### Shutterstock Reports First Quarter 2021 Financial Results

Raises 2021 Full Year Guidance

New York, NY - April 27, 2021 - Shutterstock, Inc. (NYSE: SSTK) (the "Company"), a leading global creative platform offering full-service solutions, high-quality content, and tools for brands, businesses and media companies, today announced financial results for the first quarter ended March 31, 2021.

Commenting on the Company's performance, Stan Pavlovsky, the Company's Chief Executive Officer, said, "Shutterstock's strong first quarter results demonstrate that our subscription products are resonating in the market. We believe that by continually investing in product innovation, fresh content, and data & insights, we are well positioned to take advantage of the current rebound in industry demand for digital content and creative tools. Our newest content type, 3D, is performing above our expectations and offers tremendous untapped future growth opportunities. With three consecutive quarters of accelerating revenue growth, Shutterstock is building momentum and I am pleased that we have the confidence to increase our full year 2021 revenue and EBITDA guidance."

#### First Quarter 2021 highlights compared to First Quarter 2020:

Shutterstock completed the acquisition of TurboSquid, Inc. ("TurboSquid") on February 1, 2021, and as a result, TurboSquid's financial results have been included in the Company's consolidated financial statements subsequent to the acquisition date

Key Operating Metrics

- Subscribers increased 46% to 306,000. Subscriber revenue increased 20% to \$76.5 million.
- Average revenue per customer, increased 4.0% to \$342.
- Paid downloads decreased 2% to 45.8 million.
- Revenue per download increased 16% to \$3.96
- Image collection expanded 12% to approximately 370 million images. Footage collection expanded 17% to approximately 21 million clips.

#### Financial Highlights

- Revenue increased 14% to \$183.3 million. On a constant currency basis, revenue increased 11%.
- Income from operations increased 559% to \$38.1 million.
- Net income increased 584% to \$29.5 million.
- Adjusted EBITDA increased 156% to \$56.4 million. Diluted EPS increased by \$0.67 to \$0.79 per share. •
- . Adjusted net income per diluted share increased by \$0.72 to \$0.98 per share.

#### FIRST QUARTER RESULTS

#### Revenue

First quarter revenue of \$183.3 million increased \$22.0 million or 14% as compared to the first quarter of 2020. Revenue generated through our E-commerce sales channel increased 19% as compared to the first quarter of 2020, to \$118.4 million, and represented 65% of total revenue in the first quarter of 2021. Revenue from our Enterprise sales channel increased 5% as compared to the first quarter of 2020, to \$64.9 million, and represented 35% of first quarter revenue in 2021.

On a constant currency basis, revenue increased 11% in the first quarter of 2021 as compared to the first quarter of 2020. On a constant currency basis, E-commerce revenue increased by 16% in the first quarter of 2021, as compared to the first quarter of 2020. On a constant currency basis, E-top as a constant currency basis, E-top as a compared to the first quarter of 2021, as compared to the first quarter of 2020. On a constant currency basis, E-top as a constant currency basis, E-top as a compared to the first quarter of 2021, as compared to the first quarter of 2020.

#### Net income and Income per diluted share

Net income of \$29.5 million, increased \$25.2 million as compared to \$4.3 million for the first quarter in 2020. Net income per diluted share was \$0.79, as compared to \$0.12 for the same period in 2020. This increase is due primarily to increased revenue in the first quarter of 2021, as compared to the first quarter of 2020 and to margin expansion initiatives, which have resulted in lower operating expenses.

Adjusted net income per diluted share was \$0.98 as compared to \$0.26 for the first quarter of 2020, an increase of \$0.72 per diluted share.

#### Adjusted EBITDA

Adjusted EBITDA of \$56.4 million for the first quarter of 2021 increased by \$34.4 million, or 156%, as compared to the first quarter of 2020, due primarily to increased revenue, and to our margin expansion initiatives. The adjusted EBITDA margin increased to 30.8% from 13.7% in the first quarter of 2020.

#### FIRST QUARTER LIQUIDITY

Our cash and cash equivalents decreased by \$64.6 million to \$363.9 million at March 31, 2021, as compared with \$428.6 million as of December 31, 2020. This decrease was driven by \$81.2 million used in investing activities and \$19.4 million used in financing activities, partially offset by \$35.8 million of net cash provided by our operating activities.

Net cash provided by our operating activities was favorably affected by our increased operating income, in addition to changes in the timing of payments pertaining to operating expenses. Cash used in investing activities primarily consists of \$72.2 million cash used in the acquisition of TurboSquid and \$8.5 million related to capital expenditures. Cash used in financing activities consists primarily of \$13.0 million paid in settlement of tax withholding obligations related to employee stock-based compensation awards and \$7.6 million related to the payment of the quarterly cash dividend.

Free cash flow was \$26.8 million for the first quarter of 2021, an increase of \$20.6 million from the first quarter of 2020. This change was primarily driven by higher cash flows from operating activities.

#### QUARTERLY CASH DIVIDEND

During the three months ended March 31, 2021, the Company declared and paid cash dividends of \$0.21 per common share, or \$7.6 million.

On April 19, 2021, the Board of Directors declared a dividend of \$0.21 per share of outstanding common stock, payable on June 17, 2021 to stockholders of record at the close of business on June 3, 2021.

#### KEY OPERATING METRICS

		Three Months Ended March	h 31,
	2	2021	2020
Subscribers (end of period) <sup>(1)</sup>		306,000	209,000
Subscriber revenue (in millions) <sup>(2)</sup>	\$	76.5 \$	63.9
Average revenue per customer (last twelve months) <sup>(3)</sup>	\$	342 \$	329
Paid downloads (in millions) <sup>(4)</sup>		45.8	46.8
Revenue per download (5)		\$3.96	\$3.42
Content in our collection (end of period, in millions) <sup>(6)</sup> :			
Images		370	330
Footage clips		21	18

(1) Subscribers is defined as those customers who purchase one or more of our monthly recurring products for a continuous period of at least three months, measured as of the end of the reporting period.

(2) Subscriber revenue is defined as the revenue generated from subscribers during the period.

(3) Average revenue per customer is calculated by dividing total revenue for the last twelve-month period by customers. Customers is defined as total active, paying customers that contributed to total revenue over the last twelve-month period.

(4) Paid downloads is the number of downloads that our customers make in a given period of our content. Paid downloads exclude custom content and downloads of content that are offered to customers for no charge, including our free image of the week.

(5) Revenue per download is the amount of content-related revenue recognized in a given period divided by the number of paid downloads in that period excluding revenue from custom content and the impact of revenue that is not derived from or associated with content licenses.

(6) Represents approved images (photographs, vectors and illustrations) and footage (in number of clips) in our library on shutterstock.com at the end of the period. This collection metric excludes content that is not uploaded directly to our site but is available for license by our customers through an application program interface, custom content that may be licensed for editorial use only.

3

#### 2021 GUIDANCE UPDATE

The Company's revised expectations for the full year 2021, are as follows:

Revenue of \$720 million to \$730 million, representing annual growth of 8% to 9.5%, an increase from the previous guidance of \$708 million to \$722 million.

- Adjusted EBITDA of between \$171 million to \$177 million, an increase from the previous guidance of \$165 million to \$171 million.
- Adjusted net income per diluted share of between \$2.78 to \$2.93, an increase from the previous guidance of \$2.75 to \$2.90 per diluted share.

#### NON-GAAP FINANCIAL MEASURES

To supplement Shutterstock's consolidated financial statements presented in accordance with the accounting principles generally accepted in the United States, or GAAP, Shutterstock's management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and free cash flow.

Shutterstock defines adjusted EBITDA as net income adjusted for depreciation and amortization, non-cash equity-based compensation, foreign currency transaction gains and losses, interest income and expense and income taxes; adjusted EBITDA margin as the ratio of adjusted EBITDA to revenue; adjusted net income adjusted for the impact of non-cash equity-based compensation, the amortization of acquisition-related intagible assets and the estimated tax impact of such adjustments; adjusted net income a gainst and losses, interest income and expense and income taxes; adjusted for the impact of non-cash equity-based compensation, the amortization of acquisition-related intagible assets and the estimated tax impact of such adjustments; adjusted net income adjusted net income divided by weighted average diluted shares; revenue growth (including by distribution channel) on a constant currency basis as the increase in currency revenues for all periods in the comparison; billings as revenue adjusted for the change in deferred revenue during the period; and free cash flow as cash provided by operating activities, adjusted for capital expenditures, content acquisition, and, with respect to the year ended December 31, 2020, a payment associated with long-term incentives related to our 2017 acquisition of Flashstock. These figures have not been claculated in accordance with GAAP and should be considered only in addition to results prepared in accordance with GAAP and substitute for, or superior to, GAAP results. Shutterstock cautions investors that non-GAAP financial measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

Shutterstock's management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and free cash flow are useful to investors because these measures enable investors to analyze Shutterstock's operating results on the same basis as that used by management. Additionally, management believes that adjusted EBITDA, adjusted net income per diluted share provide useful information to investors about the performance of the Company's overall business because such measures enable investors to unusual or other infrequent charges that are not directly attributable to Shutterstock's underlying operating performance; and revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage) provides useful information to investors by eliminating the effect of foreign currency fluctuations that are not directly attributable to Shutterstock's operating performance. Management also believes that providing these non-GAAP financial measures enhances the comparability for investors in assessing Shutterstock's financial reporting. Shutterstock's financial reporting. Shutterstock's management believes that free cash flow is useful for investors because it provides them with an important perspective on the cash available for strategic measures, after making necessary capital investments in property and equipment to support the Company's ongoing business operations and after excluding the impact of nonrecurring payments associated with long-term incentives related to our 2017 acquisition of Flashstock, and provides them with the same measures that management uses as the basis for making resource allocation decisions.

Shutterstock's management also uses the non-GAAP financial measures adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and free cash flow, in conjunction with GAAP financial measures, as an integral part of managing the business and to, among other things: (i) monitor and evaluate the performance of Shutterstock's business operations, financial performance and overall liquidity; (ii) facilitate management's internal comparisons of the historical operating performance of its business to the historical operating performance of Shutterstock's management capital structures and debt levels; (iv) review and assess the operating performance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) analyze and evaluate financial and strategic planning decisions regarding future operating investments; and (vi) plan for and prepare future annual operating budgets and determine appropriate levels of operating investments.

Reconciliations of the differences between adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, billings, free cash flow, and the most comparable financial measures calculated and presented in accordance with GAAP, are presented under the headings "Reconciliation of Non-GAAP Financial Information to GAAP" and "Supplemental Financial Data" immediately following the Consolidated Balance Sheets. We do not provide a reconciliation of adjusted EBITDA guidance to net income guidance to a reiconciliation of adjusted net income per diluted share guidance to net income per diluted share guidance. Barre guidance date entities on the income per diluted share guidance to net income guidance to acculate with reasonable certainty the impact of potential future transactions, including, but not limited to, capital structure transactions, restructuring, acquisitions, divestitures or other events and asset impairments, without unreasonable effort. These amounts depend on various factors and could have a material impact on net income and net income per diluted share, but may be excluded from adjusted EBITDA and adjusted net income per diluted share. In addition, we believe such reconciliations would imply a degree of precision that would be confusing or misleading to investors.

#### EARNINGS TELECONFERENCE INFORMATION

The Company will discuss its first quarter and full year financial results during a teleconference today, April 27, 2021, at 8:30 AM ET. The conference call can be accessed in the U.S. at (844) 634-1442 or outside the U.S. at (615) 247-0239 with the conference ID# 8919625. A live audio webcast of the call will also be available simultaneously at http://investor.shutterstock.com.

Following completion of the call, a recorded replay of the webcast will be available in the investor relations section of Shutterstock's website. A telephone replay of the call will also be available until May 4, 2021 in the U.S. at (855) 859-2056 or outside the U.S. at (404) 537-3406 with the conference ID# 8919625.

Additional investor information can be accessed at http://investor.shutterstock.com.

#### ABOUT SHUTTERSTOCK

Shutterstock, Inc. (NYSE: SSTK), is a leading global creative platform offering full-service solutions, high-quality content, and tools for brands, businesses and media companies. Directly and through its group subsidiaries, Shutterstock's comprehensive collection includes high-quality licensed photographs, vectors, illustrations, 3D models, videos and music. #### Shutterstock, Inc. Reconciliation of Non-GAAP Financial Information to GAAP (In thousands, except per share information) (unaudited)

Adjusted EBITDA, adjusted net income, revenue growth (including by distribution channel) on a constant currency basis, billings and free cash flow are not financial measures prepared in accordance with United States generally accepted accounting principles (GAAP). Such non-GAAP financial measures should not be construed as alternatives to any other measures of performance determined in accordance with GAAP. Investors are cautioned that non-GAAP financial measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

### **Forward-Looking Statements**

This presentation contains "forward-looking" statements within the meaning of the Private Securities Litigation Reform Act of 1995 that are based on our management's beliefs and assumptions and on information currently available to management. Forward-looking statements include information concerning Shutterstock, Inc.'s (the "Company's") possible or assumed future results of operations, business strategies, financing plans, competitive position, industry environment, potential growth opportunities, potential market opportunities, effects of COVID-19, the effects of competition and guidance for the full year 2021.

Forward-looking statements include all statements that are not historical facts and can be identified by terms such as "anticipates," "believes," "could," "estimates," "expects," "guidance," "intends," "may," "plans," "potential," "predicts," "projects," "seeks," "should," "will," "would" or similar expressions and the negatives of those terms. Forward-looking statements involve estimates, known and unknown risks, uncertainties and other factors that may or may not prove to be correct, and that are subject to contingencies outside our control and that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Forward-looking statements represent our management's beliefs and assumptions only as of the date made, and readers are cautioned not to place undue reliance on such statements. You should read our public filings with the Securities and Exchange Commission, including the Risk Factors set forth therein and the documents that we have filed as exhibits to those filings, completely and with the understanding that our actual future results may be materially different from what we currently expect. You should not place undue reliance on any forward-looking statements to enfloace induce on any forward-looking statements contained on this site. Except as required by law, we assume no obligation to update these forward-looking statements to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events.

The information contained on this site does not constitute an offer to sell, or the solicitation of an offer to buy, any securities or the solicitation of any vote or approval. Any such offer or solicitation would be made only by means of a registration statement (including a prospectus) filed with the U.S. Securities and Exchange Commission, after such registration statement becomes effective.

### **Non-GAAP Financial Measures**

To supplement our consolidated financial statements presented in accordance with the accounting principles generally accepted in the United States, or GAAP. Shutterstock's management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted met income principles generally accepted in the United States, or GAAP. Shutterstock's management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted EBITDA as net income adjusted for the preciation and amortization, non-cash equity-based compensation, foreign currency transaction gains and losses, interest income and income taxes, adjusted EBITDA margin as the ratio of adjusted for the impact of non-cash equity-based compensation, the amortization of acquisiton-related intangbie assets and the estimated tax impact of such adjusted tax inpact of non-cash equity-based compensation, the amortization of acquisiton-related intangbie assets and the estimated tax impact of such adjusted tax inpact of non-cash equity-based compensation, the amortization of acquisiton-related intangbie assets and the estimated tax impact of such adjusted tax inpact of non-cash equity-based compensation, the amortization of acquisiton-related intangbie assets and the estimated tax impact of such adjusted tax inpact of non-cash equity-based compensation, the amortization of acquisiton-related intangbie assets and the estimated tax impact of such adjusted tax inpact of non-cash equity-based compensation. The amortization of acquisiton-related intangbie assets and the estimated tax impact of such adjusted tax inpact of non-cash equity-basis (expressed as a percentage). There and percentage and the comparise in turnercy basis (expressed as a percentage) as the increase in current period revenues over prior period revenues, adjusted tax i

measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-tited measures presented by other companies. Shutterstock's management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth on a constant currency basis (expressed as a precretage), billings and free cash flow are useful to investors because these measures enable our investors to analyze our operating results on the same basis as that used by management. Additionally, management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted share provide useful information to investors about the performance of the Company's overall business because such measures eliminate the effects of unusual or other infrequent charges that are not directly atributable to Shutterstock's underlying operating performance, and revenue growth on a constant currency basis (expressed as a percentage) provides useful information to investors by eliminating the effect of foreign currency fluctuations that are not directly atributable to Shutterstock's management believes that froviding these non-GAAP financial measures enhances the comparability for investors in assessing Shutterstock's management is upserted to company oscillar the eractly and equipment to support the Company's ongoing business operations and after excluding the impact of nonrecurring payments associated with long-term incentives related to our 2017 acquisition of Flashstock, and provides them with the same measures that management uses operations and after excluding the source allocation decisions.

Shutterstock's management also uses the non-GAAP financial measures adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth on a constant currency basis (expressed as a percentage), billings and free cash flow, in conjunction with GAAP financial measures, as an integral part of managing the business and to, among other things: (i) monitor and evaluate the performance of Shutterstock's business operations, financial performance and overall liquidity; (ii) facilitate management's internal comparisons of the historical operating performance of the historical operating performance of the comparisons of the results of its overall business operations; (iii) facilitate management's external comparisons of the results of its overall business operations; (iii) radiver and esses the operating performance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) review and assess the operating performance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) review and assess the operating performance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) review and assess the operating beformance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) review and assess the operating beformance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation and bonuses; (v) review and assess the operating budgets and determine appropriate levels of operating investments.

Reconciliations of the differences between adjusted EBITDA, adjusted net income, billings and free cash flow, and the most comparable financial measures calculated and presented in accordance with GAAP, is presented immediately following the "Liquidity and Capital Allocation" slide. We do not provide a reconciliation of adjusted EBITDA guidance to net income guidance or a reconciliation of adjusted net income per diluted share guidance to net income per diluted share guidance, because we are unable to calculate with reasonable entring the impact of optential flutture transactions; neturcutring, acquisitions, divestitures or other events and asset impairments, without unreasonable effort. These amounts depend on various factors and could have a material impact on net income and net income per diluted share. but may be excluded from adjusted EBITDA and adjusted net income per diluted share. In addition, we believe such reconciliations would imply a degree of precision that would be confusing or misleading to investors.

### First Quarter 2021 Financial Highlights

#### Compared to First Quarter 2020:

- Revenue increased 14% to \$183.3 million.
  - On a constant currency basis, revenue increased 11%.
- Net income increased 584% to \$29.5 million.
- Adjusted EBITDA increased 156% to \$56.4 million.
- Net income per diluted share increased by \$0.67 to \$0.79.
- Adjusted net income per diluted share increased by \$0.72 to \$0.98.
- Cash provided by operating activities of \$35.8 million in 2021 compared to \$6.9 million in 2020.
- Free cash flow was \$26.8 million in 2021 compared to \$6.2 million in 2020.

shutterstack

### First Quarter 2021 Operating Highlights

#### Compared to First Quarter 2020:

- Subscribers increased 46%, to 306,000.
- Subscriber revenue increased 20%, to \$76.5 million.
- Average revenue per customer (LTM) increased 4.0% to \$342.
- Paid downloads decreased 2% to 45.8 million.
- Image library expanded to over 370 million images, up 12%.
- Footage library expanded to over 21 million footage clips, up 17%.
- More than 1.7 million contributors made their images, footage clips and music tracks available on Shutterstock's platform, compared to over 1.2 million in the prior year.
- More than 2.0 million customers contributed to revenue over the past 12 months, up from over 1.9 million last year.

### Liquidity and Capital Allocation

#### **Cash Flows:**

- Cash and cash equivalents decreased \$64.6 million during the three months ended March 31, 2021 to \$363.9 million.
- For the three months ended March 31, 2021:
  - Operating cash inflows were \$35.8 million.
  - Investing cash outflows were \$81.2 million, primarily consisting of \$72.2 million cash used in the acquisition of TurboSquid and \$8.5 million related to capital expenditures.
  - Financing cash outflows were \$19.4 million, which primarily consisted of \$13.0 million paid in settlement of tax withholding obligations related to employee stock-based compensation awards and \$7.6 million from our quarterly dividend of \$0.21 per share.
  - Free cash flows were \$26.8 million.

#### **Quarterly Cash Dividend:**

• On April 19, 2021, the Board of Directors declared a dividend of \$0.21 per share of outstanding common stock, payable on June 17, 2021 to stockholders of record at the close of business on June 3, 2021.

Subscribers is defined as those customers who purchase one or more of our monthly recurring products for a continuous period of at least three months, measured as of the end of the reporting period.
 Subscriber revenue is defined as the revenue generated from subscribers during the period.
 Average revenue per customer is calculated by dividing total revenue for the last twelve-month period by customers. We define customers as total active, paying customers that contributed to total revenue over the last twelve-month period.
 Paid downloads is the number of downloads that our customers make in a given period of our content. Paid downloads exclude custom content and downloads of content that are offered to customers for no charge, including our free image of the week.
 Revenue per download is the amount of content-related revenue recognized in a given period divided by the number of downloads in that period excluding revenue free insociated with content tentents.
 Revenue per download is the amount of content-related revenue recognized in a given period divided by the number of paid downloads in that period excluding revenue from custom content and the impact of revenue that is not derived from or associated with content tentenses.
 Represents approved images (fibriographs, vectors and illustrations) and floatage (in number of clips) in our library on shutterstock.com at the end of the period. This collection metric excludes content that is not uploaded directly to our site but is available for license by our customers through an application program interface, custom content and certain content that may be licensed for editorial use only.
