jurisdictions and our effective tax rate could fluctuate accordingly.

## Revenue

Revenue increased by \$18.1 million, or 4%, to \$424.1 million in the six months ended June 30, 2023 compared to the same period in 2022. On a constant currency basis, revenue increased approximately 5% in the six months ended June 30, 2023, compared to the same period in 2022.

The Company's E-commerce revenues decreased by 9%, to \$231.7 million in the six months ended June 30, 2023, compared to the same period in 2022. On a constant currency basis, the Company's E-commerce revenues decreased by 8% in the six months ended June 30, 2023, compared to the same period in 2022. The decline in our E-commerce revenues was driven by continued weakness in new customer acquisition, partially offset by revenues generated from our acquisition of Pond5, which was completed on May 11, 2022.

The Company's Enterprise revenues increased by 27%, to \$192.5 million in the six months ended June 30, 2023, compared to the same period in 2022. On a constant currency basis, the Company's Enterprise revenues increased by 28% in the six months ended June 30, 2023, compared to the same period in 2022. The increase in Enterprise revenues was primarily driven by (i) growth in our computer vision data partnerships, which generated \$34.0 million and \$2.9 million of revenue in the six months ended June 30, 2023 and 2022, respectively; and (ii) revenue generated from our acquisitions of Pond5 and Splash News, which were completed on May 11, 2022 and May 28, 2022, respectively.

In the six months ended June 30, 2023 and 2022, we delivered 81.2 million and 88.0 million paid downloads, respectively, and our revenue per download was \$4.56 and \$4.34 for the six months ended June 30, 2023 and 2022, respectively. During the six months ended June 30, 2023, the increase in revenue per download was primarily due to changes in sales channel mix.

Changes in our revenue by region were as follows: revenue from North America increased by \$29.5 million, or 18%, to \$195.3 million, revenue from Europe decreased by \$8.0 million, or 6%, to \$117.4 million and revenue from outside Europe and North America decreased by \$3.4 million, or 3%, to \$111.3 million, in the six months ended June 30, 2023 compared to the same period in 2022.

### Costs and Expenses

*Cost of Revenue*. Cost of revenue increased by \$16.1 million, or 11%, to \$162.6 million in the six months ended June 30, 2023 compared to the same period in 2022. This increase was primarily driven by: (i) increased depreciation and amortization expense driven by our recent acquisitions; (ii) increased royalty, content and reviewer costs; and (iii) higher costs associated with website hosting, hardware and software licenses. Cost of revenue also includes \$2.7 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business. We expect that our cost of revenue will continue to fluctuate in line with changes in revenue.

*Sales and Marketing.* Sales and marketing expenses decreased by \$11.6 million, or 11%, to \$95.9 million in the six months ended June 30, 2023 compared to the same period in 2022. As a percent of revenue, sales and marketing expenses decreased to 23% for the six months ended June 30, 2023, from 26% for the same period in 2022. This was primarily driven by (i) \$13.1 million in decreased performance marketing spend and (ii) \$0.9 million in lower occupancy costs. These increases were partially offset by \$1.4 million in higher employee-related costs and \$0.6 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business. We expect sales and marketing expenses to continue to fluctuate as we optimize our sales channels and invest in new customer acquisition, products and geographies.

*Product Development*. Product development expenses increased by \$13.8 million, or 45%, to \$44.6 million in the six months ended June 30, 2023 as compared to the same period in 2022. This increase in product development was primarily driven by (i) \$11.0 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business and (ii) \$3.8 million in higher employee and third-party contractor related costs, net of capitalized labor for the six months ended June 30, 2023. We expect product development expenses, of which a portion will be capitalized, to continue in the foreseeable future, as we pursue opportunities to invest in developing new products and internal tools and enhance the functionality of our existing products and technologies.

*General and Administrative*. General and administrative expenses increased by \$8.0 million, or 13%, to \$71.9 million in the six months ended June 30, 2023 compared to the same period in 2022. This increase was driven by (i) \$8.6 million in higher personnel and non-cash equity-based compensation expense; and (ii) \$2.9 million of expense associated with non-recurring Giphy Retention Compensation, which are not considered ongoing expenses necessary to operate our business. These increases are partially offset by \$2.1 million in lower professional fees and \$0.7 million in lower occupancy costs. For the six months ended June 30, 2023 and 2022, general and administrative expenses also included approximately \$3.0 million and \$3.9 million in transaction costs related to the Giphy and Pond5 acquisitions, respectively.

*Bargain Purchase Gain.* In the six months ended June 30, 2023, we recognized a bargain purchase gain of \$41.9 million related to the acquisition of Giphy, which represents the excess of the fair value of the net assets acquired in addition to the net negative purchase price.

*Other Income / (Expense), Net.* During the six months ended June 30, 2023, other income / (expense), net substantially consisted of \$1.7 million of favorable unrealized foreign currency fluctuations, \$0.8 million of interest income, partially offset by \$0.7 million of interest expense related to our credit facility. During the six months ended June 30, 2022, approximately \$1.8 million of other expense, net consisted of unfavorable unrealized foreign currency fluctuations. As we increase the volume of business transacted in foreign currencies resulting from international expansion and as currency rates fluctuate, we expect foreign currency gains and losses to continue to fluctuate.

*Income Taxes.* Income tax expense increased by \$0.6 million for the six months ended June 30, 2023 as compared to the same period in 2022. Our effective tax rates for the six months ended June 30, 2023 and 2022 were 10.7% and 16.9%, respectively.

For the six months ended June 30, 2023, the net effect of discrete items decreased the effective tax rate by 7.1%. The discrete items for the six months ended June 30, 2023, primarily relate to the non-taxable bargain purchase gain associated with the acquisition of Giphy. Excluding discrete items, our effective tax rate would have been 17.8% for the six months ended June 30, 2023.

For the six months ended June 30, 2022, the effective tax rate decreased by 2.2% related primarily to windfall tax benefits associated with equity-based compensation. Excluding discrete items, our effective tax rate would have been 19.1% for the six months ended June 30, 2022.

As we continue to expand our operations outside of the United States, we have been and may continue to become subject to taxation in additional non-U.S. jurisdictions, and our effective tax rate could fluctuate accordingly.

### **Quarterly Trends**

Our operating results may fluctuate from quarter to quarter as a result of a variety of factors, including the effects of some seasonal trends in customer behavior, timing of acquisitions and the timing of revenue recognition associated with computer vision data partnerships. For example, we expect that certain customers' usage may decrease at times during the third quarter of each calendar year due to the summer vacation season and may increase at times during the fourth quarter of each calendar year due to support marketing campaigns in advance of the fourth quarter holiday season. While we believe seasonal trends have affected and will continue to affect our quarterly results, our growth trajectory may have overshadowed these effects to date.

In addition, expenditures on content by customers tend to be discretionary in nature, reflecting overall economic conditions, the economic prospects of specific industries, budgeting constraints, buying patterns and a variety of other factors, many of which are outside our control, including any impacts from COVID-19. As a result of these and other factors, the results of any prior quarterly or annual periods should not be relied upon as indicators of our future operating performance.

#### Liquidity and Capital Resources

As of June 30, 2023, we had cash and cash equivalents totaling \$87.1 million which consisted primarily of bank balances. Since inception, we have financed our operations primarily through cash flows generated from operations. In addition, if necessary, we have the ability to draw on our credit facility, which was obtained on May 6, 2022.

Historically, our principal uses of cash have included funding our operations, capital expenditures, content acquisitions, business combinations and asset acquisitions that enhance our strategic position, cash dividend payments and share purchases under our share repurchase program. We plan to finance our operations, capital expenditures and corporate actions largely through cash generated by our operations and our credit facility. Since our results of operations are sensitive to the level of competition we face, increased competition could adversely affect our liquidity and capital resources.

#### Dividends

We declared and paid cash dividends of \$0.54 per share of common stock, or \$19.4 million during the six months ended June 30, 2023.

On July 17, 2023, our Board of Directors declared a quarterly cash dividend of \$0.27 per share of outstanding common stock payable on September 14, 2023 to stockholders of record at the close of business on August 31, 2023. Future declarations of dividends are subject to the final determination of our Board of Directors, and will depend on, among other things, our future financial condition, results of operations, capital requirements, capital expenditure requirements, contractual restrictions, anticipated cash needs, business prospects, provisions of applicable law and other factors our Board of Directors may deem relevant.

#### Share Repurchase Program

In October 2015, our Board of Directors approved a share repurchase program (the "2015 Share Repurchase Program"), authorizing us to repurchase up to \$100 million of our common stock and, in February 2017, our Board of Directors approved an increase to the share repurchase program, authorizing us to repurchase up to an additional \$100 million of our outstanding common stock. As of December 31, 2022, we have fully utilized our authorization for repurchases under the 2015 Share Repurchase Program.

In June 2023, our Board of Directors approved a share repurchase program (the "2023 Share Repurchase Program"), providing authorization to repurchase up to \$100 million of our common stock.

We expect to fund future repurchases, if any, through a combination of cash on hand, cash generated by operations and future financing transactions, if appropriate. Accordingly, our share repurchase program is subject to us having available cash to fund repurchases. Under the share repurchase program, management is authorized to purchase shares of our common stock from time to time through open market purchases or privately negotiated transactions at prevailing prices as permitted by securities laws and other legal requirements, and subject to market conditions and other factors.

During the six months ended June 30, 2023, we repurchased approximately 80,400 shares of our common stock at an average cost of \$49.78. As of June 30, 2023, we had \$96 million of remaining authorization for repurchases under the 2023 Share Repurchase Program.

### Revolving Credit Facility

On May 6, 2022, we entered into a five-year \$100 million unsecured revolving loan facility (the "Credit Facility") with Bank of America, N.A., as Administrative Agent and other lenders. The Credit Facility includes a letter of credit sub-facility and a swingline facility and it also permits, subject to the satisfaction of certain conditions, up to \$100 million of additional revolving loan commitments with the consent of the Administrative Agent.

At our option, revolving loans accrue interest at a per annum rate based on either (i) the base rate plus a margin ranging from 0.125% to 0.500%, determined based on the Company's consolidated leverage ratio or (ii) the Term Secured Overnight Financing Rate ("SOFR") (for interest periods of 1, 3 or 6 months) plus a margin ranging from 1.125% to 1.5%, determined based on our consolidated leverage ratio. We are also required to pay an unused commitment fee ranging from 0.150% to 0.225%, determined based on the Company's consolidated leverage ratio. In connection with the execution of this agreement, we paid debt issuance costs of approximately \$0.6 million.

As of June 30, 2023 and December 31, 2022, we had \$30 million and \$50 million, respectively, of outstanding borrowings under the Credit Facility. As of June 30, 2023, we had a remaining borrowing capacity of \$68 million, net of standby letters of credit. For the three and six months ended June 30, 2023, cash interest paid was not significant.

The Credit Facility contains financial covenants and requirements restricting certain of our activities, which are usual and customary for this type of loan. We are also required to maintain compliance with a consolidated leverage ratio and a consolidated interest coverage ratio, in each case, determined in accordance with the terms of the Credit Facility. As of June 30, 2023, we are in compliance with these covenants.

### Sources and Uses of Funds

We believe, based on our current operating plan, that our cash and cash equivalents, and cash from operations, will be sufficient to meet our anticipated cash needs for at least the next 12 months. Our longer-term liquidity is contingent upon future operating performance. Future capital expenditures will generally relate to building enhancements to the functionality of our current platform, the acquisition of additional storage, servers, network connectivity hardware, security apparatus and software, leasehold improvements and furniture and fixtures related to office expansion and relocation, content and general corporate infrastructure.

As of June 30, 2023, we had approximately \$78 million in unconditional cash obligations, consisting primarily of purchase obligations related to contracts for cloud-based services, infrastructure and other business services as well as minimum royalty guarantees in connection with certain content licenses, of which the majority is due to be paid within the next two years. In addition, as of June 30, 2023, we had approximately \$51 million in operating lease obligations with lease payments extending through 2029.

See Note 14 to our Unaudited Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q for information regarding our existing capital commitments as of June 30, 2023.

## Cash Flows

The following table summarizes our cash flow data for the six months ended June 30, 2023 and 2022 (in thousands):

		une 30,			
		2023	2022		
Net cash provided by operating activities	\$	96,589	\$	59,574	
Net cash used in investing activities	\$	(66,128)	\$	(240,323)	
Net cash used in financing activities	\$	(57,929)	\$	(45,397)	

#### **Operating Activities**

Our primary source of cash from operating activities is cash collections from our customers. The majority of our revenue is generated from credit card transactions and is typically settled within one to five business days. Our primary uses of cash for operating activities are for the payment of royalties to content contributors, employee-related expenditures and the payment of other operating expenses incurred in the ordinary course of business.

Net cash provided by operating activities was \$96.6 million for the six months ended June 30, 2023, compared to \$59.6 million for the six months ended June 30, 2022. In the six months ended June 30, 2023, operating cash flows were favorably impacted from changes in the timing of cash collections from our computer vision customers and payments pertaining to operating expenses, which can cause operating cash flow to fluctuate from period to period.

In addition, operating cash flows for the six months ended June 30, 2023 were unfavorably impacted by the recurring and and non-recurring payments made to the Giphy workforce, the reimbursement of which is reflected in Investing Activities on

the Statement of Cash Flows. Operating cash flows for the six months ended June 30, 2022 were unfavorably impacted by several large accounts payables and accrued expense items from 2021 that were paid in 2022.

### Investing Activities

Cash used in investing activities for the six months ended June 30, 2023 was \$66.1 million, consisting primarily of (i) \$53.7 million used in the acquisition of Giphy, net of cash acquired, (ii) capital expenditures of \$22.9 million for internal-use software and website development costs and purchases of software and equipment, and (iii) \$5.3 million paid to acquire the rights to distribute certain digital content into perpetuity. These cash outflows were partially offset by (i) \$15.8 million of Giphy Retention Compensation, as reimbursed by the Giphy seller.

Cash used in investing activities in the six months ended June 30, 2022 was \$240.3 million, consisting primarily of (i) \$212.1 million used in the acquisitions of Pond5 and Splash News, net of cash acquired, (ii) capital expenditures of \$20.8 million for internal-use software and website development costs and purchases of software and equipment, and (iii) \$7.0 million paid to acquire the rights to distribute certain digital content in perpetuity.

#### Financing Activities

Cash used in financing activities in the six months ended June 30, 2023 was \$57.9 million, consisting of (i) \$50.0 million used for the repayment of our Credit Facility; (ii) \$19.4 million, related to the payment of the quarterly cash dividend, (iii) \$14.5 million paid in settlement of tax withholding obligations related to employee stock-based compensation awards and (iv) \$4.0 million paid in connection with the repurchase of common stock under our 2023 Share Repurchase Program. These amounts were partially offset by \$30.0 million proceeds received from our Credit Facility.

Cash used in financing activities in the six months ended June 30, 2022 was \$45.4 million, consisting of (i) \$56.9 million in connection with the repurchase of common stock under our share repurchase program; (ii) \$21.0 million paid in settlement of tax withholding obligations related to employee stock-based compensation awards; and (iii) \$17.4 million related to the payment of the quarterly cash dividend. These amounts were partially offset by \$50.0 million proceeds received from our Credit Facility.

### **Non-GAAP Financial Measures**

To supplement our consolidated financial statements presented in accordance with the accounting principles generally accepted in the United States, or GAAP, our management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted common share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), and free cash flow. These non-GAAP financial measures are included solely to provide investors with additional information regarding our financial results and are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

	Three Months	s Endeo	d June 30,		Six Months Ended June 30,					
	 2023		2022		2023		2022			
Non-GAAP Financial Measures (in thousands):										
Adjusted EBITDA	\$ 60,055	\$	48,927	\$	129,819	\$	103,736			
Adjusted net income	39,058		30,272		86,192		67,456			
Free cash flow	\$ 33,351	\$	21,564	\$	84,219	\$	31,778			
Revenue growth on a constant currency basis	1 %		13 %		5 %		12 %			

These non-GAAP financial measures have not been calculated in accordance with GAAP, should be considered only in addition to results prepared in accordance with GAAP and should not be considered as a substitute for, or superior to, GAAP measures. In addition, adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted common share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) and free cash flow should not be construed as indicators of our operating performance, liquidity or cash flows generated by operating, investing and financing activities, as there may be significant factors or trends that they fail to address. We caution investors that non-GAAP financial information, by its nature, departs from traditional accounting conventions; accordingly, its use can make it difficult to compare our current results with our results from other reporting periods and with the results of other companies.

Our management uses these non-GAAP financial measures, in conjunction with GAAP financial measures, as an integral

part of managing the business and to, among other things: (i) monitor and evaluate the performance of our business operations, financial performance and overall liquidity; (ii) facilitate management's internal comparisons of the historical operating performance of its business operations; (iii) facilitate management's external comparisons of the results of its overall business to the historical operating performance of other companies that may have different capital structures and debt levels; (iv) review and assess the operating performance of our management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) analyze and evaluate financial and strategic planning decisions regarding future operating investments; and (vi) plan for and prepare future annual operating budgets and determine appropriate levels of operating investments.

Management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted common share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) and free cash flow are useful to investors because these measures enable investors to analyze our operating results on the same basis as that used by management. Additionally, management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share provide useful information to investors about the performance of the Company's overall business because such measures eliminate the effects of unusual or other infrequent charges that are not directly attributable to our underlying operating performance. Management believes that revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) provides useful information to investors by eliminating the effect of foreign currency fluctuations that are not directly attributable to our operating performance. Management also believes that providing these non-GAAP financial measures enhances the comparability for investors in assessing our financial reporting. Management believes that free cash flow is useful for investors because it provides them with an important perspective on the cash available for strategic measures, after making necessary capital investments in property and equipment to support the Company's ongoing business operations and provides them with the same measures that management uses as the basis for making resource allocation decisions.

Our use of non-GAAP financial measures has limitations as an analytical tool, and these measures should not be considered in isolation or as a substitute for an analysis of our results as reported under GAAP, as the excluded items may have significant effects on our operating results and financial condition. Additionally, our methods for measuring non-GAAP financial measures may differ from other companies' similarly titled measures. When evaluating our performance, these non-GAAP financial measures should be considered in addition to other financial performance measures, including various cash flow metrics, net income and our other GAAP results.

Our method for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted common share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) and free cash flow, as well as a reconciliation of the differences between adjusted EBITDA, adjusted net income, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) and free cash flow, and the most comparable financial measures calculated and presented in accordance with GAAP, are presented below.

The expense associated with the Giphy Retention Compensation related to (i) the one-time employment inducement bonuses and (ii) the vesting of the cash value of unvested Meta equity awards held by the employees prior to closing, which are reflected in operating expenses (together, the "Giphy Retention Compensation Expense - non-recurring"), are required payments in accordance with the terms of the acquisition. Meta's sale of Giphy was directed by the CMA and accordingly, the terms of the acquisition were subject to CMA preapproval. Management considers the operating expense associated with these required payments to be unusual and non-recurring in nature. The Giphy Retention Compensation Expense - non-recurring is not considered ongoing expense necessary to operate the Company's business. Therefore, such expenses have been included in the below adjustments for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share. For the three months ended June 30, 2023, the Company also incurred \$0.5 million of Giphy Retention Compensation expense related to recurring employee costs, which is included in operating expenses, and are not included in the below adjustments for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income per diluted common share.

# Adjusted EBITDA and Adjusted EBITDA Margin

We define adjusted EBITDA as net income adjusted for depreciation and amortization, non-cash equity-based compensation, bargain purchase gain related to the acquisition of Giphy, Giphy Retention Compensation Expense - non-recurring, foreign currency transaction gains and losses, severance costs associated with strategic workforce optimizations, interest income and expense and income taxes. We define adjusted EBITDA margin as the ratio of adjusted EBITDA to revenue.

The following is a reconciliation of net income to adjusted EBITDA for each of the periods indicated (in thousands):

### Adjusted Net Income and Adjusted Net Income Per Diluted Common Share

We define adjusted net income as net income adjusted for the impact of non-cash equity-based compensation, the amortization of acquisition-related intangible assets, bargain purchase gain related to the acquisition of Giphy, Giphy Retention Compensation Expense - non-recurring, severance costs associated with strategic workforce optimizations and the estimated tax impact of such adjustments. We define adjusted net income per diluted common share as adjusted net income divided by weighted average diluted shares.

The following is a reconciliation of net income to adjusted net income for each of the periods indicated (in thousands, except per share data):

### Revenue Growth (including by distribution channel) on a Constant Currency Basis

We define revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) as the increase in current period revenues over prior period revenues, utilizing fixed exchange rates for translating foreign currency revenues for all periods in the comparison.

# Free Cash Flow

We define free cash flow as our cash provided by operating activities, adjusted for capital expenditures, content acquisition and cash received related to Giphy Retention Compensation in connection with the acquisition of Giphy.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are exposed to market risks in the ordinary course of our business, including risks related to foreign currency exchange rate fluctuation, interest rate fluctuation and inflation.

### Foreign Currency Exchange Risk

Our sales to international customers are denominated in multiple currencies, including but not limited to the U.S. dollar, the euro, the British pound, the Australian dollar and the Japanese yen. Revenue denominated in foreign currencies as a percentage of total revenue was approximately 30% and 33% for the six months ended June 30, 2023 and 2022, respectively. Changes in exchange rates will affect our revenue and certain operating expenses to the extent that our revenue is generated and expenses are incurred in currencies other than the U.S. dollar. Royalties earned by and paid to contributors are denominated in the U.S. dollar and will not be affected by changes in exchange rates. Based on our foreign currency denominated revenue for the six months ended June 30, 2023, we estimate that a 10% change in the exchange rate of the U.S. dollar against all foreign currency denominated revenues would result in an approximately 3% impact on our revenue.

We have established foreign subsidiaries in various countries and have concluded that the functional currency of these entities is generally the local currency. Business transacted in currencies other than each entity's functional currency results in transactional gains and losses. Translation adjustments resulting from converting the foreign subsidiaries' financial statements into U.S. dollars are recorded as a component of accumulated other comprehensive loss in stockholders' equity. We do not currently enter into derivatives or other financial instruments in order to hedge our foreign currency exchange risk, but we may do so in the future.

Our historical revenue by currency is as follows (in thousands):

#### Interest Rate Fluctuation Risk

Our cash and cash equivalents consist of cash and money market accounts. The primary objective of our investment activities is to preserve principal while maximizing income without significantly increasing risk. The fair value of our cash and cash equivalents is not particularly sensitive to interest rate changes.

Amounts borrowed under our Credit Facility accrue interest at a per annum rate based on either (i) the base rate plus a margin ranging from 0.125% to 0.500%, determined based on our consolidated leverage ratio or (ii) the Term Secured Overnight Financing Rate (for interest periods of 1, 3 or 6 months) plus a margin ranging from 1.125% to 1.5%, determined based on our consolidated leverage ratio. A hypothetical 10% change in interest rates would not have a material impact on our interest expense as of June 30, 2023.

#### Inflation Risk

We do not believe that inflation has had a material effect on our business, financial condition or results of operations. If our costs were to become subject to significant inflationary pressures, we may not be able to fully offset such higher costs through price increases. Our inability or failure to do so could harm our business, financial condition and results of operations.

### Item 4. Controls and Procedures.

## **Evaluation of Disclosure Controls and Procedures**

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2023. The term "disclosure controls and procedures," as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. However, any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objective.

Based on the evaluation of our disclosure controls and procedures as of June 30, 2023, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

# Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting identified in management's evaluation pursuant to Rules 13a-15(d) or 15d-15(d) of the Exchange Act during the period covered by this Quarterly Report on Form 10-Q that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

### PART II. OTHER INFORMATION

## Item 1. Legal Proceedings.

Although we are not currently a party to any material active litigation, from time to time, third parties assert claims against us regarding intellectual property rights, employment matters, privacy issues and other matters arising during the ordinary course of business. Although we cannot be certain of the outcome of any litigation or the disposition of any claims, nor the amount of damages and exposure, if any, that we could incur, we currently believe that the final disposition of all existing matters will not have a material adverse effect on our business, results of operations, financial condition or cash flows. In addition, in the ordinary course of our business, we are also subject to periodic threats of lawsuits, investigations and claims. Regardless of the outcome, litigation can have an adverse impact on us because of defense and settlement costs, diversion of management resources and other factors.

#### Item 1A. Risk Factors.

We operate in a rapidly changing environment that involves a number of risks that could materially affect our business, financial condition or future results, some of which are beyond our control. In addition to the other information set forth in this Quarterly Report on Form 10-Q, you should carefully consider the factors discussed in Part I, "Item 1A. Risk Factors" in our 2022 Form 10-K, which could materially affect our business, financial condition or future results. During the three months ended June 30, 2023, there were no material changes to these risk factors as described in our 2022 Form 10-K.

#### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.
