FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, particularly in the discussion under the caption “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” All statements other than statements of historical fact are forward-looking. Examples of forward-looking statements include, but are not limited to, statements regarding our proposed merger with Getty Images Holdings, Inc. (the “Merger”), guidance, industry prospects, future business, future results of operations or financial condition, future dividends, future stock performance, our ability to consummate acquisitions and integrate the businesses we have acquired or may acquire into our existing operations, new or planned features, products or services, management strategies and our competitive position. You can identify many forward-looking statements by words such as “may,” “will,” “would,” “should,” “could,” “expects,” “aims,” “anticipates,” “believes,” “estimates,” “intends,” “plans,” “predicts,” “projects,” “seeks,” “potential,” “opportunities” and other similar expressions and the negatives of such expressions. However, not all forward-looking statements contain these words. Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that could cause our actual results to differ materially from those expressed or implied by the forward-looking statements. Such risks and uncertainties include, among others, risks related to the proposed Merger; our ability to continue to attract and retain customers of, and contributors to, our creative platform; competition in our industry; the effectiveness and efficiency of our marketing efforts; our ability to innovate technologically or develop, market and offer new products and services, or enhance existing technology and products and services; costs related to litigation or infringement claims, indemnification claims and the inability to prevent misuse of our content; our ability to increase market awareness of our brand and our existing and new products and services; pricing pressure, and increased service, indemnification and working capital requirements; expansion of our operations into new products, services and technologies; the impact of worldwide economic, political and social conditions; issues relating to the use of new and evolving technologies, such as AI; our ability to grow our revenues at historical rates; our ability to effectively expand, train, manage changes to and retain our sales force; our ability to effectively manage our growth; our ability to successfully make, integrate and maintain acquisitions and investments, risks related to our personnel; risks related to our use of independent contractors; the non-payment or late payment of amounts due to us and other payment-related risks; the potential impairment of our goodwill or intangible assets; the need to raise additional capital; risks related to our debt; our reliance on information technologies and systems and other risks related to our intellectual property and security vulnerabilities; our international operations and our continued expansion internationally; foreign exchange risk; risks related to regulatory and tax challenges; as well as those risks discussed under the caption “Risk Factors” in our most recently filed Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission (the “SEC”) on February 25, 2025 (our “2024 Form 10-K”) and in our consolidated financial statements, related notes, and the other information appearing elsewhere in the 2024 Form 10-K, this Quarterly Report on Form 10-Q and our other filings with the SEC. Given these risks and uncertainties, you should not place undue reliance on any forward-looking statements. The forward-looking statements contained in this Quarterly Report on Form 10-Q are made only as of the date hereof, and we do not intend, and, except as required by law, we undertake no obligation to update any forward-looking statements contained herein after the date of this report to reflect actual results or future events or circumstances.

Unless the context otherwise indicates, references in this Quarterly Report on Form 10-Q to the terms “Shutterstock,” “the Company,” “we,” “our” and “us” refer to Shutterstock, Inc. and its subsidiaries. “Shutterstock,” “Shutterstock Editorial,” “Asset Assurance,” “Offset,” “Bigstock,” “Rex Features,” “PremiumBeat,” “TurboSquid,” “PicMonkey,” “Pattern89,” “Shotzr,” “Pond5,” “Splash News,” “Giphy,” “Shutterstock Studios,” “Shutterstock Editor,” “Shutterstock.AI,” “Creative Flow,” “Backgrid,” “Envato,” “Envato Elements,” “Photodune,” “Tuts+,” “Themeforest,” “Codecanyon,” “Audiojungle,” “Graphicriver,” “Videohive,” “3DOcean,” “Mixkit,” and “Placeit” and their logos are registered trademarks and are the property of Shutterstock, Inc. or one of our subsidiaries. (1) Summary of Operations

Summary of Operations

Shutterstock, Inc. (the “Company” or “Shutterstock”) is a leading global creative platform connecting brands and businesses to high quality content.

The Company’s platform brings together users and contributors of content by providing readily-searchable content that customers pay to license and by compensating contributors as their content is licensed. Contributors upload their content to the Company’s web properties in exchange for royalty payments based on customer download activity. Beyond content, customers also leverage the Company’s platform to assist with the entire creative process from ideation through creative execution.

Digital content licensed to customers for their creative needs includes images, footage, music, and 3D models (the Company’s “Content” offering). Content revenues represent the majority of the Company’s business and are supported by the Company’s searchable creative platform and driven by the Company’s large contributor network.

In addition, customers have needs that are beyond traditional content license products and services. These include (i) licenses to metadata associated with the Company’s images, footage, music tracks and 3D models through the Company’s data offering, (ii) distribution and advertising services from the Company’s Giphy business, which consists of GIFs (graphics interchange format visuals) that serve as a critical ingredient in text- and message- based conversations and in contextual advertising settings, (iii) specialized solutions for high-quality content matched with production tools and services through Shutterstock Studios and (iv) other tailored white-glove services (collectively, the Company’s “Data, Distribution, and Services” offerings).

The Company’s Content offering includes:

- Images - consisting of photographs, vectors and illustrations. Images are typically used in visual communications, such as websites, digital and print marketing materials, corporate communications, books, publications and other similar uses.
- Footage - consisting of video clips, premium footage filmed by industry experts and cinema grade video effects, available in HD and 4K formats. Footage is often integrated into websites, social media, marketing campaigns and cinematic productions.
- Music - consisting of high-quality music tracks and sound effects, which are often used to complement images and footage.
- 3 Dimensional (“3D”) Models - consisting of 3D models, used in a variety of industries such as advertising, media and video production, gaming, retail, education, design and architecture.
- Generative AI Content - consisting of images generated from algorithms trained with high-quality, ethically sourced content. Customers can generate images by entering a description of their desired content into model prompts.

(2) Merger Agreement with Getty Images

On January 6, 2025, the Company entered into an Agreement and Plan of Merger (the “Merger Agreement”) to combine in a merger-of-equals transaction with Getty Images Holdings, Inc. (NYSE:GETY) (“Getty Images”) (such transaction referred to herein as the “Merger”). Subject to terms and conditions in the Merger Agreement, the aggregate consideration to be paid by Getty Images in respect of the outstanding shares of common stock of Shutterstock will be:

- (a) An amount in cash equal to the product of \$9.50 multiplied by the number of shares of Shutterstock common stock outstanding immediately prior to the transaction close (including vested Shutterstock restricted stock units and performance stock units); and
- (b) A number of shares of Getty Images common stock equal to the product of 9.17 multiplied by the number of shares of Shutterstock common stock outstanding immediately prior to the transaction close (including vested Shutterstock restricted stock units and performance stock units).

Each holder of shares of Shutterstock common stock immediately prior to the transaction close will have the option to receive, subject to proration, for each share of Shutterstock common stock held by such holder:

- (a) Cash consideration of \$9.50 and 9.17 shares of Getty Images common stock (a “Mixed Election”);
- (b) Cash consideration of \$28.8487; or
- (c) 13.67237 shares of Getty Images common stock.

If no election is made by a holder, each of such holder’s shares of Shutterstock common stock shall be treated as having made a Mixed Election.

A majority of Shutterstock stockholders approved the adoption of the Merger Agreement at a special meeting of stockholders held on June 10, 2025 (the “Shutterstock Stockholder Approval”). The Merger is subject to the satisfaction of customary closing conditions, further described below, including receipt of required regulatory approvals and the extension or refinancing of Getty Images’ existing debt obligations. Subject to the satisfaction of the closing conditions, upon closing of the Merger, Shutterstock’s common stock will be delisted from the NYSE and deregistered under the Securities Exchange Act of 1934, as amended. The closing of the Merger is subject to the satisfaction or waiver of certain closing conditions, including:

- the Shutterstock Stockholder Approval, which condition was subsequently satisfied as described above, and the Getty Images stockholder approval, which condition was subsequently satisfied by the Getty Images stockholder written consent;
- Getty Images’ registration statement on Form S-4 to be filed in connection with the Merger having become effective and the mailing of an information statement to Getty Images stockholders at least 20 business days prior to the closing, which condition was subsequently satisfied on April 30, 2025;
- absence of any order, injunction or other order or law in certain jurisdictions prohibiting the Merger or making the closing of the Merger illegal;
- expiration of the applicable waiting period (and extensions thereof) under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the receipt of other regulatory approvals deemed necessary or advisable;
- shares of Getty Images common stock to be issued in connection with the Merger having been approved for listing on the NYSE;
- accuracy of each party’s representations and warranties, subject to certain standards set forth in the Merger Agreement;
- performance and compliance in all material respects of each party’s agreements and covenants under the Merger Agreement;
- absence of any Getty Images material adverse effect or Shutterstock material adverse effect, as applicable and subject to the definitions thereof in the Merger Agreement;
- delivery of an opinion of tax counsel that the Second Merger and the Third Merger as defined in the Merger Agreement, taken together, will qualify as a “reorganization” within the meaning of section 368(a) of the Internal Revenue Code of 1986, as amended; and

(3) Summary of Significant Accounting Policies

Basis of Presentation

The unaudited condensed consolidated financial statements and accompanying notes have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, these financial statements do not include all information and footnotes required by GAAP for complete financial statements.

The interim Consolidated Balance Sheet as of June 30, 2025, and the Consolidated Statements of Operations, Comprehensive Income and Stockholders’ Equity for the three and six months ended June 30, 2025 and 2024, and the Consolidated Statements of Cash Flows for the six months ended June 30, 2025 and 2024 are unaudited. The Consolidated Balance Sheet as of December 31, 2024, included herein, was derived from the audited financial statements as of that date, but does not include all disclosures required by GAAP. These unaudited interim financial statements have been prepared on a basis consistent with the Company’s annual financial statements and, in the opinion of management, reflect all adjustments, which include all normal recurring adjustments necessary to fairly state the Company’s financial position as of June 30, 2025, and its consolidated results of operations, comprehensive income, stockholders’ equity and cash flows for the three and six months ended June 30, 2025 and 2024. The financial data and the other financial information disclosed in the notes to the financial statements related to these periods are also unaudited. The results of operations for the six months ended June 30, 2025 are not necessarily indicative of the results to be expected for the fiscal year ending December 31, 2025 or for any other future annual or interim period.

These financial statements should be read in conjunction with the Company’s audited consolidated financial statements and notes thereto as of and for the year ended December 31, 2024 included in the Company’s Annual Report on Form 10-K, which was filed with the SEC on February 25, 2025. The unaudited consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation. Certain immaterial changes in presentation have been made to conform the prior period presentation to current period reporting.

Use of Estimates

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements. Actual results could differ from those estimates. Such estimates include, but are not limited to, the determination of the allowance for doubtful accounts, the volume of expected unused licenses for our subscription-based products, the assessment of recoverability of property and equipment, the fair value of acquired goodwill and intangible assets, the amount of non-cash equity-based compensation, the assessment of recoverability of deferred tax assets, the measurement of income tax and contingent non-income tax liabilities and the determination of the incremental borrowing rate used to calculate the lease liability.

Cash and Cash Equivalents

The Company's cash and cash equivalents consist primarily of bank deposits.

Accounts Receivable and Allowance for Doubtful Accounts

The Company's accounts receivable consists of customer obligations due under normal trade terms, carried at their face value less an allowance for doubtful accounts, if required. The Company determines its allowance for doubtful accounts and credit losses based on an evaluation of (i) the aging of its accounts receivable considering historical receivables loss rates, (ii) on a customer-by-customer basis, where appropriate, and (iii) the economic environments in which the Company operates.

For certain Data, Distribution, and Services transactions, the Company has \$38.9 million of unbilled receivables of which \$25.0 million are recorded in Accounts Receivable and \$13.9 million are recorded in Other Assets, as of June 30, 2025.

During the six months ended June 30, 2025, the Company recorded bad debt expense of \$1.0 million. As of June 30, 2025 and December 31, 2024, the Company's allowance for doubtful accounts was approximately \$3.7 million and \$3.1 million, respectively. The allowance for doubtful accounts is included as a reduction of accounts receivable on the Consolidated Balance Sheets.

The Company has certain customer arrangements that contain financing elements. Interest income earned from these financing receivables is recorded on the effective interest method and is included within interest income on the Consolidated Statements of Operations. As of June 30, 2025 and December 31, 2024, approximately \$9.2 million and \$13.3 million of financing receivables, respectively, were included in accounts receivable and other assets on the Consolidated Balance Sheets.

In addition, as of June 30, 2025 two customers accounted for approximately 40% of the accounts receivable balance. As of December 31, 2024, one customer accounted for approximately 17% of the accounts receivable balance.

Chargeback and Sales Refund Allowance

The Company establishes a chargeback allowance and sales refund reserve allowance based on factors surrounding historical credit card chargeback trends, historical sales refund trends and other information. As of June 30, 2025 and December 31, 2024, the Company's combined allowance for chargebacks and sales refunds was \$0.2 million and \$0.3 million, respectively, which was included as a component of other current liabilities on the Consolidated Balance Sheets.

Revenue Recognition

A significant portion of the Company's revenue is earned from the license of content. Content licenses are generally purchased on a monthly or annual basis, whereby a customer pays for a predetermined quantity of content that may be downloaded over a specific period of time, or, on a transactional basis, whereby a customer pays for individual content licenses at the time of download. The Company also generates revenue from tools available through the Company's platform.

For contracts that contain multiple performance obligations, the Company allocates the transaction price to each performance obligation based on a relative standalone selling price. The standalone selling price is determined based on the price at which the performance obligation is sold separately, or if not observable through past transactions, is estimated taking into account available information including internally approved pricing guidelines and pricing information of comparable products.

The Company recognizes revenue upon the satisfaction of performance obligations. The Company recognizes revenue on both its subscription-based and transaction-based products when content is downloaded by a customer, at which time the license is provided. In addition, for subscription-based products in which the Customer obtains an allotted number of digital assets to download, the Company estimates expected unused licenses and recognizes the revenue associated with the unused licenses as digital assets are downloaded and licenses are obtained for such content by the customer during the subscription period. The estimate of unused licenses is based on historical download activity and future changes in the estimate could impact the timing of revenue recognition of the Company's subscription products. For unlimited download subscription-based products, the Company recognizes revenue in a manner that reflects estimated content download patterns during the subscription period. The estimate of content download patterns is based on historical download activities from the unlimited download products. Revenue associated with tools available through the Company's platform is recognized on a straight-line basis over the subscription period. The Company expenses contract acquisition costs as incurred, to the extent that the amortization period would otherwise be one year or less.

For customers making electronic payments, collectability is probable at the time the order or contract is entered. A significant portion of the Company's customers purchase products by making electronic payments with a credit card at the time

of the transaction. Customer payments received in advance of revenue recognition are contract liabilities and are recorded as deferred revenue. Customers that do not pay in advance are invoiced and are required to make payments under standard credit terms. Collectability for customers who pay on credit terms allowing for payment beyond the date at which service commences, is based on a credit evaluation for certain new customers and transaction history with existing customers.

The Company recognizes revenue gross of contributor royalties because the Company is the principal in the transaction as it is the party responsible for the performance obligation and it controls the product or service before transferring it to the customer. The Company also licenses content to customers through third-party resellers. Third-party resellers sell the Company's products directly to customers as the principal in those transactions. Accordingly, the Company recognizes revenue net of costs paid to resellers.

The Company also reports revenue net of return and chargeback allowances. These allowances are based off historical trends when available.

(4) Fair Value Measurements and Long-term Investments

Fair Value Measurements

The Company had no assets or liabilities requiring fair value hierarchy disclosures as of June 30, 2025 or December 31, 2024, except as noted below.

Other Fair Value Measurements

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value because of the short-term nature of these instruments. Debt consists of principal amounts outstanding under our credit facility, which approximates fair value as underlying interest rates are reset regularly based on current market rates and is classified as Level 2. The Company's non-financial assets, which include long-lived assets, intangible assets and goodwill, are not required to be measured at fair value on a recurring basis. However, if the Company is required to evaluate a non-financial asset for impairment, whether due to certain triggering events or because annual impairment testing is required, a resulting asset impairment would require that the non-financial asset be recorded at fair value.

Long-term Investments

Investment in Meitu, Inc. ("Meitu")

In 2018, the Company invested \$15.0 million in convertible preferred shares issued by ZCool Technologies Limited ("ZCool") (the "Preferred Shares"). ZCool's primary business is the operation of an e-commerce platform in the People's Republic of China (the "PRC") whereby customers can pay to license content contributed by creative professionals. ZCool and its affiliates have been the exclusive distributor of Shutterstock content in China since 2014.

On March 27, 2024, ZCool was acquired by Meitu, and the Company's Preferred Shares in ZCool were exchanged for \$18.4 million of Meitu common shares, resulting in an investment carrying value increase of \$3.4 million, which is recorded in Other income, net in the Consolidated Statement of Operations. Meitu's primary business is the provision of online advertising and other internet value added services in the PRC, and its common shares are publicly traded on the Main Board of The Stock Exchange of Hong Kong Limited. This investment is recorded at fair value on a recurring basis, with changes in fair value being recorded in Other income, net in the Consolidated Statement of Operations. Its fair value level hierarchy and amount at June 30, 2025 are as follows (in thousands):

	<u>As of June 30, 2025</u>	<u>As of December 31, 2024</u>

Other Long-Term Investments

In connection with its Data, Distribution, and Services business, the Company may receive equity instruments in addition to cash for revenue contract consideration. As of June 30, 2025 and December 31, 2024, the Company had \$30.5 million and \$24.0 million, respectively, recorded in Other Assets in the Consolidated Balance Sheet from equity instruments received. The Company estimated the value of these equity instruments based on issuers' recent market transactions at the time the instruments were received from the customers. The Company will use the measurement alternative for fair value since the equity instruments do not have a readily determinable fair value and will report the instruments at cost, adjusted for impairments or any observable price changes in ordinary transactions with identical or similar investments.

As of December 31, 2024, the Company also had a long-term investment in an equity security with no readily determinable fair value totaling \$5.0 million. The Company used the measurement alternative for fair value and the investment's carrying value was reported at cost, adjusted for impairments or any observable price changes in ordinary transactions with identical or similar investments. In the second quarter of 2025, the issuer of this security raised additional capital at a valuation that would result in the Company not recovering its investment in a liquidation event. Accordingly, as of June 30, 2025, the Company concluded this investment was fully impaired and recorded a \$5.0 million impairment charge in the three-month period ended June 30, 2025.

(5) Acquisitions

2024 Acquisitions

Envato

On July 22, 2024, the Company completed its acquisition of Envato Pty Ltd. ("Envato") pursuant to a Share Purchase Agreement (the "Purchase Agreement") entered into on May 1, 2024, to acquire all of the issued and outstanding capital stock of Envato. The aggregate amount paid by the Company, after customary working capital and other adjustments in accordance with the terms of the Purchase Agreement, was \$250.2 million. The consideration was sourced with cash obtained through the A&R Credit Agreement. See Note 9 Debt for more information. In connection with the acquisition, the Company incurred approximately \$7.0 million of transaction costs in total, which are included in general and administrative expenses on the Consolidated Statements of Operations.

Envato offers digital creative assets and templates, including Envato Elements, a creative subscription providing unlimited downloads of a diverse array of assets, templates, and more. The Company believes this acquisition complements Shutterstock's existing offerings and expands its reach with faster growing audiences such as freelancers, hobbyists, small businesses and agencies.

The purchased assets included identifiable intangible assets, comprised of trademarks, developed technology and customer relationships, which have weighted average useful lives of approximately 10 years, 5 years and 6 years, respectively. The fair values of the trademark and developed technology were determined using the relief-from-royalty method, and the fair value of the customer relationships was determined using the excess of earnings method. The goodwill arising from the transaction is primarily attributable to expected operational synergies and is not deductible for income tax purposes.

Backgrid

On February 1, 2024, the Company completed its acquisition of all of the outstanding shares of Backgrid USA, Inc. and Backgrid London LTD, (collectively, "Backgrid"), for approximately \$20 million, subject to customary working capital adjustments. The total purchase price was paid with existing cash on hand. In connection with the acquisition, the Company incurred approximately \$1.5 million of transaction costs in total, which are included in general and administrative expenses on the Consolidated Statements of Operations.

Backgrid supplies media organizations with real-time celebrity content. The Company believes this acquisition expands Shutterstock Editorial's Newsroom offering of editorial images and footage across celebrity, red carpet and live-events.

The identifiable intangible assets, trademark and developed technology, have useful lives of approximately 10 years and 5 years, respectively. The fair values of the trademark and developed technology were determined using the excess earnings and relief-from-royalty methods, respectively. The goodwill arising from the transaction is primarily attributable to expected operational synergies and is not deductible for income tax purposes.

The Envato and Backgrid transactions were accounted for using the acquisition method and, accordingly, the results of the acquired businesses have been included in the Company's results of operations from the respective acquisition dates. The fair value of consideration transferred in these business combinations have been allocated to the intangible and tangible assets acquired and liabilities assumed at the acquisition date, with the remaining unallocated amount recorded as goodwill. The identifiable intangible assets of these acquisitions are being amortized on a straight-line basis.

The aggregate purchase price for the Envato and Backgrid acquisitions have been allocated to the assets acquired and liabilities assumed as follows (in thousands):

¹ Envato's cash includes \$63.4 million for the funding of Envato obligations that were triggered upon the closing of the acquisition (the "Envato Seller Obligations"). These obligations are also reported as assumed liabilities within Other liabilities. The Envato Obligations would not have been incurred had the acquisition not closed, and are presented "on-the-line" because they are not reflected in either the acquirer's or acquiree's statement of operations.

² In the first quarter of 2025, the Company updated its preliminary allocation of the Envato purchase price to the assets acquired and liabilities assumed. This resulted in (i) a \$1.6 million increase to goodwill, (ii) a \$0.4 million decrease to Deferred tax assets, and (iii) a \$1.2 million increase to Other liabilities.

(9) Debt

On May 6, 2022, the Company entered into a five-year \$100 million unsecured revolving loan facility (the “Credit Facility”) with Bank of America, N.A., as Administrative Agent and other lenders. The Credit Facility included a letter of credit sub-facility and a swingline facility and it also permitted, subject to the satisfaction of certain conditions, up to \$100 million of additional revolving loan commitments with the consent of the Administrative Agent.

On July 22, 2024, the Company entered into an amended and restated credit agreement (the “A&R Credit Agreement”), which was entered into among the Company, as borrower, certain direct and indirect subsidiaries of the Company as guarantors, the lenders party thereto, and Bank of America, N.A., as Administrative Agent for the lenders. The A&R Credit Agreement provides for a five-year (i) senior unsecured term loan facility (the “Term Loan”) in an aggregate principal amount \$125 million and (ii) senior unsecured revolving credit facility (the “Revolver”) in an aggregate principal amount of \$250 million. The A&R Credit Agreement also provides for a letter of credit subfacility and a swingline facility.

At the Company’s option, loans under the A&R Credit Agreement accrue interest at a per annum rate based on either (i) the base rate plus a margin ranging from 0.375% to 0.750%, determined based on the Company’s consolidated net leverage ratio or (ii) the Term Secured Overnight Financing Rate (“SOFR”) (for interest periods of 1, 3 or 6 months) plus a margin ranging from 1.375% to 1.750%, determined based on the Company’s consolidated net leverage ratio, plus a credit spread of 0.100%. The Company is also required to pay an unused commitment fee ranging from 0.175% to 0.250%, determined based on the Company’s consolidated leverage ratio. In connection with the execution of this agreement, the Company paid debt issuance costs of approximately \$2.2 million.

The A&R Credit Agreement replaces the Company’s existing Credit Facility, which was fully repaid and terminated upon the effectiveness of the A&R Credit Agreement. In connection with the closing of the Credit Facility, the Company repaid \$30 million of existing outstanding borrowings and accrued interest.

As of June 30, 2025, the Company had a remaining borrowing capacity of \$94 million, net of standby letters of credit.

The A&R Credit Agreement contains financial covenants and requirements restricting certain of the Company’s activities, which are customary for this type of credit facility. The Company is also required to maintain compliance with a consolidated leverage ratio and a consolidated interest coverage ratio, in each case, determined in accordance with the terms of the A&R Credit Agreement. As of June 30, 2025, the Company was in compliance with these covenants.

The Company’s outstanding debt (in thousands) is reflected in the table below. The Company classifies the Revolver as a current liability since the Company could draw upon and repay the outstanding amount as needed. The maturity of the Revolver is in 2029.

The Company issued approximately 386,000 and 273,000 shares of common stock during the three months ended June 30, 2025 and 2024, respectively, related to the exercise of stock options and the vesting of restricted stock units.

Treasury Stock

In June 2023, the Company's Board of Directors approved a share repurchase program (the "2023 Share Repurchase Program"), providing authorization to repurchase up to \$100 million of its common stock.

The Company expects to fund future repurchases, if any, through a combination of cash on hand, cash generated by operations and future financing transactions, if appropriate. Accordingly, the 2023 Share Repurchase Program is subject to the Company having available cash to fund repurchases. Under the 2023 Share Repurchase Program, management is authorized to purchase shares of the Company's common stock from time to time through open market purchases or privately negotiated transactions at prevailing prices as permitted by securities laws and other legal requirements, and subject to market conditions and other factors.

As of June 30, 2025, the Company has repurchased approximately 5.5 million shares of common stock under the 2023 Share Repurchase Program at an average per-share cost of \$48.86. During the three and six months ended June 30, 2025, the Company did not repurchase any shares of common stock. During the three and six months ended June 30, 2024, the Company repurchased approximately 517,000 shares of its common stock at an average cost of \$39.83, under the 2023 Share Repurchase Program. As of June 30, 2025, the Company had \$30.2 million of remaining authorization for purchases under the 2023 Share Repurchase Program.

Dividends

The Company declared and paid cash dividends of \$0.33 and \$0.66 per share of common stock, or \$11.6 million and \$23.1 million during the three and six months ended June 30, 2025, respectively, and \$0.30 and \$0.60 per share of common stock, or \$10.7 million and \$21.3 million, during the three and six months ended June 30, 2024, respectively.

On July 21, 2025, the Company's Board of Directors declared a quarterly cash dividend of \$0.33 per share of outstanding common stock payable on September 18, 2025 to stockholders of record at the close of business on September 4, 2025. Future declarations of dividends are subject to the final determination of the Board of Directors, and will depend on, among other things, the Company's future financial condition, results of operations, capital requirements, capital expenditure requirements, contractual restrictions, anticipated cash needs, business prospects, provisions of applicable law and other factors the Board of Directors may deem relevant.

Equity-Based Compensation

The Company recognizes stock-based compensation expense for all equity-based compensation awards, including employee restricted stock units and performance-based restricted stock units (“PRSUs” and, collectively with Restricted Stock Units, “RSUs”) and stock options, based on the fair value of each award on the grant date. Awards granted prior to June 1, 2022 were granted under the Company’s Amended and Restated 2012 Omnibus Equity Incentive Plan (the “2012 Plan”). At the Annual Meeting held on June 2, 2022, the Company’s stockholders approved the 2022 Omnibus Equity Incentive Plan (the “2022 Plan”). Awards granted subsequent to June 2, 2022 were granted under the 2022 Plan. At the Annual Meeting held on June 6, 2024, the Company’s stockholders approved the Amended and Restated 2022 Omnibus Equity Incentive Plan (the “2022 Amended and Restated Plan”). Awards granted subsequent to June 6, 2024 were granted under the 2022 Amended and Restated Plan.

The following table summarizes non-cash equity-based compensation expense, net of forfeitures, by financial statement line item included in the accompanying Consolidated Statements of Operations for the three and six months ended June 30, 2025 and 2024 (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,

For the three and six months ended June 30, 2025 and 2024, substantially all of the Company’s non-cash equity-based compensation expense related to RSUs.

Stock Option Awards

During the six months ended June 30, 2025, no options to purchase shares of its common stock were granted. As of June 30, 2025, there were approximately 264,000 options vested and exercisable with a weighted average exercise price of \$32.95.

Restricted Stock Unit Awards

During the six months ended June 30, 2025, the Company had RSU grants, net of forfeitures, of approximately 2,872,000. As of June 30, 2025, there are approximately 5,094,000 non-vested RSUs outstanding with a weighted average grant-date fair value of \$28.10. As of June 30, 2025, the total unrecognized non-cash equity-based compensation expense related to the non-vested RSUs was approximately \$92.6 million, which is expected to be recognized through 2029.

During the six months ended June 30, 2025 and 2024, shares of common stock with an aggregate value of \$5.0 million and \$8.9 million were withheld upon vesting of RSUs and paid in connection with related remittance of employee withholding taxes to taxing authorities.

(11) Revenue

The Company distributes its products through two primary offerings:

Content: The majority of the Company’s customers license image, video, music and 3D content for commercial purposes either directly through the Company’s self-service web properties or through the Company’s dedicated sales teams. Content customers have the flexibility to purchase subscription-based plans that are paid on a monthly or annual basis. Customers are also able to license content on a transactional basis. These customers generally license content under the Company’s standard or enhanced licenses, with additional licensing options available to meet customers’ individual needs. Certain content customers also have unique content, licensing and workflow needs. These customers communicate with dedicated sales professionals, service and research teams which provide a number of tailored enhancements to their creative workflows including non-standard licensing rights, multi-seat access, ability to pay on credit terms, multi-brand licensing packages, increased indemnification protection and content licensed for use-cases outside of those available on the e-commerce platform.

Data, Distribution, and Services: The Company's Data, Distribution, and Services offerings address customer demand for products and services that are beyond the stock image, footage music and 3D model licenses. These offerings include access to the Company's metadata for machine learning and generative artificial intelligence model training and high-quality production and custom content at scale provided by Shutterstock Studios.

The Company's revenues by product offering for the three and six months ended June 30, 2025 and 2024 are as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2025	2024	2025	2024
Content	\$ 199,796	\$ 169,951	\$ 402,684	\$ 343,781

Total Revenue	\$ 266,990	\$ 220,053	\$ 509,610	\$ 434,368

Deferred revenue reported on the balance sheet represents unfulfilled performance obligations for which the Company has either received payment or has outstanding receivables. The June 30, 2025 deferred revenue balance will be earned as content is downloaded or upon the expiration of subscription-based products, and nearly all is expected to be earned within the next twelve months. \$161.9 million of total revenue recognized for the six months ended June 30, 2025 was reflected in deferred revenue as of December 31, 2024. In addition, as of June 30, 2025, the Company has approximately \$33.3 million of contracted but unsatisfied performance obligations relating primarily to our data deal offerings, which are not included as a component of deferred revenue and that the Company expects to recognize over a five year period. In certain of the Company's data deal contracts, the Company has provided customers with the right to cancel and has estimated a refund reserve. Should these cancellation rights not be exercised, this refund reserve would convert to revenue. For the three months ended June 30, 2025, the Company recognized \$4.9 million of revenue from the reversal of refund reserves. As of June 30, 2025, the Company does not have a refund reserve liability. As of December 31, 2024, the total refund reserve related to these contracts is \$7.3 million and \$5.7 million and is recorded in Other current liabilities and Other non-current liabilities, respectively.

(12) Other Income, net

The following table presents a summary of the Company's other income and expense activity included in the accompanying Consolidated Statements of Operations for the three and six months ended June 30, 2025 and 2024 (in thousands):

(13) Income Taxes

The Company's effective tax rates yielded a net expense of 31.7% and 78.1% for the three months ended June 30, 2025 and 2024, respectively, and a net expense of 24.3% and 46.6% for the six months ended June 30, 2025 and 2024, respectively.

During the three and six months ended June 30, 2025, the net effect of discrete items increased the effective tax rate by 2.3% and decreased the effective tax rate by 4.7%, respectively. The discrete items for the three months ended June 30, 2025, primarily relate to shortfalls on equity award vestings, partially offset by a decrease in the valuation allowance. The discrete items for the six months ended June 30, 2025 primarily relate to a decrease in the valuation allowance, partially offset by shortfalls on equity award vestings. Excluding discrete items, the Company's effective tax rate would have been 29.4% and 29.0% for the three and six months ended June 30, 2025, respectively.

During the three and six months ended June 30, 2024, the net effect of discrete items increased the effective tax rate by 59.7% and 27.6%, respectively. The discrete items for the three and six months ended June 30, 2024 relate to shortfalls on equity award vestings and a one time charge of \$6.3 million related to the reversal of a deferred tax asset resulting from the expiration of equity awards granted to the Company's Founder and Executive Chairman. Excluding discrete items, the

Company’s effective tax rate would have been 18.4% and 19.0% for the three and six months ended June 30, 2024, respectively.

The Company has computed the provision for income taxes based on the estimated annual effective tax rate excluding a loss jurisdiction with no tax benefit and the application of discrete items, if any, in the applicable period.

During the three and six months ended June 30, 2025, additions to unrecognized tax benefits recorded were not significant. During the three and six months ended 2024, additions to unrecognized tax benefits recorded by the Company were not significant. To the extent the remaining unrecognized tax benefits are ultimately recognized, the Company’s effective tax rate may be impacted in future periods.

The Company recognizes interest expense and tax penalties related to unrecognized tax benefits in income tax expense in the Consolidated Statements of Operations. The Company’s accrual for interest and penalties related to unrecognized tax benefits was not significant for the three and six months ended June 30, 2025 and 2024.

During the six months ended June 30, 2025 and 2024, the Company paid net cash taxes of \$14.7 million and \$12.6 million, respectively.

On July 4, 2025, new tax legislation known as the “One Big Beautiful Bill Act”, or “OBBBA”, was signed into law. Management is currently evaluating the OBBBA and its impact on the Company’s financial position, operations and cash flows.

(14) Net Income Per Share

Basic net income per share is computed using the weighted average number of shares of common stock outstanding for the period, excluding unvested RSUs and stock options. Diluted net income per share is based upon the weighted average shares of common stock outstanding for the period plus dilutive potential shares of common stock, including unvested RSUs and stock options using the treasury stock method.

The following table sets forth the computation of basic and diluted net income per share for the three and six months ended June 30, 2025 and 2024 (in thousands):

(15) Segment and Geographic Information

The Company is currently organized and operates as one operating and reportable segment on a consolidated basis. The Company's revenues are supported by its searchable creative platform and driven by its large contributor network. The Company's chief executive officer, who is its chief operating decision maker ("CODM"), evaluates the performance of the Company's operating segment based on net income. The CODM considers budget-to-actual variances when making decisions about capital allocation to the segment. Asset information is not provided to the Company's CODM as that information is not used in the determination of resource allocation or in assessing the performance of the Company's segment.

The following table reconciles the company's revenues and significant operating expense categories used to evaluate the business and allocate resources to Net income:

No other country accounts for more than 10% of the Company's long-lived tangible assets in any period presented.

(16) Commitments and Contingencies

Unconditional purchase obligations and other obligations

As of June 30, 2025, the Company had total non-lease obligations in the amount of approximately \$28.8 million, which consisted primarily of minimum royalty guarantees and unconditional purchase obligations related to contracts for infrastructure and other business services. As of June 30, 2025, the Company's non-lease obligations for the remainder of 2025 and for the years ending December 31, 2026, and 2027 were approximately \$15.9 million, \$11.0 million, and \$1.9 million, respectively.

Legal Matters

From time to time, the Company may become party to litigation in the ordinary course of business, including direct claims brought by or against the Company with respect to intellectual property, contracts, employment and other matters, as well as claims brought against the Company's customers for whom the Company has a contractual indemnification obligation. The Company assesses the likelihood of any adverse judgments or outcomes with respect to these matters and determines loss contingency assessments on a gross basis after assessing the probability of incurrence of a loss and whether a loss is reasonably estimable. In addition, the Company considers other relevant factors that could impact its ability to reasonably estimate a loss. A determination of the amount of reserves required, if any, for these contingencies is made after analyzing each matter. The Company reviews reserves, if any, at least quarterly and may change the amount of any such reserve in the future due to new developments or changes in strategy in handling these matters. Although the results of litigation and threats of litigation, investigations and claims cannot be predicted with certainty, the Company currently believes that the final outcome of these matters will not have a material adverse effect on its business, consolidated financial position, results of operations, or cash flows. Regardless of the outcome, litigation can have an adverse impact on the Company because of defense and settlement costs, diversion of management resources and other factors. Except as described below, the Company currently has no material active litigation matters and, accordingly, no material reserves related to litigation.

Since the definitive proxy statement filed with the SEC on April 30, 2025 (the “Proxy Statement”), two complaints have been filed against Shutterstock and each member of Shutterstock’s board of directors (the “Individual Defendants”). The two complaints are captioned as follows: Johnson v. Shutterstock, Inc., et al., 682860/2025 (filed in the Supreme Court of the State of New York, County of New York, Commercial Division (the “Johnson Action”) and Weiss v. Shutterstock, Inc., et al., 652853/2025 at ECF No. 1, filed in the Supreme Court of the State of New York, County of New York, Commercial Division (the “Weiss Action”, and together with the Johnson Action, the “Stockholder Actions”). The Stockholder Actions allege that, among other things, the Proxy Statement contains false and misleading and/or incomplete information regarding the Merger. The Stockholder Actions assert claims for (i) negligent misrepresentation and concealment, and (ii) negligence in connection with the filing of the allegedly false and misleading Proxy Statement. The Stockholder Actions seek an injunction enjoining the consummation of the Merger unless and until the Individual Defendants disclose the allegedly omitted material information, in the event that the Merger are consummated, rescission of the Merger and awarding actual and punitive damages to plaintiff, and an award of attorneys’ and experts’ fees.

In addition to the Stockholder Actions, beginning on April 25, 2025, certain purported stockholders of Shutterstock and Getty Images sent demand letters (the “Demand Letters”, and together with the Stockholder Actions, the “Matters”) alleging similar deficiencies regarding the disclosures made in the Proxy Statement and seeking additional disclosures to address those alleged deficiencies.

Shutterstock believes it has substantial defenses in connection with the Matters and no supplemental disclosure is required under applicable law. However, in order to avoid the risk that the Matters may delay or otherwise adversely affect the implementation of the Merger, to minimize the costs, risks and uncertainties inherent in litigation, and without admitting any liability or wrongdoing, Shutterstock has determined to voluntarily supplement the Proxy Statement as described in the Current Report on Form 8-K filed with the SEC on May 30, 2025, to provide additional information to Shutterstock stockholders. Nothing in said Current Report on Form 8-K shall be deemed an admission of the legal necessity or materiality under applicable law of any of the disclosures set forth therein or in the Proxy Statement. To the contrary, Shutterstock denies all allegations in the Matters that any additional disclosure was or is required.

Indemnification

In the ordinary course of business, the Company enters into contractual arrangements under which it agrees to provide indemnification of varying scope and terms to customers with respect to certain matters, including, but not limited to, losses arising out of the breach of the Company’s intellectual property warranties for damages to the customer directly attributable to the Company’s breach. The Company is not responsible for any damages, costs, or losses to the extent such damages, costs or losses arise as a result of the modifications made by the customer, or the context in which an image is used. The standard maximum aggregate obligation and liability to any one customer for all claims is generally limited to ten thousand dollars. The Company offers certain of its customers greater levels of indemnification, including unlimited indemnification, and believes that it has appropriate insurance coverage in place to adequately cover indemnification claims, if necessary. As of and for the six months ended June 30, 2025, the Company made no material payments for losses on customer indemnification claims and recorded no liabilities related to indemnification for loss contingencies, before considering any insurance recoveries.

Employment Agreements and Indemnification Agreements

The Company has entered into employment arrangements and indemnification agreements with certain executive officers and with certain employees. The agreements specify various employment-related matters, including annual compensation, performance incentive bonuses, and severance benefits in the event of termination with or without cause.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our interim unaudited consolidated financial statements and related notes contained elsewhere in this Quarterly Report on Form 10-Q and with information contained in our other filings, including the audited consolidated financial statements included in our 2024 Form 10-K.

In addition to historical consolidated financial information, this discussion contains forward-looking statements including statements about our plans, estimates and beliefs. These statements involve risks and uncertainties and our actual results could differ materially from those expressed or implied in forward-looking statements. Merger Agreement with Getty Images

On January 6, 2025, we entered into an Agreement and Plan of Merger (the “Merger Agreement”) to combine in a merger-of-equals transaction with Getty Images Holdings, Inc. (NYSE:GETY) (“Getty Images”) (such transaction referred to herein as the “Merger”). Subject to terms and conditions in the Merger Agreement, the aggregate consideration to be paid by Getty Images in respect of the outstanding shares of common stock of Shutterstock will be:

- (a) An amount in cash equal to the product of \$9.50 multiplied by the number of shares of Shutterstock common stock outstanding immediately prior to the transaction close (including vested Shutterstock restricted stock units and performance stock units); and
- (b) A number of shares of Getty Images common stock equal to the product of 9.17 multiplied by the number of shares of Shutterstock common stock outstanding immediately prior to the transaction close (including vested Shutterstock restricted stock units and performance stock units).

Each holder of shares of Shutterstock common stock immediately prior to the transaction close will have the option to receive, subject to proration, for each share of Shutterstock common stock held by such holder:

- (a) Cash consideration of \$9.50 and 9.17 shares of Getty Images common stock (a “Mixed Election”);
- (b) Cash consideration of \$28.8487; or
- (c) 13.67237 shares of Getty Images common stock.

If no election is made by a holder, each of such holder’s shares of Shutterstock common stock shall be treated as having made a Mixed Election.

A majority of Shutterstock stockholders approved the adoption of the Merger Agreement at a special meeting of stockholders held on June 10, 2025 (the “Shutterstock Stockholder Approval”). The Merger is subject to the satisfaction of customary closing conditions, further described below, including receipt of required regulatory approvals and the extension or refinancing of Getty Images’ existing debt obligations. Subject to the satisfaction of the closing conditions, upon closing of the Merger, Shutterstock’s common stock will be delisted from the NYSE and deregistered under the Securities Exchange Act of 1934, as amended. The closing of the Merger is subject to the satisfaction or waiver of certain closing conditions, including:

- the Shutterstock Stockholder Approval, which condition was subsequently satisfied as described above, and the Getty Images stockholder approval, which condition was subsequently satisfied by the Getty Images stockholder written consent;
- Getty Images’ registration statement on Form S-4 to be filed in connection with the Merger having become effective and the mailing of an information statement to Getty Images stockholders at least 20 business days prior to the closing, which condition was subsequently satisfied on April 30, 2025;
- absence of any order, injunction or other order or law in certain jurisdictions prohibiting the Merger or making the closing of the Merger illegal;
- expiration of the applicable waiting period (and extensions thereof) under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the receipt of other regulatory approvals deemed necessary or advisable;
- shares of Getty Images common stock to be issued in connection with the Merger having been approved for listing on the NYSE;
- accuracy of each party’s representations and warranties, subject to certain standards set forth in the Merger Agreement;

- performance and compliance in all material respects of each party’s agreements and covenants under the Merger Agreement;
- absence of any Getty Images material adverse effect or Shutterstock material adverse effect, as applicable and subject to the definitions thereof in the Merger Agreement;
- delivery of an opinion of tax counsel that the Second Merger and the Third Merger as defined in the Merger Agreement, taken together, will qualify as a “reorganization” within the meaning of section 368(a) of the Internal Revenue Code of 1986, as amended; and
- Getty Images having amended or otherwise refinanced its existing term loans and senior notes to extend the maturity of each to no earlier than February 19, 2028.

Contributors upload their content to our web properties in exchange for royalty payments based on customer download activity. Beyond content, customers also leverage our platform to assist with the entire creative process from ideation through creative execution.

Digital content licensed to our customers for their creative needs includes images, footage, music, and 3D models (our “Content” offering). Our Content revenues represent the majority of our business and are supported by our searchable creative platform and driven by our large contributor network.

In addition, our customers have needs that are beyond traditional content license products and services. These include (i) licenses to metadata associated with our images, footage, music tracks and 3D models through our data offering, (ii) distribution and advertising services from our Giphy business, which consists of GIFs (graphics interchange format visuals) that serve as a critical ingredient in text- and message- based conversations and in contextual advertising settings, (iii) specialized solutions for high-quality content matched with production tools and services through Shutterstock Studios and (iv) other tailored white-glove services (collectively, our “Data, Distribution, and Services” offerings).

Our Content Offering

Our Content offering includes licenses for:

- Images - consisting of photographs, vectors and illustrations. Images are typically used in visual communications, such as websites, digital and print marketing materials, corporate communications, books, publications and other similar uses.
- Footage - consisting of video clips, premium footage filmed by industry experts and cinema grade video effects, available in HD and 4K formats. Footage is often integrated into websites, social media, marketing campaigns and cinematic productions.
- Music - consisting of high-quality music tracks and sound effects, which are often used to complement images and footage.
- 3 Dimensional (“3D”) Models - consisting of 3D models available in a variety of formats, used in a variety of industries such as advertising, media and video production, gaming, retail, education, design and architecture.
- Generative AI Content - consisting of images generated from algorithms trained with high-quality, ethically sourced content. Customers can generate images by entering a description of their desired content into model prompts.

Our Content is distributed to customers under the following brands: Shutterstock; Pond5; TurboSquid; PicMonkey; PremiumBeat; Splash News; Bigstock; and Envato. Shutterstock, our flagship brand, includes various content types such as image, footage, music and editorial.

Pond5 is a video-first content marketplace which expands the Company’s content offerings across footage, image and music. TurboSquid operates a marketplace that offers more than one million 3D models and a 2 dimensional (“2D”) marketplace derived from 3D objects. PicMonkey is a leading online graphic design and image editing platform. PremiumBeat

offers exclusive high-quality music tracks and provides producers, filmmakers and marketers the ability to search handpicked production music from the world's leading composers. Splash News provides editorial image and video content across celebrity and red carpet events. Bigstock maintains a separate content library tailored for creators seeking to incorporate cost-effective imagery into their projects. Envato enhances digital creative assets and templates.

Our Data, Distribution, and Services Offering:

Our Data, Distribution, and Services offering addresses customer demand for products and services that are beyond our Content licenses. These products and services include, among other things, the use of our metadata, leveraging our Giphy, Inc. platform, and customized Shutterstock Studios offerings.

We have seen increased demand for access to our metadata for machine learning and generative artificial intelligence model training. We offer ethically sourced and licenseable metadata at industry leading scales and quality. Our metadata customer base ranges from large technology and media companies to smaller start-up organizations.

Our Data, Distribution, and Services offering also includes high-quality production and custom content at scale provided by Shutterstock Studios ("Studios"). Studios is a cost-effective solution for brands and agencies looking to meet their content needs and create fresh dynamic digital assets. Customers can bring an idea, and our Studios team will provide a 360-degree content creation solution. We offer a whole spectrum of services at pre-production, production, live production and post-production stages.

Key Operating Metrics

In addition to key financial metrics, we regularly review a number of key operating metrics to evaluate our business, determine the allocation of resources and make decisions regarding business strategies. We believe that these metrics can be useful for understanding the underlying trends in our business.

Subscribers, subscriber revenue and average revenue per customer from acquisitions are included in these metrics beginning twelve months after the closing of the respective business combination. Accordingly, the metrics include Average Revenue per Customer from Giphy beginning July 2024 and Subscribers, Subscriber revenue, and Average revenue per customer from Backgrid beginning February 2025. 2025 metrics include the counts and revenues from Envato for the three and six months ended June 30, 2025, which was acquired in July 22, 2024.

Subscribers

We define subscribers as those customers who purchase one or more of our monthly recurring products for a continuous period of at least three months, measured as of the end of the reporting period. We believe the number of subscribers is an important metric that provides insight into our monthly recurring business. We believe that an increase in our number of subscribers is an indicator of engagement in our platform and potential for future growth.

Subscriber Revenue

We define subscriber revenue as the revenue generated from subscribers during the period. We believe subscriber revenue, together with our number of subscribers, provide insight into the portion of our business driven by our monthly recurring products.

Average Revenue Per Customer

Average revenue per customer is calculated by dividing total revenue for the last twelve-month period by customers. We define customers as total active, paying customers that contributed to total revenue over the last twelve-month period. Changes in our average revenue per customer will be driven by changes in the mix of our subscription-based and transactional products as well as pricing in our transactional business.

Paid Downloads

We define paid downloads as the number of downloads that our customers make in a given period of our content. Paid downloads exclude content related to our Studios business, downloads of content that are offered to customers for no charge (including our free trials), and metadata delivered through our data deal offering. Measuring the number of paid downloads that our customers make in a given period is important because it is a measure of customer engagement on our platform and triggers the recognition of revenue and contributor royalties.

The following tables summarize our key operating metrics, which are unaudited, for the three and six months ended June 30, 2025 and 2024:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2025	2024	2025	2024
Subscribers (end of period) ¹	1,073,000	490,000	1,073,000	490,000
Subscriber revenue (in millions) ¹	\$ 108.0	\$ 80.3	\$ 217.9	\$ 164.2
Average revenue per customer (last twelve months) ¹	\$ 266	\$ 434	\$ 266	\$ 434
Paid downloads (in millions)	112.6	33.4	233.5	68.4

¹ Subscribers, Subscriber Revenue and Average Revenue Per Customer from acquisitions are included in these metrics beginning twelve months after the closing of the respective business combination. Accordingly, the metrics include Average Revenue per Customer from Giphy beginning July 2024 and Subscribers, Subscriber revenue, and Average revenue per customer from Backgrid beginning February 2025. 2025 metrics include the counts and revenues from Envato for the three and six months ended June 30, 2025, which was acquired in July 22, 2024.

Critical Accounting Estimates

Our financial statements are prepared in accordance with GAAP. The preparation of the consolidated financial statements in conformity with GAAP requires our management to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities, the disclosure or inclusion of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the period. We evaluate our significant estimates on an ongoing basis, including, but not limited to, estimates related to allowance for doubtful accounts, the volume of expected unused licenses used in revenue recognition for our subscription-based products, the fair value of acquired goodwill and intangible assets and income tax provisions. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying value of assets and liabilities that are not readily apparent from other sources. Therefore, we consider these to be our critical accounting estimates. Actual results could differ from those estimates.

A description of our critical accounting policies that involve significant management judgments appears in our 2024 Form 10-K, under “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Estimates.”

See Note 3 to our Unaudited Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q for a full description of the impact of the adoption of new accounting standards on our financial statements. There have been no material changes to our critical accounting estimates as compared to our critical accounting policies and estimates included in our 2024 Form 10-K.

Key Components of Our Results of Operations

Revenue

We distribute our product offerings through two primary channels:

Content: The majority of our customers license image, video, music and 3D content for commercial purposes either directly through our self-service web properties or through our dedicated sales teams. Content customers have the flexibility to purchase subscription-based plans that are paid on a monthly or annual basis. Customers are also able to license content on a transactional basis. These customers generally license content under our standard or enhanced licenses, with additional licensing options available to meet customers' individual needs. Certain content customers also have unique content, licensing and workflow needs. These customers communicate with dedicated sales professionals, service and research teams which provide a number of tailored enhancements to their creative workflows including non-standard licensing rights, multi-seat access, ability to pay on credit terms, multi-brand licensing packages, increased indemnification protection and content licensed for use-cases outside of those available on the e-commerce platform.

Data, Distribution, and Services: Our Data, Distribution, and Services offering addresses customer demand for products and services that are beyond our stock image, footage music and 3D model licenses. We have seen increased demand for access to our metadata for machine learning and generative artificial intelligence model training. We offer ethically sourced and licenseable metadata at unique scales and quality. Our metadata customer base ranges from large technology and media companies to smaller start-up organizations.

Our Data, Distribution, and Services offering also includes high-quality production and custom content at scale provided by Shutterstock Studios ("Studios"). Studios is a cost-effective solution for brands and agencies looking to meet their content needs and create fresh dynamic digital assets. Customers can bring an idea, and our Studios team will provide a 360-degree content creation solution. We offer a whole spectrum of services at pre-production, production and post-production stages.

The Company's revenues by distribution channel for the three and six months ended June 30, 2025 and 2024 are as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2025	2024	2025	2024
Content	\$ 199,796	\$ 169,951	\$ 402,684	\$ 343,781

Total Revenues	\$ 266,990	\$ 220,053	\$ 509,610	\$ 434,368

Costs and Expenses

Cost of Revenue. Cost of revenue consists of royalties paid to contributors, credit card processing fees, content review costs, customer service expenses, infrastructure and hosting costs related to maintaining our creative platform and cloud-based software platform, depreciation and amortization of capitalized internal-use software, purchased content and acquisition-related intangible assets, allocated facility costs and other supporting overhead costs. Cost of revenue also includes employee compensation, including non-cash equity-based compensation, bonuses and benefits associated with the maintenance of our creative platform and cloud-based software platform.

Sales and Marketing. Sales and marketing expenses include third-party marketing, advertising, branding, public relations and sales expenses. Sales and marketing expenses also include associated employee compensation, including non-cash equity-based compensation, bonuses and benefits, and commissions as well as allocated facility and other supporting overhead costs.

Product Development. Product development expenses consist of employee compensation, including non-cash equity-based compensation, bonuses and benefits, and expenses related to vendors engaged in product management, design, development and testing of our websites and products. Product development costs also include software and other IT equipment costs, allocated facility expenses and other supporting overhead costs.

General and Administrative. General and administrative expenses include employee compensation, including non-cash equity-based compensation, bonuses and benefits for executive, finance, accounting, legal, human resources, internal information technology, internet security, business intelligence and other administrative personnel. In addition, general and

administrative expenses include outside legal, tax and accounting services, bad debt expense, insurance, facilities costs, other supporting overhead costs and depreciation and amortization expense.

Interest Expense. Interest expense consists of interest on our debt and amortization of deferred financing fees.

Other Income, Net. Other income, net consists of non-operating costs such as foreign currency transaction gains and losses, in addition to unrealized gains and losses on investments and interest income and expense.

Income Taxes. We compute income taxes using the asset and liability method, under which deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of assets and liabilities using enacted statutory income tax rates in effect for the year in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce net deferred tax assets to the amount expected to be realized.

Revenue

Revenue increased by \$46.9 million, or 21%, to \$267.0 million for the three months ended June 30, 2025, compared to the same period in 2024. On a constant currency basis, revenue increased 20% in the three months ended June 30, 2025, compared to the same period in 2024. The increase was largely attributable to revenue recognized from Envato, which we did not have in the same period in 2024, and growth in our data offering during the period.

Our Content revenues increased by 18%, to \$199.8 million in the three months ended June 30, 2025, compared to the same period in 2024. On a constant currency basis, content revenue increased 16% in the three months ended June 30, 2025, compared to the same period in 2024. During the three months ended June 30, 2025, growth in our Content revenue was driven by the contribution of Envato, which was acquired on July 22, 2024.

Our Data, Distribution, and Services revenues increased by 34%, to \$67.2 million in the three months ended June 30, 2025, compared to the same period in 2024. Data, Distribution, and Services revenues increased 35% in the three months ended June 30, 2025, compared to the same period in 2024. Second quarter revenue benefited from the timing of data deal revenue recognition, which fluctuates quarter-to-quarter based on the delivery of metadata to our customers, as well as growth in our Distribution and Services offerings.

Changes in our revenue by region were as follows: revenue from North America increased by \$27.8 million, or 23%, to \$147.9 million, revenue from Europe increased by \$11.0 million, or 21%, to \$64.4 million and revenue from outside Europe and North America increased by \$8.2 million, or 18%, to \$54.7 million, in the three months ended June 30, 2025 compared to the same period in 2024.

Costs and Expenses

Cost of Revenue. Cost of revenue increased by \$14.7 million to \$106.0 million in the three months ended June 30, 2025 compared to the same period in 2024. This increase was driven by increased royalties, content expenses, employee-related costs, and website hosting fees, primarily driven by the acquisition of Envato. These amounts were partially offset by a decrease in recurring and non-recurring Giphy Retention Compensation. As a percentage of revenue, cost of revenue decreased to 40% for the three months ended June 30, 2025, from 41% for the same period in 2024. We expect that our cost of revenue will continue to fluctuate in-line with changes in revenue.

Sales and Marketing. Sales and marketing expenses increased by \$5.2 million, or 10%, to \$57.1 million in the three months ended June 30, 2025 compared to the same period in 2024. This was driven by an increase in brand and performance-based marketing expenses. In addition, there was a \$0.7 million increase from recurring Giphy Retention Compensation expenses and an increase in employee-related costs driven by the acquisition of Envato. As a percentage of revenue, sales and marketing expenses decreased to 21% for the three months ended June 30, 2025, from 24% for the same period in 2024. We expect sales and

marketing expenses to continue to fluctuate as we optimize our sales channels and invest in new customer acquisition, products and geographies.

Product Development. Product development expenses increased by \$0.9 million to \$20.8 million in the three months ended June 30, 2025 compared to the same period in 2024. The increase in product development was driven by increases in software licenses and consultant expenses driven by the acquisition of Envato, partially offset by decreases of \$0.4 million and \$3.1 million from recurring and non-recurring Giphy Retention Compensation expenses, respectively. We expect product development expenses, of which a portion will be capitalized, to continue in the foreseeable future, as we pursue opportunities to invest in developing new products and internal tools and enhance the functionality of our existing products and technologies.

General and Administrative. General and administrative expenses increased by \$12.0 million to \$48.4 million in the three months ended June 30, 2025 compared to the same period in 2024. This increase was driven by \$8.7 million of expenses associated with the Getty merger, and increases in employee-related costs and other general and administrative expenses attributed to the addition of Envato. This was partially offset by a decrease in professional fees. In addition, there was a \$0.1 million increase and a \$0.6 million decrease from recurring and non-recurring Giphy Retention Compensation expenses, respectively.

Interest Expense. In the three months ended June 30, 2025 and June 30, 2024, we recognized interest expense of \$4.2 million and \$0.6 million, respectively, related to our credit facility and the amortization of deferred financing fees. Interest expense for the three months ended June 30, 2025 increased due to the borrowings under A&R Credit Agreement entered into during the quarter ended September 30, 2024 to fund the acquisition of Envato.

Other Income / (Expense), Net. In the three months ended June 30, 2025, other income / (expense), net was driven by \$18.0 million of unrealized gains related to our investment in Meitu, Inc. In addition, other income / (expense), net had \$1.1 million of interest income. This was partially offset by a \$5.0 million expense related to the impairment of our long-term investment in an equity security, and \$1.5 million of unrealized foreign currency losses. In the three months ended June 30, 2024, other income / (expense), net was primarily driven by \$3.6 million of unrealized losses related to our investment in Meitu, Inc. In addition, other income / (expense), net had \$1.3 million of interest income and \$1.3 million of unrealized foreign currency losses. As we increase the volume of business transacted in foreign currencies resulting from international expansion and as currency rates fluctuate, we expect foreign currency gains and losses to continue to fluctuate.

Income Taxes. The income tax benefit increased by \$0.8 million for the three months ended June 30, 2025, compared to the same period in 2024. Our effective tax rates were 31.7% and 78.1% for the three months ended June 30, 2025 and 2024, respectively.

For the three months ended June 30, 2025, the net effect of discrete items increased the effective tax rate by 2.3%. The discrete items for the three months ended June 30, 2025 primarily relate to shortfalls on equity award vestings, partially offset by a decrease in valuation allowance. Excluding discrete items, our effective tax rate would have been 29.4% for the three months ended June 30, 2025.

For the three months ended June 30, 2024, the net effect of discrete items increased the effective tax rate by 59.7%. The discrete items for the three months ended June 30, 2024 relate to shortfalls on equity award vestings and a one-time charge of \$6.3 million related to the reversal of a deferred tax asset resulting from the expiration of equity awards granted to the Company's Founder and Executive Chairman. Excluding discrete items, our effective tax rate would have been 18.4% for the three months ended June 30, 2024.

As we continue to expand our operations outside of the United States, we have been and may continue to become subject to taxation in additional non-U.S. jurisdictions and our effective tax rate could fluctuate accordingly.

Revenue

Revenue increased by \$75.2 million, or 17%, to \$509.6 million in the six months ended June 30, 2025 compared to the same period in 2024. Revenue was not impacted on a constant currency basis in the six months ended June 30, 2025, compared to the same period in 2024. The increase was largely attributable to revenue recognized from Envato, which we did not have in the same period in 2024, and growth in our data offering during the period.

Our Content revenues increased by 17%, to \$402.7 million in the six months ended June 30, 2025, compared to the same period in 2024. Foreign currency fluctuations did not have a significant impact on our Content revenues in the six months ended June 30, 2025. The increase in our Content revenues was driven by the contribution of Envato, which was acquired on July 22, 2024.

Our Data, Distribution, and Services revenues increased by 18%, to \$106.9 million in the six months ended June 30, 2025, compared to the same period in 2024. Foreign currency fluctuations did not have a significant impact on our Data, Distribution, and Services revenues in the six months ended June 30, 2025. Data, Distribution, and Services revenues benefited from the timing of data deal revenue recognition, which fluctuates quarter-to-quarter based on the delivery of metadata to our customers, as well as growth in our Distribution and Services offerings.

Changes in our revenue by region were as follows: revenue from North America increased by \$37.5 million, or 16%, to \$268.1 million, revenue from Europe increased by \$21.8 million, or 20%, to \$130.6 million and revenue from outside Europe and North America increased by \$15.9 million, or 17%, to \$111.0 million, in the six months ended June 30, 2025 compared to the same period in 2024.

Costs and Expenses

Cost of Revenue. Cost of revenue increased by \$27.4 million, or 15%, to \$206.9 million in the six months ended June 30, 2025 compared to the same period in 2024. This increase was driven by increased royalty and content costs, costs associated with website hosting, hardware and software licenses, and employee related costs, and depreciation and amortization driven by the acquisition of Envato. As a percent of revenue, cost of revenue remained constant at 41% for the six months ended June 30, 2025, compared to the same period in 2024. We expect that our cost of revenue will continue to fluctuate in line with changes in revenue.

Sales and Marketing. Sales and marketing expenses increased by \$2.3 million, or 2%, to \$110.4 million in the six months ended June 30, 2025 compared to the same period in 2024. This increase was driven by an increase in employee-related costs driven by the Envato business, offset by a decline in performance marketing spend. In addition, there was a \$1.2 million increase and a \$0.2 million decrease from recurring and non-recurring Giphy Retention Compensation, respectively. As a

percent of revenue, sales and marketing expenses decreased to 22% for the six months ended June 30, 2025, from 25% for the same period in 2024. We expect sales and marketing expenses to continue to fluctuate as we optimize our sales channels and invest in new customer acquisition, products and geographies.

Product Development. Product development expenses decreased by \$0.3 million, or 1%, to \$40.6 million in the six months ended June 30, 2025 as compared to the same period in 2024. The decrease in product development was driven by decreases of \$1.8 million and \$7.1 million from recurring and non-recurring Giphy Retention Compensation expenses, respectively. This was partially offset by increases in software licenses and employee-related costs driven by the acquisition of Envato. We expect product development expenses, of which a portion will be capitalized, to continue in the foreseeable future, as we pursue opportunities to invest in developing new products and internal tools and enhance the functionality of our existing products and technologies.

General and Administrative. General and administrative expenses increased by \$38.3 million, or 56%, to \$106.7 million in the six months ended June 30, 2025 compared to the same period in 2024. The increase was driven by \$20.6 million associated with the Getty merger, and increases in employee-related costs driven by the acquisition of Envato and bad debt expense. This was partially offset by a decrease professional fees. In addition, there was a \$0.4 million increase and a \$2.2 million decrease from recurring and non-recurring Giphy Retention Compensation expenses, respectively.

Interest Expense. In the six months ended June 30, 2025 and June 30, 2024, we recognized interest expense of \$8.5 million and \$1.1 million, respectively related to our credit facility and the amortization of deferred financing fees. Interest expense for the six months ended June 30, 2025 increased due to borrowings under the A&R Credit Agreement entered into during the quarter ended September 30, 2024 to fund the acquisition of Envato.

Other Income, Net. During the six months ended June 30, 2025, other income, net substantially consisted of \$2.0 million of interest income and \$31.3 million of unrealized gains related to our investment in Meitu, Inc., partially offset by a \$5.0 million expense related to the impairment of our long-term investment in an equity security, and \$1.2 million of unrealized foreign currency losses. During the six months ended June 30, 2024 other income, net consisted of \$1.9 million of unfavorable unrealized foreign currency fluctuations and \$2.4 million of interest income. As we increase the volume of business transacted in foreign currencies resulting from international expansion and as currency rates fluctuate, we expect foreign currency gains and losses to continue to fluctuate.

Income Taxes. Income tax expense decreased by \$1.8 million for the six months ended June 30, 2025 as compared to the same period in 2024. Our effective tax rates yielded an expense of 24.3% and 46.6% for the six months ended June 30, 2025 and 2024, respectively.

For the six months ended June 30, 2025, the net effect of discrete items decreased the effective tax rate by 4.7%. The discrete items for the six months ended June 30, 2025 relate to shortfalls on equity award vestings. Excluding discrete items, our effective tax rate would have been 29.0% for the six months ended June 30, 2025.

For the six months ended June 30, 2024, the net effect of discrete items increased the effective tax rate by 27.6%. The discrete items for the six months ended June 30, 2024 relate to shortfalls on equity award vestings and a one-time charge of \$6.3 million related to the reversal of a deferred tax asset resulting from the expiration of equity awards granted to the Company's Founder and Executive Chairman. Excluding discrete items, our effective tax rate would have been 19.0% for the six months ended June 30, 2024.

As we continue to expand our operations outside of the United States, we have been and may continue to become subject to taxation in additional non-U.S. jurisdictions, and our effective tax rate could fluctuate accordingly.

Quarterly Trends

Our operating results have in the past fluctuated from quarter to quarter as a result of a variety of factors, including the effects of some seasonal trends in customer behavior, timing of acquisitions and the timing of revenue recognition associated with data deal partnerships. For example, for the Content business, we expect that certain customers' usage may decrease at times during the third quarter of each calendar year due to the summer vacation season and may increase at times during the fourth quarter of each calendar year as demand is generally higher to support marketing campaigns in advance of the fourth quarter holiday season. While we believe seasonal trends have affected and will continue to affect our quarterly results, our growth trajectory may have overshadowed these effects to date.

In addition, expenditures on content by customers tend to be discretionary in nature, reflecting overall economic conditions, the economic prospects of specific industries, budgeting constraints, buying patterns and a variety of other factors, many of which are outside our control. As a result of these and other factors, the results of any prior quarterly or annual periods should not be relied upon as indicators of our future operating performance.

Liquidity and Capital Resources

As of June 30, 2025, we had cash and cash equivalents totaling \$116.4 million which consisted primarily of bank balances. Since inception, we have financed our operations primarily through cash flows generated from operations. In addition, if necessary, we have the ability to draw on our A&R Credit Agreement dated July 22, 2024.

Historically, our principal uses of cash have included funding our operations, capital expenditures, and content acquisitions. In addition, our capital allocation strategies also include funding business combinations and asset acquisitions that enhance our strategic position, cash dividend payments, principle and interest payments under our credit facilities and share purchases under our share repurchase programs. We plan to finance our operations, capital expenditures and corporate actions largely through cash generated by our operations and our credit facility. Since our results of operations are sensitive to the level of competition we face, increased competition could adversely affect our liquidity and capital resources.

Dividends

We declared and paid cash dividends of \$0.66 per share of common stock, or \$23.1 million during the six months ended June 30, 2025.

On July 21, 2025, our Board of Directors declared a quarterly cash dividend of \$0.33 per share of outstanding common stock payable on September 18, 2025 to stockholders of record at the close of business on September 4, 2025. Future declarations of dividends are subject to the final determination of our Board of Directors, and will depend on, among other things, our future financial condition, results of operations, capital requirements, capital expenditure requirements, contractual restrictions, anticipated cash needs, business prospects, provisions of applicable law and other factors our Board of Directors may deem relevant.

Share Repurchase Program

In June 2023, our Board of Directors approved a share repurchase program (the "Share Repurchase Program"), providing authorization to repurchase up to \$100 million of our common stock.

We expect to fund future repurchases, if any, through a combination of cash on hand, cash generated by operations and future financing transactions, if appropriate. Accordingly, our Share Repurchase Program is subject to us having available cash to fund repurchases. Under the share repurchase program, management is authorized to purchase shares of our common stock from time to time through open market purchases or privately negotiated transactions at prevailing prices as permitted by securities laws and other legal requirements, and subject to market conditions and other factors.

As of June 30, 2025, we have repurchased approximately 5.5 million shares of our common stock under the Share Repurchase Program at an average per-share cost of \$48.86. During the three and six months ended June 30, 2025, we did not repurchase shares of our common stock. During the three and six months ended June 30, 2024, we repurchased approximately 517,000 shares of our common stock at an average cost of \$39.83. As of June 30, 2025, we had \$30 million of remaining authorization for repurchases under the Share Repurchase Program.

Credit Facility and A&R Credit Agreement

On May 6, 2022, we entered into a five-year \$100 million unsecured revolving loan facility (the "Credit Facility") with Bank of America, N.A., as Administrative Agent and other lenders. The Credit Facility includes a letter of credit sub-facility and a swingline facility and it also permitted, subject to the satisfaction of certain conditions, up to \$100 million of additional revolving loan commitments with the consent of the Administrative Agent.

On July 22, 2024, we entered into an amended and restated credit agreement (the "A&R Credit Agreement"), which was entered into among us, as borrower, certain direct and indirect subsidiaries of our as guarantors, the lenders party thereto, and Bank of America, N.A., as Administrative Agent for the lenders. The A&R Credit Agreement provides for a five-year (i) senior unsecured term loan facility (the "Term Loan") in an aggregate principal amount \$125 million and (ii) senior unsecured revolving credit facility (the "Revolver") in an aggregate principal amount of \$250 million. The A&R Credit Agreement provides for a letter of credit subfacility and a swingline facility.

At our option, loans under the A&R Credit Agreement accrue interest at a per annum rate based on either (i) the base rate plus a margin ranging from 0.375% to 0.750%, determined based on our consolidated leverage ratio or (ii) the Term Secured Overnight Financing Rate ("SOFR") (for interest periods of 1, 3 or 6 months) plus a margin ranging from 1.375% to 1.750%, determined based on our consolidated leverage ratio, plus a credit spread of 0.100%. We are also required to pay an unused commitment fee ranging from 0.175% to 0.250%, determined based on our consolidated leverage ratio. In connection with the execution of this agreement, we paid debt issuance costs of approximately \$2.2 million.

The A&R Credit Agreement replaces our existing Credit Facility, which was fully repaid and terminated upon the effectiveness of the A&R Credit Agreement. In connection with the closing of the Credit Facility, we repaid \$30 million of existing outstanding borrowings and accrued interest.

As of June 30, 2025, we had a remaining borrowing capacity of \$94 million, net of standby letters of credit.

The A&R Credit Agreement contains financial covenants and requirements restricting certain of our activities, which are customary for this type of credit facility. We are also required to maintain compliance with a consolidated leverage ratio and a consolidated interest coverage ratio, in each case, determined in accordance with the terms of the A&R Credit Agreement. As of June 30, 2025, we were in compliance with these covenants.

Our outstanding debt (in thousands) is reflected in the table below. We classify the Revolver as a current liability since we could draw upon and repay the outstanding amount as needed. The maturity of the Revolver is in 2029.

Our debt consists of the following (in thousands):

	As of June 30, 2025	As of December 31, 2024
Current Debt:		
Revolver - A&R Credit Agreement	155,000	155,000
Term Loan - A&R Credit Agreement	3,108	3,106
Non-Current Debt:		
Term Loan - A&R Credit Agreement	118,119	119,598

Based on Level 2 inputs, the carrying value of our debt approximates its fair value, as borrowings are subject to variable interest rates that adjust with changes in market rates and market conditions and the current interest rate approximates that which would be available under similar financial arrangements.

For the three and six months ended June 30, 2025, we recognized interest expense of \$4.2 million and \$8.5 million, respectively. As of June 30, 2025, unamortized debt issuance cost related to the Term Loan - A&R Credit Agreement is \$0.6 million.

Sources and Uses of Funds

We believe, based on our current operating plan, that our cash and cash equivalents, and cash from operations, will be sufficient to meet our anticipated cash needs for at least the next 12 months. Our longer-term liquidity is contingent upon future operating performance. Future capital expenditures will generally relate to the functionality of our current platform, the acquisition of additional storage, servers, network connectivity hardware, security apparatus and software, leasehold improvements and furniture and fixtures related to office expansion and relocation, content and general corporate infrastructure.

As of June 30, 2025, we had approximately \$29 million in unconditional cash obligations, consisting primarily of purchase obligations related to contracts for cloud-based services, infrastructure and other business services as well as minimum royalty guarantees in connection with certain content licenses, of which the majority is due to be paid within the next two years. In addition, as of June 30, 2025, we had approximately \$33 million in operating lease obligations with lease payments extending through 2029.

See Note 16 to our Unaudited Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q for information regarding our existing capital commitments as of June 30, 2025.

Cash Flows

The following table summarizes our cash flow data for the six months ended June 30, 2025 and 2024 (in thousands):

	Six Months Ended June 30,	
	2025	2024
Net cash provided by operating activities	\$ 52,083	\$ 36,265
Net cash used in investing activities	\$ (26,199)	\$ (8,227)
Net cash used in financing activities	\$ (29,699)	\$ (50,778)

Operating Activities

Our primary source of cash from operating activities is cash collections from our customers. The majority of our revenue is generated from credit card transactions and is typically settled within one to five business days. Our primary uses of cash for

operating activities are for the payment of royalties to content contributors, employee-related expenditures and the payment of other operating expenses incurred in the ordinary course of business.

Net cash provided by operating activities was \$52.1 million for the six months ended June 30, 2025, compared to Net cash provided by operating activities of \$36.3 million for the six months ended June 30, 2024. In the six months ended June 30, 2025, operating cash flows included a \$35.7 million decrease in the recurring and non-recurring payments made to the Giphy workforce, the reimbursement of which is reflected in Investing Activities on the Statement of Cash Flows.

Operating cash flows for the six months ended June 30, 2024 included the recurring and non-recurring payments made to the Giphy workforce, the reimbursement of which is reflected in Investing Activities on the Statement of Cash Flows.

Investing Activities

Cash used in investing activities for the six months ended June 30, 2025 was \$26.2 million, consisting primarily of (i) capital expenditures of \$22.1 million for internal-use software and website development costs and purchases of software and equipment; and (ii) \$5.0 million paid to acquire the rights to distribute certain digital content into perpetuity. These cash outflows were partially offset by \$0.9 million of Giphy Retention Compensation, as reimbursed by the Giphy seller.

Cash used in investing activities in the six months ended June 30, 2024 was \$8.2 million, consisting primarily of (i) capital expenditures of \$23.5 million for internal-use software and website development costs and purchases of software and equipment, (ii) \$19.5 million used in the acquisition of Backgrid, net of cash acquired, and (iii) \$1.8 million paid to acquire the rights to distribute certain digital content into perpetuity. These cash outflows were partially offset by (i) \$36.5 million of Giphy Retention Compensation, as reimbursed by the Giphy seller.

Financing Activities

Cash used in financing activities for the six months ended June 30, 2025 was \$29.7 million, consisting of (i) \$23.1 million, related to the payment of the quarterly cash dividend; (ii) \$5.0 million paid in the settlement of tax withholding obligations related to employee stock-based compensation awards; and (iii) \$1.6 million used for the repayment of our Credit Facility.

Cash used in financing activities in the six months ended June 30, 2024 was \$50.8 million, consisting of (i) \$21.3 million related to the payment of the quarterly cash dividend; (ii) \$20.6 million paid in connection with the repurchase of common stock under our 2023 Share Repurchase Program; and (iii) \$8.9 million paid in settlement of tax withholding obligations related to employee stock-based compensation awards.

Non-GAAP Financial Measures

To supplement our consolidated financial statements presented in accordance with the accounting principles generally accepted in the United States, or GAAP, our management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted net income, adjusted net income per diluted common share, adjusted EBITDA, adjusted EBITDA margin, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage), and adjusted free cash flow. These non-GAAP financial measures are included solely to provide investors with additional information regarding our financial results and are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

	Three Months Ended June 30,		Six Months Ended June 30,	
	2025	2024	2025	2024
Non-GAAP Financial Measures (in thousands):				
Adjusted net income	\$ 42,872	\$ 35,897	\$ 79,164	\$ 69,018
Adjusted EBITDA	\$ 82,236	\$ 62,072	\$ 145,600	\$ 118,049
Adjusted free cash flow	\$ 17,498	\$ 36,184	\$ 40,882	\$ 47,430
Revenue growth on a constant currency basis	20 %	6 %	17 %	3 %

These non-GAAP financial measures have not been calculated in accordance with GAAP, should be considered only in addition to results prepared in accordance with GAAP and should not be considered as a substitute for, or superior to, GAAP measures. In addition, adjusted net income, adjusted net income per diluted common share, adjusted EBITDA, adjusted EBITDA margin, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage) and adjusted free cash flow should not be construed as indicators of our operating performance, liquidity or cash flows generated by operating, investing and financing activities, as there may be significant factors or trends that they fail to address. We caution

investors that non-GAAP financial information, by its nature, departs from traditional accounting conventions; accordingly, its use can make it difficult to compare our current results with our results from other reporting periods and with the results of other companies.

Our management uses these non-GAAP financial measures, in conjunction with GAAP financial measures, as an integral part of managing the business and to, among other things: (i) monitor and evaluate the performance of our business operations, financial performance and overall liquidity; (ii) facilitate management's internal comparisons of the historical operating performance of its business operations; (iii) facilitate management's external comparisons of the results of its overall business to the historical operating performance of other companies that may have different capital structures and debt levels; (iv) review and assess the operating performance of our management team and, together with other operational objectives, as a measure in evaluating employee compensation; (v) analyze and evaluate financial and strategic planning decisions regarding future operating investments; and (vi) plan for and prepare future annual operating budgets and determine appropriate levels of operating investments.

Management believes that adjusted net income, adjusted net income per diluted common share, adjusted EBITDA, adjusted EBITDA margin, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage) and adjusted free cash flow are useful to investors because these measures enable investors to analyze Shutterstock's operating results on the same basis as that used by management. Additionally, management believes that adjusted net income, adjusted net income per diluted common share, adjusted EBITDA and adjusted EBITDA margin provide useful information to investors about the performance of the Company's overall business because such measures eliminate the effects of unusual or other infrequent charges that are not directly attributable to Shutterstock's underlying operating performance and revenue growth (including by product offering) on a constant currency basis (expressed as a percentage), provides useful information to investors by eliminating the effect of foreign currency fluctuations that are not directly attributable to Shutterstock's operating performance. Management also believes that providing these non-GAAP financial measures enhances the comparability for investors in assessing Shutterstock's financial reporting. Management believes that adjusted free cash flow is useful for investors because it provides them with an important perspective on the cash available for strategic measures, after making necessary capital investments in internal-use software and website development costs to support the Company's ongoing business operations and provides them with the same measures that management uses as the basis for making resource allocation decisions.

Our use of non-GAAP financial measures has limitations as an analytical tool, and these measures should not be considered in isolation or as a substitute for an analysis of our results as reported under GAAP, as the excluded items may have significant effects on our operating results and financial condition. Additionally, our methods for measuring non-GAAP financial measures may differ from other companies' similarly titled measures. When evaluating our performance, these non-GAAP financial measures should be considered alongside other financial performance measures, including various cash flow metrics, net income and our other GAAP results.

Our method for calculating adjusted net income, adjusted net income per diluted common share, adjusted EBITDA, adjusted EBITDA margin, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage) and adjusted free cash flow, as well as a reconciliation of the differences between each of our non-GAAP financial measures (adjusted EBITDA, adjusted net income, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage) and adjusted free cash flow), and each measure's most directly comparable financial measure calculated and presented in accordance with GAAP, is presented below.

The expense associated with the Giphy Retention Compensation related to (i) the one-time employment inducement bonuses and (ii) the vesting of the cash value of unvested Meta equity awards held by the employees prior to closing, which are reflected in operating expenses (together, the "Giphy Retention Compensation Expense - non-recurring"), are required payments in accordance with the terms of the acquisition. Meta's sale of Giphy was directed by the CMA and accordingly, the terms of the acquisition were subject to CMA preapproval. Management considers the operating expense associated with these required payments to be unusual and non-recurring in nature. The Giphy Retention Compensation Expense - non-recurring is not considered ongoing expense necessary to operate the Company's business. Therefore, such expenses have been included in the below adjustments for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share. For the three months ended June 30, 2025, the Company also incurred \$4.3 million, of Giphy Retention Compensation expense related to recurring employee costs, which is included in operating expenses, and are not included in the below adjustments for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share.

Adjusted Net Income and Adjusted Net Income Per Diluted Common Share

We define adjusted net income as net income adjusted for the impact of non-cash equity-based compensation, the amortization of acquisition-related intangible assets, impairment loss on long-term investment, Giphy Retention Compensation Expense - non-recurring, unrealized gains and losses on investments, severance costs associated with strategic workforce optimizations, costs incurred associated with the Getty merger, and the estimated tax impact of such adjustments. We define adjusted net income per diluted common share as adjusted net income divided by weighted average diluted shares.

The following is a reconciliation of net income to adjusted net income for each of the periods indicated (in thousands, except per share data):

	Three Months Ended June 30,		Six Months Ended June 30,

(1) Statutory tax rates are used to calculate the tax effect of the adjustments.

(2) The tax effect of non-cash equity-based compensation in 2024 includes a \$6.3 million add-back for the reduction of deferred tax assets associated with the expiration of performance-based stock options and restricted stock units granted the Company's Founder and Executive Chairman in 2014. The performance-based metrics were not met, the awards were not exercisable, and the Company recognized a non-cash tax expense for the change in deferred taxes.

(3) Of these amounts, \$8.9 million and \$8.2 million are included in cost of revenue for the three months ended June 30, 2025 and 2024, respectively. The remainder of acquisition-related amortization expense is included in general and administrative expense in the Statement of Operations.

(4) Other consists of unrealized gains and losses on investments and severance costs associated with strategic workforce optimizations.

Adjusted EBITDA and Adjusted EBITDA Margin

We define adjusted EBITDA as net income adjusted for depreciation and amortization, non-cash equity-based compensation, Giphy Retention Compensation Expense - non-recurring, costs incurred associated with the Getty merger, foreign currency transaction gains and losses, severance costs associated with strategic workforce optimizations, impairment loss on long-term investment, unrealized gains and losses on investments, interest income and expense and income taxes. We define adjusted EBITDA margin as the ratio of adjusted EBITDA to revenue.

The following is a reconciliation of net income to adjusted EBITDA for each of the periods indicated (in thousands):

Revenue Growth (including by product offering) on a Constant Currency Basis

We define revenue growth (including by product offering) on a constant currency basis (expressed as a percentage) as the increase in current period revenues over prior period revenues, utilizing fixed exchange rates for translating foreign currency revenues for all periods in the comparison.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are exposed to market risks in the ordinary course of our business, including risks related to foreign currency exchange rate fluctuation, interest rate fluctuation and inflation.

Foreign Currency Exchange Risk

Our sales to international customers are denominated in multiple currencies, including but not limited to the U.S. dollar, the euro, the British pound, the Australian dollar and the Japanese yen. Revenue denominated in foreign currencies as a percentage of total revenue was approximately 26% and 28% for the six months ended June 30, 2025 and 2024, respectively. Changes in exchange rates will affect our revenue and certain operating expenses to the extent that our revenue is generated and expenses are incurred in currencies other than the U.S. dollar. Royalties earned by and paid to contributors are denominated in the U.S. dollar and will not be affected by changes in exchange rates. Based on our foreign currency denominated revenue for the six months ended June 30, 2025, we estimate that a 10% change in the exchange rate of the U.S. dollar against all foreign currency denominated revenues would result in an approximately 3% impact on our revenue.

We have established foreign subsidiaries in various countries and have concluded that the functional currency of these entities is generally the local currency. Business transacted in currencies other than each entity's functional currency results in transactional gains and losses. Translation adjustments resulting from converting the foreign subsidiaries' financial statements into U.S. dollars are recorded as a component of accumulated other comprehensive loss in stockholders' equity. We do not currently enter into derivatives or other financial instruments in order to hedge our foreign currency exchange risk, but we may do so in the future.

Our historical revenue by currency is as follows (in thousands):

	Three Months Ended June 30,				Six Months Ended June 30,			
	2025		2024		2025		2024

Interest Rate Fluctuation Risk

Our cash and cash equivalents consist of cash and money market accounts. The primary objective of our investment activities is to preserve principal while maximizing income without significantly increasing risk. The fair value of our cash and cash equivalents is not particularly sensitive to interest rate changes.

Amounts borrowed under the A&R Credit Agreement accrue interest at a per annum rate based on either (i) the base rate plus a margin ranging from 0.375% to 0.750%, determined based on the Company's consolidated net leverage ratio or (ii) the Term SOFR rate (for interest periods of 1, 3 or 6 months) plus a margin ranging from 1.375% to 1.750%, determined based on the Company's consolidated net leverage ratio, plus a credit spread adjustment of 0.100%. A hypothetical 10% change in interest rates would not have a material impact on our interest expense as of June 30, 2025.

Inflation Risk

We do not believe that inflation has had a material effect on our business, financial condition or results of operations. If our costs were to become subject to significant inflationary pressures, we may not be able to fully offset such higher costs through price increases. Our inability or failure to do so could harm our business, financial condition and results of operations.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2025. The term "disclosure controls and procedures," as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. However, any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objective.

Based on the evaluation of our disclosure controls and procedures as of June 30, 2025, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting identified in management's evaluation pursuant to Rules 13a-15(d) or 15d-15(d) of the Exchange Act during the period covered by this Quarterly Report on Form 10-Q that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

Although we are not currently a party to any material pending litigation (except as described below), from time to time, third parties assert claims against us regarding intellectual property rights, employment matters, privacy issues and other matters arising during the ordinary course of business. Although we cannot be certain of the outcome of any litigation or the disposition of any claims, nor the amount of damages and exposure, if any, that we could incur, we currently believe that the final disposition of all existing matters will not have a material adverse effect on our business, results of operations, financial condition or cash flows. In addition, in the ordinary course of our business, we are also subject to periodic threats of lawsuits, investigations and claims. Regardless of the outcome, litigation can have an adverse impact on us because of defense and settlement costs, diversion of management resources and other factors.

Since the definitive proxy statement filed with the SEC on April 30, 2025 (the “Proxy Statement”), two complaints have been filed against Shutterstock and each member of Shutterstock’s board of directors (the “Individual Defendants”). The two complaints are captioned as follows: Johnson v. Shutterstock, Inc., et al., 682860/2025 (filed in the Supreme Court of the State of New York, County of New York, Commercial Division (the “Johnson Action”) and Weiss v. Shutterstock, Inc., et al., 652853/2025 at ECF No. 1, filed in the Supreme Court of the State of New York, County of New York, Commercial Division (the “Weiss Action”, and together with the Johnson Action, the “Stockholder Actions”). The Stockholder Actions allege that, among other things, the Proxy Statement contains false and misleading and/or incomplete information regarding the Merger. The Stockholder Actions assert claims for (i) negligent misrepresentation and concealment, and (ii) negligence in connection with the filing of the allegedly false and misleading Proxy Statement. The Stockholder Actions seek an injunction enjoining the consummation of the Merger unless and until the Individual Defendants disclose the allegedly omitted material information, in the event that the Merger are consummated, rescission of the Merger and awarding actual and punitive damages to plaintiff, and an award of attorneys’ and experts’ fees.

In addition to the Stockholder Actions, beginning on April 25, 2025, certain purported stockholders of Shutterstock and Getty Images sent demand letters (the “Demand Letters”, and together with the Stockholder Actions, the “Matters”) alleging similar deficiencies regarding the disclosures made in the Proxy Statement and seeking additional disclosures to address those alleged deficiencies.

Shutterstock believes it has substantial defenses in connection with the Matters and no supplemental disclosure is required under applicable law. However, in order to avoid the risk that the Matters may delay or otherwise adversely affect the implementation of the Merger, to minimize the costs, risks and uncertainties inherent in litigation, and without admitting any liability or wrongdoing, Shutterstock has determined to voluntarily supplement the Proxy Statement as described in the Current Report on Form 8-K filed with the SEC on May 30, 2025, to provide additional information to Shutterstock stockholders. Nothing in said Current Report on Form 8-K shall be deemed an admission of the legal necessity or materiality under applicable law of any of the disclosures set forth therein or in the Proxy Statement. To the contrary, Shutterstock denies all allegations in the Matters that any additional disclosure was or is required.

Item 1A. Risk Factors.

We operate in a rapidly changing environment that involves a number of risks that could materially affect our business, financial condition or future results, some of which are beyond our control. In addition to the other information set forth in this Quarterly Report on Form 10-Q, you should carefully consider the factors discussed in Part I, “Item 1A. Risk Factors” in our 2024 Form 10-K, which could materially affect our business, financial condition or future results. During the three months ended June 30, 2025, there were no material changes to these risk factors as described in our 2024 Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 4. Mine Safety Disclosures.

None.

Item 5. Other Information.

(c) Insider Trading Arrangements

During the quarter ended June 30, 2025, none of our directors or officers (as defined in Section 16 of the Securities Exchange Act of 1934, as amended), adopted or terminated a “Rule 10b5-1 trading arrangement” or a “non-Rule 10b5-1 trading arrangement” (each as defined in Item 408(a) and (c), respectively, of Regulation S-K).
